A medicine-minstrel show for the benefit of the Red Cross is an event next week. These will produce it: Mrs. George Rodgers, Mrs. Hutcheson, Misses Peery, Prill, Philippi, and Messrs. Moore, Robe, Shelton, Brant and Warner.

W. G. Thomas of Wrangell, Alaska, who has been visiting relatives and old friends in Scio and vicinity and other Willamette Valley points for several weeks, made The Tribune a very pleasant and entertaining call Monday morning. Mr. Thomas has been a resident of Alaska since along in the '70s, being a trusted Government official nearly all of his time. He will start on his return home this week.

Believing that if elected I can fill the office to the satisfaction of the people of the county, I am a candidate for the Republican nomination for Sheriff of Linn County.

Through my work as Deputy Sheriff I have become familiar with the duties of the office, both in handling tax collections and other clerical work of the office; in serving papers, making arrests and all other outside work.

I was born in Linn County and have lived here all my life. As to my standing and personal qualifications I refer all voters to anyone who knows me.

If you feel you can support me for this office I will appreciate it and promise if nominated and elected to give to the office the best service of which I am capable and to conduct it economically and efficiently.

JOS. R. FRUM.

L. J. Brant of Portland, son of The Tribune's printer, is in Scio for a few days. Mr. Brant is engaged in furnishing ship knees to the yards in Portland and will look over the prospects here before returning.

Miss Metcalf and Miss Angel, both of the public schools, were passengers on the early morning train Saturday. Miss Metcalf went to Albany, and Miss Angel to North Santiam.

The pinocle club at the hotel has sort 'o drifted into "500" and nightly contests are the rule. Since our printer won the prize at the Red Cross benefit the "bunch" is trying to down him, but without success.

Jim Bilyeu is a mighty hunter. With his trusty blunderbus (.16 bore) he captured 15 gophers during the past week and put terror into the rest of the tribe, for when they found out that Jim was abroad they took to their holes.

The hotel lobby is getting anxious and wondering when that treat Vilas Philippi was to give was coming off. Inquiry as to date meets with evasive response. The best way, folks, is to have it when Vilas isn't about, and then charge it up to him.

The 4-year old son of Prof. J. W. Miller of our public schools, fell four or five feet at the family home near Shelburn, Tuesday, and bit his tongue nearly in two. At the hospital Dr. Prill had to stitch top and bottom of tongue to bring the parts together.

Perry Parker of Plainview, Ed Roberts of Lebanon, Mr. Sykes of Corvallis, and secretary of the State Farmers Union, a gentleman representing the Government and another gentleman, were over Saturday afternoon in the interest of the employment of a county farmers' agent. Something over \$20 was raised for the fund.

Our office force went fishing Sunday, not because it was St. Patrick's day but because of a desire to commune with nature in her primitive condition. "Fishing was not good" at least this was the report and the usual "fisherman's luck" was the result (you're wrong, Mr. Editor, I got wet all right but not hungry). The Tribune will try out its force once more at Isaak Walton's favorite pastime and if nothing in the shape of a mess of trout is reported we will say something.

## THE RED CROSS NURSES OF EUROPE ARE GIVING TOASTED CIGARETTES TO THE BOYS

To anyone who doesn't know of the wonderful advances that have been made in the preparation of smoking tobaccos in the last few years it may sound strange to speak of toasted cigarettes.

Strictly speaking, we should say cigarettes made of toasted tobacco; the smokers of this country will recognize it more readily by its trade name, "LUCKY STRIKE"—the toasted cigarette.

The American Tobacco Company are producing millions of these toasted cigarettes and these are being bought in enormous quantities through the various tobacco funds conducted by the newspapers of the country and forwarded through the Red Cross Society to the boys in France.

This new process of treating tobacco not only improves the flavor of the tobacco but it seals in this flavor and makes the cigarettes keep better.

The Red Cross nurse is always glad to have a cigarette for the wounded soldier, as, in most instances, that is the first thing asked for.
