A Warning to Farmers

Our duty to the Nation, as well
as our duty to our customers, im-
pels us to warn the farmers of this
community of the danger of delay
in placing orders for repairs they
may need this spring for their farm
machines, gas engines and tractors.

It is of the utmost importance
that you examine your farm-operat-
ing equipment without delay and
notify your dealer as soon as possi-
ble what parts you require to put
the machines in workable condition.

Unless your dealer receives this
information several weeks in advance
of the using season, he will be un-
able to obtain the parts in time for
your needs.

The manufacturers are short of
material and labor, and the traffic
conditions are causing serious delays
in transportation. More time than
usual therefore is required to fill
orders for both machines and re-
pairs.

When you order repairs early you
enable your dealer to order in large
quantities, which can be transported
by freight at a big saving of expense
as compared with express or parcel
post charges. Late ordering often
necessitates telegraphing or tele-
phoning. It is no exaggeration to
say that many thousands of dollars
are wasted in needless expense every
year as the result of delay in making
known repair needs.

This year the question of expense
is not so important as the question
of crop production, which may be
seriously interfered with by delay
in ordering repairs. All of the ma-
chines available for use this year
will be needed to increase crop pro-
duction to the extent required by
the United States and its Allies.

So important is the question of re-
pair supply, the implement dealers'
National Federation, with the co-op-
eration of the manufacturers, govern-
ment officials and state agricul-
tural colleges, has selected the week
of March 4 as

National Implement Inspection and Re-
pair Week

The United States Department of
Agriculture, the state agricultural
colleges and experiment stations and
state councils of defense are render-
ing assistance in this movement be-
cause they recognize its tremendous
importance under existing conditions.

Implement Inspection and Repair
Week will mark the end of a big
drive for repair orders for machines
to be used in the preparation of the
seedbed and in seeding spring-sown
crops. The farmer who does not
make known his wants during that
week or before will have only him-
self to blame if the parts he needs
are not supplied in good season.

Examine your machines and make
a list of broken parts.

Also list parts that are badly worn
and likely to give out before their
work is completed.

Take pains to give correct num-
bers of numbered parts and complete
description of unnumbered parts.

Give the trade name or brand of
machines. If in any case the brand
and manufacturer's name have been
obliterated, there is all the more
reason for early ordering.

Place your orders at least four
weeks before you expect to use the
machines.

We pledge ourselves to spare no
effort to obtain all needed repairs
for farmers who will co-operate with
us by making known their require-
ments in accordance with these sug-
gestions. N. I. Morrison.

Samuel W. Dugger Passes

Samuel Wesley Dugger, a sergeant
member of the Seventh U. S. Cav-
alry Band, died at El Paso, Texas,
on Saturday, February 23, because
of a second operation for gall stones.

Sam, as everybody about Scio
knew him, was born on the home
farm, near Tailman, September 9,
1874. Here he grew to ladhood,
coming to Scio with his parents in
1890. His education was obtained
in the public schools and in the print-
ing office.

Being a devotee to music, he en-
listed in the Fourteenth U. S. Infan-
try in 1906 as a member of the band,
going with his regiment shortly
thereafter to the Philippine islands.
In 1908, returning to the United
States, his regiment was stationed
at Helena, Montana, until the close
of his enlistment.

In 1909, he enlisted in the naval
station training band and was lo-
cated at Goat Island, San Francisco,
during this entire enlistment.

In 1913, he enlisted in the Seventh
Cavalry band, of which he was a
member at the time of his death, at
the age of 43 years, 4 months and 14
days.

For the past year or more, or
since the occupation of Mexican ter-
ritory by General Pershing, the Sev-
enth Cavalry has been doing border
duty, being stationed at El Paso,
Texas.

Sam will be remembered by his
Scio friends as an athlete, baseball
player, etc., and his death is a sur-
prise to them.

A telegram was received Tuesday

from the quartermaster of the regi-
ment, stating the body, with escort,
would leave El Paso at 5 p. m. Feb-
ruary 26, and was due to arrive at
Albany and West Scio on Saturday
evening, March 2.

The funeral has been arranged
for Sunday afternoon at 2 o'clock.
Mr. Willard Marks of Albany, will
deliver the funeral oration at the
grave, in Franklin Butte cemetery,
at the conclusion of which "taps"
will be sounded, announcing the com-
pletion of the burial of Scio's first
victim of the war with Germany.

Opportunities Presenting for the
Right Men

The Crown Willamette Paper Com-
pany has places for steady men at
its Camas, Washington, mill.

Camas is a town of 2500 people,
25 miles up the Columbia from Port-
land. Good school advantages, am-
usements and live churches.

The company offers regular em-
ployment; steady work. An assured
income profits a man much better
than irregular work and uncertain
pay.

Labor union declared a strike last
fall, but town has been quiet and
free from disturbance. All depart-
ments of mill in operation and have
been for weeks.

For further particulars address
H. B. McAfee, a mill employe, care
Hotel Lebanon; or inquire at The
Tribune office, Scio. No pay less
than \$3.10 for nine hours.

Two new telephones just received.
Call and see them at the central of-
fice. J. N. Weddle.

In Keeping With the Big Thought of the Day

The daily press reflects a sentiment throughout the nation which
clearly indicates a new condition.

Men are wanted everywhere. The work of this war is being
carried on largely by those who never before have been in public of-
fice or in public work. Men who have been too busy, too engrossed
with their own tasks, are leaving their work to others and giving
their time and ability to the cause which is ours, yours, everybody's.

It is a time when politics in the ordinary sense must not be con-
sidered. It calls for all the ability that can be mustered.

Oregon to be a successful part in this unit plan for the defense
of Democracy, must likewise place the thought of the times before
everything.

In another part of this paper appears the announcement of L. J.
Simpson as a candidate for the nomination for Governor on the Re-
publican ticket. Mr. Simpson was urged to become a candidate by
his many friends in every part of the state, because of his business
record, his understanding and knowledge of Oregon's resources, in-
dustries and needs; because of his public-spiritedness, which of recent
years has led him to tasks which have been more important to him
than his own affairs.

**L. J. Simpson is clearly the man who can
give Oregon the administration necessary
to this plan of National Efficiency**

His campaign will be directed straight to you as voters, as indi-
viduals who do your own thinking.

We are firmly convinced that you will not allow politics to influ-
ence your decision, and that you will vote for the man who is best fit
to help the people of Oregon, develop the state's vast resources, and
to prepare for, and participate in, the great reconstruction that is to
follow.

We believe you will weigh issues more closely than ever before,
and that L. J. Simpson will be your choice.

What You Can Do

First—Talk over his candidacy with
your friends.

Second—If you believe that L. J.
Simpson is worthy of your support
write a letter to this committee.

Suggest how his cause may be ad-
vanced. We, in turn, will tell you how
you can help.

SCHOOL NOTES

Last Friday the school had an Ar-
bor day program in the afternoon.

The Eagles played the Albany Red
Sox to the tune of 18 to 50, favor of
the Eagles.

The high school girls basket ball
team went to Lebanon but came
home with the wrong end of the
score—11 to 17.

The freshie D. S. girls served a
valentine lunch for the sophomores.
The freshmen boys want to know
when they'll get one of these treats.

Mrs. Cummings, county school
superintendent, spent Monday visit-
ing the school.

Friday night the Eagles played
the Red Sox at Albany and won by
a score of 29 to 21.

The Misses Neva Thayer, Emaline
Carson, Edris Perry, Hazel Philippi
and Messrs. Leslie Thayer and Van-
dare Bilyeu went to Albany Friday
to see the ball game.

The high school practiced their
play Monday evening for the first
time.

The high school is starting Junior
Red Cross work.

The eighth grade and the high
school are planning on a good track
meet this year.
