AND SANTIAM NEWS, CONSOLIDATED

VOL. XX. NO. 50.

SCIO, LINN COUNTY, OREGON, JULY 19, 1917

\$1.50 THE YEAR

## OREGON NEWS NOTES OF GENERAL INTEREST

### Principal Events of the Week Briefly Sketched for Informa- tion of Our Readers.

Rainier held its third annual sweet pea show last week.

Linn county now has 18 branches of the Red Cross society.

The Albany fruit juice factory began pressing loganberries Monday.

The Oregon state pioneers' annual reunion is to be held in Portland Thursday.

Bank deposits in Yamhill county show an increase of nearly \$1,000,000 for the year.

Albany employees in the fire and street departments may be increased \$10 a month.

Albany may soon employ a motorcycle policeman to catch violators of the city speed laws.

The southern Oregon chautauqua opened at Ashland last week with the largest crowd in its history.

Fires burning in the brush above Mabel, near a rich timber region, have been causing some concern.

The U. S. senate has decided to hold memorial services for the late Senator Harry Lane of Oregon on August 12.

Two forest fires last week threatened valuable timber, one in Columbia county and the other in Tillamook county.

John Livingston and his son Evert, homesteaders near Estacada, are believed to have drowned in the Clackamas river.

The body of Mrs. Elise Widmer, of Silverton, was found in the Willamette river at Albany. She had committed suicide.

Coots Bay was selected as the next place of meeting of the United Swedish Singers of the Pacific coast at the close of their convention at Tacoma.

All troops in the Oregon national guard not now in federal service, with the single exception of staff corps and departments, will be mobilized on July 25.

Robert Booth, pioneer minister, last of those closely identified with early religious work in Oregon, died at the home of his son, R. A. Booth, in Eugene.

A company to be known as the Pacific Coast Linen Mills, with a capital stock of \$250,000, has been organized to manufacture flax and hemp products in Portland.

Professor M. B. McKay of the department of horticulture at the Oregon Agricultural college has been called to eastern Oregon to investigate a serious potato disease.

Five visitors to the state druggists' convention at Seaside were seriously injured while taking a spin in an auto to Cannon beach, when the machine ran into a crab-hole and overturned.

The men injured are: C. A. Skelton, Portland representative of the United States Rubber Co., two ribs broken; W. L. Ferdon, of San Francisco, back injured and cut about the face and legs; A. W. Allen, secretary of the association, face cut and teeth jarred loose; Glen D. Hart, of Portland, bruised about the head and body; W. R. Sawyer, knee injured and body bruised and cut.

Hundreds of trees in the Long Tom district of Lane county, infected with fire blight, have been cut down and destroyed during the last few weeks upon the direction of C. E. Stewart, county fruit inspector. The field of his operations have extended as far north as the Benton county line. The blight, which is declared to be the worst disease known to attack fruit trees, has been spreading badly among the wild hawthorne and crabapple trees in the Long Tom bottoms. The only remedy is the destruction of the trees. A few fruit trees on farms in that region were also found to be infected and were destroyed.

## On Annual Outing

Dr. A. G. Prill left Monday morning for his annual outing at Camp Prill on Marion lake, expecting to be gone for a week to ten days. He joined the rest of his party on the train at Munkers, the personnel of whom are Dr. Dale, of Harrisburg, Dr. Campbell, Mr. Overbeck, James Morris and R. C. Winters, of Portland. Camp Prill was established by the doctor, whose name it bears. The camp is composed of a good cabin, cooking utensils, boats, etc. and a jolly time is had by the members of the camp association there every year. Dr. Prill has been spending his annual outing at this place for the past ten or more years.

## Engine Installed

The Sanitary Market has installed a boiler and engine for sausage making, rendering and cooking purposes. The market from now on will be steam renovated and kept in the most sanitary condition possible.

## California Crops Are Good

D. C. Thorsen, manager of the Scio Milling Company, made a trip to San Francisco. Being a miller he was naturally interested in the wheat crop and his attention was given to the outlook from the car window and to personal conversation with growers. The general report was from 15 to 30 sacks per acre or 30 to 60 bushels. Other crops looked correspondingly well.

## GREECE ENTERS WAR

Considers Herself a Belligerent and Army Soon to Be Mobilized.

Washington.—Washington has been officially advised that Greece has not only severed relations with Germany and the three other central powers, but is actually in a state of war against them. France has been notified that Greece considers herself a full belligerent and will act accordingly.

Greece is expected to lose no time in mobilizing her war resources and joining effectively in the allies' operations in the Balkans.

Commissioner Jornart, whom the allies entrusted with enforcing Constantine's abdication, has reported that a Greek army of 250,000 will be raised to add to the 700,000 allied soldiers already in the Balkans.

## Seattle Car Men Walk Out.

Seattle.—Between 1500 and 1600 members of the Amalgamated Association of Street and Electric Railway Employees employed by the Puget Sound Traction, Light & Power company, which operates most of the street railways of Seattle, went on strike Monday night.

Figures from the forthcoming Oregon blue book, which will be issued by Secretary Olcott shortly, show that in the eight regular and two special elections since 1902, at which initiative or referendum measures have been voted on, a total of 155 measures have been submitted to the people. Of this number 56 have passed and 99 have been defeated.

Following a conference between Governor James Withycombe, Adjutant General George A. White and State Fire Marshal Harvey Wells as to the I. W. W. situation in eastern Oregon the adjutant general announced that there is in process of formation a battalion to be made up of men of experienced military training, to be stationed permanently in Oregon for home defense.

## BETHMANN-HOLLWEG

Former Chancellor Von Bethmann-Hollweg, who was forced to resign as a result of internal troubles in Germany.

## MOBILIZATION OF GUARD IS BEGUN

Washington.—Mobilization of the national guard began Monday.

While no orders for embarkation of state troops for France will be given until after August 5, when the entire force will be formally drafted into the United States army, there are indications that some divisions will be regarded as ready to board transports soon after that date.

Rapid progress is being made in relieving guard regiments which have been in the federal service since the declaration of war guarding property. This work will be taken over largely by civilian watchmen.

Departure of the guardsmen for France, it was indicated, will be governed by the shipping problem.

War department officials regard many divisions of the state troops as virtually ready now for the intensive training behind the fighting line in France which will prepare them for their place in the trenches. There is no reason why some elements could not go forward at once, except lack of transportation and the submarine menace.

## EUROPEAN WAR NEWS

The reports from Berlin show that the reichstag has gone on strike against the crown and the military party, apparently in the interest of a parliamentary system of government. In Champagne to the north of Mont Haut and northeast of The Teton, the French in a violent attack captured powerfully organized German trench elements on a front of more than 800 yards and to a depth of more than 300 yards.

By the capture of Bukazowice, on the Gnita Lipe river, the Russians are now less than 45 miles from the Galician capital, on the southern side. This represents an advance of more than 17 miles in the Stanislaw-Halicz-Brzezany sector since General Korniloff opened his offensive.

The peace clamor is growing both in Germany and Austria-Hungary. Part of the trouble between the reichstag and the governing class is over the government's persistent declination to state Germany's peace terms on the basis of the non-annexation demanded by what now comprises a majority block in the reichstag.

## Drowned at Waterloo

William Zimbrick, aged 19 years, was drowned at Waterloo last Sunday afternoon. Zimbrick was a good swimmer and dived from a rock near the falls. When he came to the surface he called for help. Despite the fact that a large number of others were bathing at the same time, no one could or would go to the rescue. The body was recovered at or near the bridge two hours later. Efforts were made with a pulmotor, but was without avail. Zimbrick was a farm hand at Sodaville. His home was at Beaverton.

## Red Cross Meeting

The Scio contingent of the Red Cross will meet at the Christian church Friday night. The membership roll is still open for signatures and everyone is cordially invited to become identified with the movement.

## Wall Paper Display

Peery's Drug Store has evolved a very original and satisfactory scheme for displaying wall paper. A sample of each design in stock is draped over a frame work above the shelving entirely around the store, showing a four foot strip of paper with border attached and an eighteen inch piece of ceiling above.

It takes but a few minutes to make a selection from the entire stock, whereas, in the olden days it took several hours of the proprietors and customers time and finally a selection was made from a dozen or so samples that had been scattered about the store.

## Get Your Draft Number

The Tribune now has the official numbers of men subject to draft for North and South Scio, Shelburn, Jordan, Providence and Santiam precincts.

It is important that every young man should know his number, so that he can respond when called without the formality of official notice. The drawing will be made at Washington, D. C., next Saturday.

## REPUBLICANS TAKE PEKIN

Complete Restoration of Republic is Indicated by Decisive Victory.

Washington.—The occupation of Peking by the republican forces, following the surrender at Fung Tai of the Monarchist army of 10,000 men, indicates the complete restoration of the republic, the Chinese legation here declared.

Order in the capital was restored with few casualties. The advices said that two foreign civilians and four foreign soldiers who ventured to the firing line were slightly wounded.

Chang Hsun, who led the revolt of the imperialists, took refuge in the Dutch legation in order to obtain safe conduct out of the country. Premier Tuan Chi Jui will establish republican headquarters in Peking immediately, it is said.

## German Attacks Repelled.

Paris.—A strong series of German attacks between the Somme and the Aisne and in the Champagne were repulsed everywhere except near Mont Haut in the Champagne, where they retained a few trench elements, the war office announced.

## GERMAN IMPERIAL CHANCELLOR RESIGNS

### Dr. Georg Michaelis Appointed to Succeed Von Beth- mann-Hollweg.

London.—Dr. von Bethmann-Hollweg, the German Imperial chancellor, has resigned, according to messages circulated through the wireless stations by the German government.

Dr. Georg Michaelis, Prussian under-secretary of finance and food commissioner, has been appointed to succeed Dr. von Bethmann-Hollweg.

Rumors of the abdication of the kaiser were not confirmed.

A Berne dispatch says an official telegram has been received there from Berlin announcing the resignation of General von Stein, the Prussian minister of war. The importance of his resignation lies in the fact that the Prussian war ministry is in reality the war ministry for the German empire and that General von Stein is a staunch supporter of the Pan Germans, who are the bitterest opponents of peace without annexations or indemnities.

The political turmoil which has been convulsing Germany ever since Russia's first startling success on the resumption of her offensive has culminated for the present in the resignation of the imperial chancellor, Dr. von Bethmann-Hollweg, but all indications serve to show that his resignation, far from being the last act in the drama, is but the beginning of far-reaching developments which are bound to affect the fabric of the German empire and have momentous consequences on the progress of the European struggle.

## Russians Advance Captures Villages.

Petrograd.—On a front of nearly 50 miles from Halicz to the foothills of the Carpathians the Russians have advanced westward across the Lomnica and north across the Dniester, capturing several villages and important enemy positions.

## 1200 I. W. W.'s Placed in Camp.

Columbus, N. M.—The 1200 Industrial Workers of the World banished from Bisbee arrived here from Hermans, N. M., and were placed under guard of United States troops.

## Colorado Woman N. E. A. President.

Portland, Ore.—Mary C. C. Bradford, superintendent of schools of Colorado, was elected president of the N. E. A. at the annual business meeting.

## Avoid all Common Forms of Contagion

All infectious diseases such as scarlet fever, diphtheria, small pox, and other dangerous diseases are produced by germs.

These germs can be destroyed by a good disinfectant.

We have every disinfectant and fumigator that is recommended for the purpose of household sanitation and can give you full instructions as to their use.
