For Sale—Close in acreage to Lebanon, acre tracts, highly developed. Easy terms, interest 6 per cent. Write Helen V. Crawford, Lebanon, State Senator Sam Gariand and E. D. Cusick were at Lacombe Tuesday talking in favor of bonds. The Tribune makes a rough guess that they did not accomplish much.

Every man to whom the petition was presented to purchase a municipal flag, contributed, with the exception of three or four. But there will always be slackers.

The Scio schools have been moving like well oiled machinery during the past year and, with the efficient corps of teachers selected, our next year will be fully as prosperous.

Walter Bilyeu, of the depot auto stage line, was out dragging North street Tuesday morning. The auto stage had abandoned this short stretch of road as being unuseable.

Jerry Keeney, who is known to many people about Scio, came up from his home in Oakland, Cal., some days ago to look after business and visit relatives in Sweet Home.

Dr. Hobson returned from Portland Wednesday morning. He did not sign up for the army as he would be placed in the medical reserve with the time for his call into the service indefinite.

Let us not allow the municipal flag proposition to die. If our boys have sand enough to enlist in the army or navy, the rest of us should have patriotism enough to buy a flag to celebrate the victories they may help to win.

P. H. MacDonald and Roll Morris drove to Portland Tuesday in the MacDonald car, expecting to return on the following Friday. The opening of the base ball season was the probable attraction. It is intimated that Roll will drive back a car of his own.

One of Linn county's oldest pioneers passed in the death of Mrs. Susana Peterson, of Lebanon. Mrs. Peterson was born in Kentucky in 1825 and came to Oregon in 1845. She had lived in and near Lebanon for 71 years. Petersons butte carries the family name.

Davis Leininger, Albany's boy harpist, will give a recital at the High school Monday night. Mr. Leininger is worth hearing.

Portland and San Francisco opened the baseball season in Portland Tuesday afternoon, with a 14-inning game, each team making one run.

Errol Sims and Gail Jones left this morning for Vancouver, Wash., there to join the recruit squad which will go to Fort McDowell, Cal., next week.

Albany real estate men say there is more inquiry for farms now than for the past five years. A number of sales and exchanges have been made lately.

Oscar Lindley has resigned his position at the condensery and has accepted a position as salesman in a store at Silverton. He and his wife went down to that thriving city Wednesday.

Gail Jones came up from Vancouver, Wash., Tuesday evening, where he has enlisted in the regular cavalry. Gail will leave with a bunch of recruits for Fort McDowell, near San Francisco, next Monday.

Some of our Lacombe friends may be persuaded to support the road bond scheme, but they will never get a particle of benefit therefrom. In fact it will cut the amount of road money they receive from the county by the amount the $\frac{1}{2}$ mill levy and automobile tax would produce. It means only a little more volunteer work boys.

Co-operative canneries seem to be winning out in other localities. Why cannot Scio farmers and business men bring about one in Scio? There is no better section for the production of fruits and vegetables than we have about Scio. We will never get anywhere without we make an effort. If every farmer would risk the expenditure of \$50 for this purpose, it would come back to him in hundreds later on.

Undertaking

We are now able to give you a better service in our undertaking department than ever before. We have just purchased a fine and up to date hearse and our stock of undertaking goods are very complete. We carry only our own stock and therefore are in a position to give you prompt service and better prices, nor you do not have to pay for extra auto trips. Also, we have had fifteen years experience in undertaking and can properly take care of any case. Our work is guaranteed in every respect. We are at your service day or night.

Yours truly,
Chas. Wesely.

To the Public

We hope the good people of Scio and vicinity will pardon us for making this announcement through your paper, though under the circumstances it seems we are compelled to do so in order that you may not be misinformed in regard to our undertaking business. However, we do not wish to place in your paper any misleading statements.

In the first place our stock belongs to us and no other. Mr. Lowe has had 16 years experience, some of which has been under the best embalmers of the coast, besides a diploma from the Cincinnati College of Embalming and Sanitation, also a state license to practice. As to his work, will let the people be the judge.

We endeavor at all times to give the very best service that can be had, with no extra charge whatsoever for auto hire, as intimated. Our prices are as low, and if anything, more so, than any in the county; we are sure our patrons will bear us out in this statement, especially those who have purchased funeral supplies before we came in to the field, and since. Our stock and equipment is complete, and when one is so unfortunate as to have to secure our services, we will endeavor at all times to do all in our power to render them assistance in any way available. This business consists not in selling goods only, but to do all in our power to lighten the burden of those in time of trouble.

Yours for gentlemanly, honest and courteous treatment.

Very respectfully
Morrison & Lowe
Undertakers.

EFFICIENT Epsom Salts

Have you ever noticed how Epsom Salts, after being kept for some time changes to a white chalky condition and loses its efficiency? This is due to the chemical change occasioned by exposure to air, or imperfect storing. You'll always find our Epsom Salts bright, clear, clean crystals and full strength. This is a little thing, but we give careful attention to the smallest item carried in stock as well as to the smallest detail of business which may effect the efficiency of our service.
