AND SANTIAM NEWS, CONSOLIDATED

VOL. XXI. NO. 14.

SCIO, LINN COUNTY, OREGON, NOVEMBER 8, 1917

\$1.50 THE YEAR

OREGON NEWS NOTES OF GENERAL INTEREST

**Principal Events of the Week
Briefly Sketched for Infor-
mation of Our Readers.**

The Polk-Yamhill-Marion Medical association held its monthly meeting at Dallas.

Oregon Agricultural college alumni has 18 per cent of its membership in national service.

A severe earthquake shock was felt in the Lakeview section at 5:45 o'clock Saturday morning.

Forty thousand young trout have recently been planted in the northern part of Klamath county.

The Oregon Poultry and Pet Stock association will hold its annual show in Portland December 3 to 8.

James Joseph Coyle, for 65 years a resident of Oregon, died at his home in St. Paul. He was 70 years old.

Oregon's quota of aircraft for that it is to supply for government uses has been announced as 4,500,000 feet.

The grain and provision store of Charles Burkhalter at Grants Pass was destroyed by fire with a loss of \$30,000.

A public meeting to organize a Benton county agricultural council will soon be called by the county agricultural agent.

Boys at the state training school for boys contributed \$13.29 with which to buy Christmas packages for the soldiers in France.

Earnings of paroled men since July, 1915, total \$235,473.77, according to a report of Parole Officer Keller, filed with the governor.

Polk county has dug the greater part of its potato crop, and in almost every district about one-half of a normal yield is reported.

Through the office of the Wheeler county agricultural agent, a carload of rye has been distributed among the farmers near Fossil. A shortage of rye seed necessitated a shipment from outside points.

The second annual home-coming week-end at Oregon Agricultural college, inaugurated as a custom of the institution last fall, is to be staged this week, with a program crowded with athletic contests.

Bids were opened by the state highway commission Tuesday for grading the Wolf creek hill, in Josephine county, a distance of approximately five miles. This is one of the worst hills on the Pacific highway.

Will Raise Fine Sheep

E. C. Peery and S. Philippi have formed a co-partnership for the purpose of breeding and raising fine sheep.

Nothing but the best of registered stock will be purchased which, it is expected, will cost approximately \$50 per head. As a starter they expect to purchase about 200 head and of the Cotswold and Lincoln varieties.

The new firm ought to succeed as Mr. Philippi has the experience and Mr. Peery the money. They expect to erect the necessary barns and sheds to properly care for the animals. Each have farms which will grow the necessary feed, pasturage, etc.

Red Cross Donations

The people of Scio and vicinity will soon be called upon to again donate to Uncle Sam's Red Cross fund and, it is hoped, a liberal response will be accorded the solicitors. None of us can afford to shift responsibility nor treat this matter lightly. The grave conditions facing us are too apparent to admit of argument. We must meet these demands made upon our pocket-books that our boys at the front, who are fighting our battles, may receive the necessary care and protection they deserve.

Our duty is plain and we will face the issue as true and loyal American citizens. If every man and woman in this community will each give one dollar, we will be able to raise \$300 which has been allotted as our share. Will we do it? We must!

E. C. Peery
Campaign Mgr.

\$25 Reward

I will pay a reward of \$25 for the arrest and conviction of the party or parties who destroyed fencing about my residence property on the night of October 31.

Dr. S. C. Browne.

COUNT VON HERTLING

Count von Hertling, Prime Minister of Bavaria, who has been appointed German Chancellor.

BOARD ANNOUNCES SHIP WAGE SCALE

San Francisco.—Uniform minimum wage scales for the Pacific coast shipbuilding yards, a guide for all shipyards in the country, were announced by the United States Shipbuilding Labor Adjustment Board. The decision affects an increase of from 10 to 20 per cent over the old scale here, although its uniformity makes it lower in some localities than the temporary scale now in force.

The decision, the first one to be handed down by the board, declares that employees "discrimination, interfering with the defense of the nation in time of war, against so-called 'unfair materials' would be intolerable." Ex-Governor Henry McBride, of Seattle, for the Puget Sound district, and Richard W. Montague, of Portland, for the Columbia river district, were appointed examiners for the United States Shipbuilding Adjustment Board.

Estray Taken Up

I have taken up and now have in my barn a yearling heifer calf, brindle in color, of jersey strain. The owner can have the same by proving property and paying for this notice and for the keep of the animal. Otherwise she will be sold as provided by law. Otis Compton.

Parent-Teachers Meeting

The Parent-Teachers meeting for this month will be held in the High school auditorium Friday evening, Nov. 23, at 8 o'clock. All parents and especially taxpayers are urgently requested to be present, as the subject of taxation relative to the school district will be thoroughly discussed.

By Order of Committee.

Hospital Notes

Miss Alice Pepperling, who has been seriously ill, left the hospital for her home Wednesday.

Miss Garvin, who has been nursing at the hospital, left for Harrisburg Wednesday.

Miss Laura Fink, of Jordan, entered the hospital Monday for treatment.

Mrs. K. E. Lewis left the hospital Thursday for her home at Jordan.

Trotting on the Bridge

A young man by the name of Lee was arrested Saturday evening for allowing his horse to trot when crossing the bridge. After a short hearing he was released with the warning to not repeat the offense.

As a matter of fact boys, offenses of this character must cease. The bridge is public property and will be protected from injury so far as it can be. Some boys and young men think it smart to do this. But it is not. When done wilfully it simply shows a desire to break the law in a sort of daredevil manner to attract attention.

Has Leased the St. Francis

Grant Pirtle, the popular landlord of the St. Charles hotel in Albany, has enlarged his business by leasing the St. Francis hotel, just one block east of the St. Charles, and is now operating both hosteleries, but serving meals at the St. Francis only.

Mr. Pirtle is one of the most popular hotel men in the valley and with his excellent wife as landlady, is sure to make the St. Francis the most desirable of Albany hotels to the traveling public.

The St. Francis is modern in every respect, is steam heated with hot and cold water in every room, elevator, handsome lobby and dining rooms, etc. and the price of entertainment is exceedingly modest for the accommodations furnished.

Mr. and Mrs. Pirtle will gladly welcome their old friends to the St. Francis and will exert themselves as ever to make everything pleasant for them.

Condensery Rapidly Growing

The Scio milk condensery is making rapid strides forward and seems destined to become one of the leading manufacturing concerns in the Willamette valley in this particular line.

As soon as the present company took charge of the plant, improvement was the order. The building was enlarged to double its former size and from \$15,000 to \$20,000 in new machinery was ordered, among which a new evaporating pan, six feet in diameter, being the largest size pan made and costing near \$6000. A new and larger boiler for steam purposes also has been added, besides several new machines this writer knows nothing about.

Milk is being received by rail from north, south, east and west, besides by trucks and wagons from milk routes direct. More than 30,000 pounds of milk is now being received daily and, it is expected, three times this amount will be received next spring when the milk season is at its best. The plant, we are told, will soon be capable of handling 100,000 pounds of milk daily. The high price the company is paying for milk, the accuracy of test and the honesty in weighing is making the Scio condensery exceedingly popular with milk producers. The company is now distributing more than \$30,000 per month. Scio is proud of her condensery.

Special prices on a side of beef. Can you beat it? Sanitary Market.

TAGLIAMENTO RIVER CROSSED BY TEUTONS

**Increased Pressure Against
Northern Wing of Italian
Army.**

Berlin, via London.—Austro-German troops have crossed the middle Tagliamento river in northeastern Italy and taken 6000 prisoners, the war office reports. They are advancing toward the west.

The Italians have evacuated the entire line along the river to the Adriatic coast.

Conflagrations, the German statement adds, indicate that the route being taken by the retreating Italians is between the mountains and the sea through the upper Italian plain.

The official statement says that from the Fella valley to the Colbricon, north of the Sugana valley, the Italians are retreating. (This region includes the front along the Dolomites and the Carnic Alps.)

Italian Headquarters in Northern Italy.—Crossing of the Tagliamento at Pinzano by a considerable force of the enemy should not be a surprise as this has been foreseen from the heavy pressure the Austro-Germans were concentrating on the Italian left wing. The river Tagliamento is only one of a series of defenses. Its main purpose was to retard the enemy advance and to gain time for the Italians in which to rehabilitate and concentrate.

The Tagliamento has served that useful purpose and the enemy now is faced by another main line of defense and other water courses. What line the Italians have chosen for their final stand cannot be indicated.

Dr. Sanderson Will Leave Us

Dr. T. K. Sanderson, our local dentist, expects to remove to Woodburn about November 15, consequently Scio will be without a dentist thereafter, until the situation is relieved, for it is a good one. Dr. Sanderson goes to Woodburn simply because he deems the location better than Scio and not because he is dissatisfied with Scio. He has been our dentist for the past 10 years or more and has built up a good business here. The Tribune hopes he will find all that he expects in a business way at the Marion county town.

The Santiam Pharmacy

Formerly Peery's Drug Store

Shall endeavor to truly merit your patronage. Quality goods and standard prices will greet you when you visit our store.

—REST ASSURED—

that we appreciate the trade of all our patrons and know the principles of business which must be followed to retain it.

—DEPENDABLE SERVICE—
