We carry only STANDARD goods that have a national reputation at Peerys and they are sold at the universal prices.

Our roads are unusually bad, this year, because of the long spell of wet weather and inability of farmers to get to work on them.

Nevertheless the price of all kinds of feed is high, farmers will be wise if they grow all the young stock they can. Especially ought the practice of butchering calves for veal be stopped. The future price of beef depends on a larger production of animals.

Now if Scio farmers and business men will organize a co-operative cannery and lumbermen will establish a milling plant, the pessimists can stand on the street corner and watch Scio grow.

A NEW DEAL

On November 1, I purchased the Densmore-Wade Produce business and have been in charge of the same since that date.

I am in the market for your Eggs, Chickens, Geese, Ducks, Turkeys, Dressed Hogs, Veal etc., for which I will pay the highest market price. My weights are right and I will treat you fairly. I want your Cream as well. Bring it to me in good condition, you will be satisfied with the tests and the price. I am at my place of business from 5 a. m. until business closes in the evening, so that you will always find me on hand. Give me a trial and if I don't treat you right, go elsewhere

The War Situation, High Prices, a Late Spring

There is absolutely no chance for relief from these first two great issues for many months to come, but the late season will soon be forgotten when the weather does warm up, seed time will be followed by a rapid growing season and then the abundant harvest which never fails to come to our beautiful Willamette Valley

HOW OLD ARE YOU?

This is not a "war census," we want the men and boys 5 to 85 years of age, for we are fully prepared to clothe them completely in all their needs. To the left is a conservative style suit for men of middle age or with conservative ideas. We have hundreds of these styles in all sizes and colors, and it is our special pride that we are now selling gray-haired men these styles when 30, 40 or 50 years ago they were wearing our Knickerbocker suits and they have been our customers since that time.

To the right is one of our clever young fellows suits, one that is a favorite with a great many this year: but we have many other styles, and can fit any young fellow.

Regarding High Prices

There have been advances in all lines of goods, but only a few things that are very much higher, and we are doing every thing possible to hold the retail price down. Shoes have made the greatest advance of anything in our line, while overalls and other denim goods are considerable more. Hats, shirts, underwear and furnishings are only slightly higher. Remember it will pay you to come to Albany for your spring shopping. We can save you money and show you a very large line of all kinds of merchandise.
