

THE SCIO TRIBUNE

VOL. 5. NO. 10.

SCIO, LINN COUNTY, OREGON, AUGUST 17, 1916

\$1.25 THE YEAR

LINN COUNTY INDUSTRIAL FAIRS

Will Be Held at Scio September 6, 7, 8,
Harrisburg Oct. 6, 7, Albany
Oct. 12, 13, 14

The industrial work done by the boys and girls of Linn county through the influence of the school, the parents and the county school superintendent has become a great factor in the lives of many students.

In addition to the regular work done in school several hundred boys and girls of the county are now actively engaged in industrial work in gardening, poultry raising, domestic arts, domestic science and general industrial work encouraged through the school influence. As a result the work in its various forms has greatly increased the usefulness of many children regardless of grade or environment. Last year one boy was awarded second prize on his corn exhibit at the St. Paul corn show. Also two girls and two boys were sent to the State fair for its entire session, with all expenses paid by the state as a reward on having the best exhibit at the Linn County fair. A similar prize will be given this year.

In order to encourage this work to bring the home and the school closer together and to lead the boys and girls in the paths of industry, an exhibit is held each year as a part of the Linn county fair at Scio. At this fair liberal prizes will be awarded for any exhibit of merit as listed on the regular prize list. The children of the county are earnestly requested to report to the county superintendent at Albany or the secretary of the fair, Chas. Wade, of Scio.

The prospects are excellent for this year. Local fairs will be held at Harrisburg October 6-7 and at Albany October 12 to 14. Again soliciting the support of all concerned in this work, I am

Very truly,
W. L. Jackson
County Supt.

CONTEMPTABLE ACCUSATIONS

The Wilson administration may have its faults, the same as all other administrations, but to accuse it of fomenting the great railway strike in order, as a campaign stunt for President Wilson to have the glory of settling the same, is simply contemptible. There is no grounds whatever for the accusation, except in the vivid imagination of the republican campaigners.

Also, because a majority of the congressional committee chairmanships have been given to the democratic states of the south, Mr. Hughes says the administration is sectional.

As a large majority of the democratic party lives in the south or in the old time slave states, it is simply reasonable that those states should hold a majority of the chairmanships. Mr. Hughes says this fact constitutes sectionalism. If so, the republican party is also sectional; for in every republican congress since the election of Lincoln, a

Eugenic Contest

Your special attention is called to the Eugenic contest at the county fair, and all parents who desire to enter their children in this contest should do so at once.

The ages are from six months to five years of age. These entries will close September 1, in order that arrangements may be made for the examinations.

Scio Schools, Get Busy

We want our school exhibit at the Linn County Fair this year to be first class and also to be a prize winning exhibit too. Now is the time to begin getting canned fruits, jellies, etc., garden vegetables,

grains, bird houses, poultry of every description, dresses and aprons ready.

Let us all pull together to put our school in the first rank. Parents may be of great assistance to their children by helping them plan their work as well as to encourage them in the execution of their plans.

Other schools are coming with their best work and are expecting to take away every prize. Shall we do our best to capture at least a few of the prizes?

Now boys and girls lets all do our level best to have a fine display ready when the time comes for our school exhibit in September.

Wishing you all a very happy summer vacation, I am

Cordially yours,
O. V. White.

Doug Hamilton Writes

The Tribune has just received a letter from Doug Hamilton who dates it from the asylum. He says he was not crazy at that time (referring to the cause of his arrest) but was not feeling well. He insists that he is not crazy and if they will turn him out he will behave himself. He is very anxious that his horse "Rawly" shall be well cared for and sends his regards to his friends in Scio. He wants all the people to write to him.

Good printing can be obtained only where the proper types, presses, material and expert workmanship is found. The Tribune office possesses all of these requisites and the prices are right.

WILSON CONFERS ON STRIKE ISSUE

Both Sides Are Heard at the White House—A Compromise is Possible

Washington, Aug. 15.—President Wilson conferred today with both parties to the threatened country-wide railway strike and tonight it appeared that sufficient foundation had been laid to furnish a working basis for a settlement of the differences of the employes and employers. The president will meet both sides again tomorrow.

At the conclusion of today's conferences the president issued this statement:

"I have met both sides and have gone over the case with the utmost frankness. I shall not be able to judge until tomorrow whether we have found a feasible basis for settlement."

The foremost questions are what shall be arbitrated, if arbitration is to be resorted to, and what form of arbitration shall be adopted. Representatives of the employes maintain that their demand for an eight-hour day and time and a half for overtime is the only concrete proposition under discussion. They insisted to the president in their conference today that the railroads make some definite counter proposal.

If the railroads submitted some proposed form of settlement, they said, they would be ready to discuss negotiations further.

The employes are understood to be ready to consent to the principle of arbitration if the contingent proposals of the managers, which the men contend involve rights they have won in 30 years' efforts, are eliminated from consideration, and if arbitration is conducted by a board on which all four brotherhoods are represented.

While representatives of employes insisted they had not yet agreed to arbitrate any feature of their differences there was a growing impression that arbitration, or some form of compromise would be agreed upon. At no time, it was said, did the representatives of the men indicate that unless their terms were granted unqualifiedly they would go on strike. Both sides refused absolutely to discuss their meeting with the President or venture any forecast on the probable outcome of the negotiations, but leaders of the two factions were optimistic tonight that a strike would be averted.

Special Prize

A special prize of \$10 cash is offered by the Chas. H. Lilly Co. of Seattle, for the best display of garden vegetables raised from Lilly's seeds.

Card of Thanks

We desire to tender our sincere thanks to our neighbors and friends for their kindly assistance during the long illness, death and burial of our wife and mother. Also for the many beautiful floral offerings.
Geo. Gibbons and family.
