Small timber fires are reported to have occurred up in the Cascadia country, though no material damage was done. Lightning on Sunday may have started other fires. But danger for the season is now regarded as past.

New Ferry in Commission

County Commissioner Butler arrived in town Friday evening from the south bound Portland train. He stated the new ferry boat to operate across the North Santiam near Shelburn was ready and the service would be inaugurated just as soon as the bank on the Marion county side was graded down so that travel could get onto the boat. He thought this work would be completed on the following day. He was unable to state who would be the new ferryman, as the Marion county court was to employ him.

Food Gamblers Hard Hit

New York, Sept. 4.—Food dealers who gambled on the expected isolation of New York from outside supplies as a result of the threatened railroad strike and held back shipments to unload at famine prices, found themselves today overwhelmed by their own plot.

Prices suddenly collapsed with the averting of the strike and the food gamblers were caught with vast quantities of supplies on their hands. One speculator is reported to have lost hundreds of thousands of dollars.

A True Progressive

Judge Albert D. Norton, the Missouri Progressive chieftain heretofore intimately associated with Roosevelt and other progressive leaders, and candidate for governor of Missouri on the progressive ticket in 1912, has announced his support of President Wilson and will take an active part in the campaign. He has resigned from the Missouri Appellate court, to which he was elected for a twelve-year term as a republican, so that he can consistently support the democrat candidate.

Judge Norton says that Wilson has demonstrated real progressive ideals, while Hughes is a typical New York lawyer wedded to the ideas and ideals of Big Business. He contrasts the federal reserve law, the rural credits law, the child labor law, the proposed scientific tariff commission and the shipping bill, all Wilson measures, with Hughes' opposition as governor of New York to the income tax amendment and his veto of the two-cent fare rate bill, and the total lack, as evidenced by his speeches, of any real constructive program.

Judge Norton asserts that a great many true progressives, resenting the betrayal of the party by former Bull Moose leaders, will support Wilson.

Hon. Geo. W. Bingham, of Salem paid The Tribune office a visit Wednesday afternoon, but as the editor was at the fair grounds, we failed to meet. The judge is a candidate for circuit judge.

Hon. T. A. Rinehart, of Salem, was a visitor at the fair Wednesday, shaking hands with the people. Judge Rinehart is a candidate for circuit judge.
