

Best Remedy for Whooping Cough

"Last winter when my little boy had the whooping cough I gave him Chamberlain's cough remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. "It kept his cough loose and relieved him of those dreadful coughing spells. It is the only cough medicine I keep in the house because I have the most confidence in it." This remedy is also good for colds and croup.

Notice to Creditors

Notice is hereby given that the undersigned, by order of the County Court of Linn county, Oregon, has been appointed and is now the duly qualified and acting executor of the estate of Charles Wesely, deceased, late of said county and state.

All persons having claims against the estate of said deceased are required to present the same with the proper vouchers within six (6) months from the date of this notice to the undersigned executor at his residence in the city of Scio, Linn county, Oregon.

Dated this 10th day of July, 1917.
JOSEPH F. WESLEY, Executor.

Road to Happiness

Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult if not impossible however, when you are constantly troubled with constipation. Take Chamberlain's tablets and get rid of that and it will be easy. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

The annual meeting of the Oregon State Editorial association closed at Pendleton with the election of the following officers: A. E. Voorhies, president; George H. Currey, Jr., vice-president; Phil S. Bates, secretary, and E. E. Brodia, member of executive committee.

Owing to the fact that the merchants and business men of the The Dalles have subscribed liberally to liberty bonds and Red Cross funds and further that there will be additional call for money, it has been deemed wise not to hold the Wasco county fair this fall.

Unless the greatest precautions are taken this state will suffer heavy losses from forest fire this year, according to State Forester F. A. Elliott. He bases this prediction upon the unusually dry season and the difficulty, owing to the dry timber, of controlling fires once they get started.

The Oregon & California Railroad company, which owns the main line operated by the Southern Pacific in Oregon, received during 1916 as income from lease of road the sum of \$1,840,748, according to the company's annual report filed with the public service commission.

Opening of the Oregon & California grant lands, for which arrangements have been practically completed by the general land office, is clouded with uncertainty as a result of the attorney general's opinion advising against payment of any penalties or interest on taxes to be paid by the government.

Following action taken at a meeting of the board in Portland on June 1, the state game and fish commission has posted Hood river and Herman creek of Hood River county as salmon spawning streams, and following July 28 the streams will be closed indefinitely to all forms of fishing except angling with hook and line.

Sea weeds and seaweeds may find their way to Oregon tables if investigations now being conducted by University of Oregon faculty members disclose that these products of the Pacific Northwest are valuable as food.

Many small dairymen in Linn county who milk from three to half a dozen cows expect to go out of the business this fall owing to the heavy expense in complying with the inspection law enacted with a loss of nearly \$28,000.

Six steel steamers, each of 8500 tons deadweight, will be turned out at Portland for the republic of France, four contracts having been closed with the Northwest Steel company and two with the Columbia River Shipbuilding corporation.

The chamber of commerce of Grants Pass has arranged, subject to the approval of State Fire Commissioner Harvey Wells, for the conducting of classes in fire fighting methods to teach constables of rural towns and villages modern methods of handling fires.

With proposals which will be prepared soon for advertising still further work on the Columbia highway in Hood River county, the work so far mapped out for the year by the state highway commission is a little in excess of \$1,000,000.

During the past week 335 accidents, of which three were fatal, were reported to the state industrial accident commission. The fatal accidents were Jasper Howell, Austin, sawmill, Bert Manning, Westport, sawmill, and Otto Timm, London, logging.

At the next meeting of the state highway commission Friday, July 20, bids will be received for paving work involving the expenditure of over one half million dollars.

Appeals to the supreme court will be prosecuted in practically all the Benson & Hyde cases, according to Judge A. C. Shaw, of Portland, one of the attorneys in the case.

Contracts were closed at New York between the Foundation company, of that city, and representatives of the French government, whereby the former will construct 40 wooden steamers for France. Twenty of the vessels will be built at Portland.

Application for permit for the irrigation of 2700 acres of land in lower Powder valley, Baker county, has been made State Engineer Lewis by F. A. Phillips, Russell Ingle and A. N. Ingle.

Eastern Oregon has for the past two weeks sweltered under a hot sun, and as a result wheat harvesting preparations have been hastened, and it is likely harvesting will begin within the next few days.

In compliance with the request of the highway commission, the state board of control decided to issue bonds totaling \$400,000 to procure funds to match the federal appropriation for highway work in this state.

Proper Food for Weak Stomachs

The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating they should take Chamberlain's tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

GRANT SIX WINS!

Supreme In Endurance Among Light Sixes

WITHOUT a single repair, replacement or adjustment, carrying 800 pounds of baggage and four men, a stock GRANT SIX has just won the greatest endurance feat ever under-taken by a light six.

Never before has the sturdiness of a motor car been put to such a test—yet after sixty days of terrific struggle with the worst snowstorms in twenty-five years the GRANT SIX conquered.

When the GRANT SIX started from Sacramento to go over the summit of the Sierra Nevada mountains people said the task was hopeless—today the victory is the talk of the coast. Let us give you further details about this amazing trip.

The qualities which made possible this remarkable achievement, the

strength, the sturdiness, the power of the car are in every GRANT SIX that is sold.

Sturdiest among light sixes, the Grant is also the most economical. Owners average 20 miles to a gallon of gasoline and 900 miles to a gallon of oil.

Speedy, powerful, good looking, and above all, comfortable, the GRANT SIX at \$875 is the sensible car for the average man.

Though you may pay hundreds of dollars more for a motor car you will get little more than GRANT SIX gives you.

There will be a buyer for every GRANT SIX that can possibly be produced this year. Get yours now—before it's too late
