Some of those who contributed towards the purchase of the municipal flag are wondering why the flag has not arrived. When the order was sent in, Portland was entirely out of flag material. The material which should have arrived there about May 1, has not yet arrived. So we will have to be patient a while longer. We would have been pleased to have the new flag for Memorial Day, but are disappointed.

Proper Food for Weak Stomachs

The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating they should take Chamberlain's triblets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

Economy

The Best is Always
Cheapest in the End

The value of drugs or of a prescription is not in the price you pay—it's in the good they do. The failure of customers to demand drug quality is often responsible for serious results. All drug buyers should know that quality is the true test of cheapness. The same truth also applies to the buying of drug sundries. Compare our prices with those asked elsewhere and carefully note the comparative quality of goods. If you pay higher prices than we ask, you pay too much, if you pay less than our prices, you get inferior quality. Best quality at lowest cost is a rare combination, but that is just what we offer you.
