VOL. XXI. NO. 32.

SCIO, LINN COUNTY, OREGON, MARCH 21, 1918

\$1.50 THE YEAR

GOV. WITCOMBE ANNOUNCES CANDIDACY

Bases His Expectation of Nomination on Record Made During Present Term

If the people of Oregon are of the opinion that I have served them faithfully I should be pleased to receive a vote of confidence at their hands.

The Governor of the state has the ear of the people. It is therefore in his power to assist in creating and maintaining a healthy public sentiment on the many subjects which make for community welfare. I have been mindful of this fact, have mingled with the people and have done all in my power to promote the development of the state, to bring about the construction of good roads, to emphasize the importance of education and especially to maintain at white heat the devotion of the people to the great cause of liberty and democracy for which the country is

GOVERNOR JAMES WITCOMBE

fighting. If re-elected I shall continue to do everything I can to accomplish these ends.

Oregon has given twenty thousand of her sons to the great world war. These men are the flower of our young manhood and we have no clearer duty than that of loyally supporting them, providing for their health and comfort and safeguarding their morals. I shall continue to render them every service in my power.

Under our form of government the conduct of a foreign war devolves on the President of the United States, who is the commander-in-chief of the Army and Navy. I shall do everything in my power to assist the President in making the power of this country effective in the great world conflict. I shall particularly exercise every power and authority which I possess to promote a maximum of efficiency in our local industries which are related to the war activities. No other duty is so pressing or at this time so important as that of winning the war. No sacrifice is too great if it looks to the triumph of the forces battling for international righteousness.

I shall stand in the future, as in the past, for rigid law enforcement and for a cleaner and greater Oregon.

Oregon is firmly committed to the principles of prohibition and equal suffrage, and as they are no longer issues in this state, I shall continue to give these causes my full support.

Every legitimate phase of state development should be supported, but at this time when our country is engaged in the most terrible war in the world's history the most rigid economy in state expenditure should be observed.

We have state problems of great magnitude to be worked out: for the increase of desirable population; for the encouragement of manufacturing enterprises; for the enlargement of flocks and herds of the best breeds; for the eradication of fruit pests and other destructive agencies in orchard and farm; for the general encouragement of productiveness in all lines of endeavor; for the careful, intelligent handling of the several state institutions and their wards observing as far as possible the best lines of modern treatment while at the same time securing for these and for every department of state business the closest possible economy.

Domestic tranquillity and business confidence are intimately related to the public welfare. I shall do all in my power to promote them. I note with pleasure the growing disposition of employers and employees to consider each other's rights and to adjust differences by discussion in a spirit of fairness and equity.

The routine duties of the office will not be neglected by me, but every effort will be put forth to bring each branch of the state service to a condition of maximum usefulness. The efficiency of the service must never be sacrificed for the sake of political advantage.

I shall be mindful of the fact that I am the representative of the whole people and shall welcome suggestions from any citizen to the end that the collective wisdom may be brought to bear on all problems.

If honored by a re-election I shall continue to give the best that is in me to every branch of the public service.

Card of Thanks

We, the bereaved parents, brother and sister of the late Cyrel Arnold, desire to tender our most profound thanks to our many friends who gave us their aid and manifested their sympathy in the hour of our grief. Especially do we wish to thank the high school and Cyrel's classmates for their aid and sympathy and to all who furnished floral offerings. May you one and all receive like aid and sympathy when the final summons for your loved ones come. Mr. and Mrs. A. I. Arnold, Melvin and Mabel Arnold.

Voluntary Bankruptcy

Word was received in Scio Tuesday evening that the Scio Condensed Milk Company has been placed in voluntary bankruptcy by the Logan Commercial Company of Seattle, the owners.

New Dentist

Dr. Clarence F. Chapin, dentist, of Eugene, was in town on Thursday of last week looking over the field with a view of locating.

After talking with many of our citizens he decided the location is all right and will soon be here ready for business. He will occupy the office now tenanted by Dr. Browne.

Dr. Chapin comes well recommended. He is a graduate of the Northwest Dental College and has had three years of successful practice. The Tribune does not hesitate to say that Dr. Chapin will fill the gap left by Dr. Sanderson.

Scio General Hospital.

Dr. A. G. Prill recently leased the City Hospital and has changed the name to Scio General Hospital. Mrs. Kester, a graduate trained nurse, is in charge as matron, with Dr. Prill as superintendent. It is intended to make the hospital up to date in every respect. There is need for a hospital in Scio, for Lebanon and Albany are the nearest concerns for taking care of the sick and most people desire to visit their sick frequently.

The Scio General Hospital will admit patients under the care of other physicians than Dr. Prill, with the same costs, etc. It is not always that the sick can be properly cared for at their homes. The distance and time required for the doctor to visit them at their homes make the cost high. Moreover, a doctor can and does give his patient at the hospital more frequent care. Dr. Prill has certainly made a move which will be appreciated by the people of Scio and vicinity.

THE LOYALTY OF AMERICAN LABOR

The resolutions passed on Washington's birthday by the American Alliance for Labor and Democracy have the patriotic ring.

With a preamble briefly stating the real issue of this war and reciting America's traditional stand for democracy and freedom, which tradition has always been upheld by American labor, the resolutions declare steadfast loyalty to America's enlightened cause and recognize that this great struggle is essentially labor's war.

American workmen cannot discuss international or other questions with enemy nations so long as they remain autocratic, say the resolutions, and the alliance is one with the whole people of America in their purpose to exert every effort to bring about the final overthrow of democracy, and guard jealously our own democratic institutions.

The fact that this is labor's war is recognized by no element more clearly than it is by the American workmen. They know that their opportunities lie in freedom and not

in autocratic rule. The part that they play in this crisis in the world's affairs is of tremendous importance; that they recognize and acknowledge the situation is something the Nation is grateful for and proud of.

A Soldier's Letter

We make extracts from a letter recently received by his brother and written by James A. Dobrovsky, Company E, 20th Engineers, now at Washington, D. C.:

"We got here on the 3d and have been busy sight seeing and drilling. We've all had a shot in the arm (inoculated) and some of the boys got quite sick for awhile. We had a nice trip, four days and nights, with a five hour layover in Chicago. We had a sleeper to Chicago and the Red Cross gave us all kinds of things en route. They were at every stopping place and gave us pies, candy, cigars, gum, apples, sandwiches, etc."

"All that I saw of the country east of Chicago didn't look good to me until we got to Pittsburgh and that is some town with its steel works and smoke and railroads. You can see engines any way you look; Portland ain't in it."

"We are pretty well fixed for clothes. I have four pairs shoes, two suits uniform, two pairs overalls, two jackets, five blankets, rain coat, and lots of lesser icks. Haven't a gun yet but may get it before we get to France; and we expect to go there soon, so you see we are moving quite rapidly."

"The weather has been fairly good, with some rain, but we don't mind that."

Republican Candidate for Governor

DR. J. E. ANDERSON

Dr. Anderson of The Dalles, is best known throughout the state as the "father" of prohibition, as he introduced in the state legislature the prohibition law of 1915 as well as the "bone dry" law of 1917. That he is proud of the title is evidenced by the fact that when he filed notice of his candidacy for Governor he ordered the words "Bone Dry; Win the War; Develop Oregon" printed after his name on the ballot. He is a native of Illinois, but has resided in Oregon for the past 16 years, all of the time in The Dalles.

B. G. Price of Scio, was registered at the Oregon in Portland, Monday. Born—March 6, to Mr. and Mrs. Roscoe Daniels, a 10-lb son.

Tom Large will handle produce and feed as well as cream.

BOY DROPS DEAD PICKING FLOWERS

Complicated Heart Trouble, Following Attack of Mumps Believed the Cause

Last Friday afternoon Cyrel Arnold, the 12-year old son of Mr. and Mrs. A. I. Arnold, of near Munkers station, with a number of other boys left the school house about two o'clock to pick wild flowers in Mr. Shope's pasture.

It is surmised the boys did more or less running which overstrained the heart action of young Arnold for, just as they started back to the schoolhouse, Cyrel fell over, dead.

Most of these were Boy Scouts and they rendered such aid as they could but failed to revive him.

The body was carried to Mr. Shope's residence and Dr. Prill called, who took the lad to the home of his parents.

Cyrel had just recovered from the mumps. Dr. Prill thinks heart action was weakened by the mumps and running and playing brought on the collapse.

The funeral occurred Sunday at Franklin Butte and was largely attended.

Mr. and Mrs. Arnold and the brother and sister have the sympathy of the entire community.

Red Cross Activities

The Scio Red Cross has two very active auxiliaries—the one in Jordan, first organized, has 90 members, mostly men. Miss Mary Dougherty is chairman; Mrs. Earl Janes, secretary, and Mrs. Kimble, treasurer.

Shelburn was organized last Saturday with 18 active members. Mrs. G. C. Miller, chairman; Mrs. S. Taylor, vice-chairman; Mrs. J. W. Miller treasurer; Miss Anna Lyons, secretary. They meet to sew Wednesday afternoons and attend the Scio sewing Thursday afternoons.

The Scio Junior Red Cross is busy with work for relief of Belgians and French. The girls are making overcoats and other woolen articles, and the boys are making joke books to help relieve the monotony of the boys in the trenches. The school has given over \$70 to the Red Cross during the year.

Toilet Water

That Reminds You of a Bouquet of Real Violets

Our toilet water is celebrated for its wonderful reproduction of the flower odor. It is refreshing and invigorating after the bath or after any form of exercise. It also imparts a delightful fragrance to the sick room. This toilet water is full strength and but little of it is required at a time. It is, therefore, more economical to use than other makes.
