The daylight saving order, which is to go into effect the last of this month by which clocks are ordered set forward one hour, is simply nonsense in the northwest. Should an order of this character be made for the winter season, there would be some sense to it. In the northwest daylight lasts from 4 a. m. to 8 p. m. in summer; in winter daylight is on from 7:30 a. m. to 4:30 p. m.

Believing that if elected I can fill the office to the satisfaction of the people of the county, I am a candidate for the Republican nomination for Sheriff of Linn County.

Through my work as Deputy Sheriff I have become familiar with the duties of the office, both in handling tax collections and other clerical work of the office; in serving papers, making arrests and all other outside work.

I was born in Linn County and have lived here all my life. As to my standing and personal qualifications I refer all voters to anyone who knows me.

If you feel you can support me for this office I will appreciate it and promise if nominated and elected to give to the office the best service of which I am capable and to conduct it economically and efficiently.
