Why Is Oregon's Self-Appointed Boss Afraid of Stanfield?

R. N. Stanfield.

Believing that the Republican voters of the State of Oregon would not look with favor upon Oswald West naming the Senatorial candidate for the Republican party,

And inasmuch as I have received many thousands of letters and other assurances from the Republican voters assuring me of their support, I must respectfully decline the proposal of Mr. West that all other candidates withdraw and give a clear field to C. L. McNary.

I feel that I have the confidence of the Republican voters and the people of this great state that I will serve them honestly and efficiently as a Senator, and at this critical time they are inclined to support a man from the business walks of life.

Oswald West has heretofore asserted that he only desired to be a candidate that he might oppose me if I should be successful in defeating McNary in the primaries.

His interference is intolerable to me, as I believe it is to the Republican voters of the state, and I will welcome the opportunity to oppose him in the general election if he should be successful in defeating his Democratic opponent, Mr. King.

R. N. STANFIELD.

Mr. Stanfield makes the above reply to the proposal of Oswald West that all candidates for Senator withdraw in favor of Mr. West's candidate. The whole activity of the Democratic machine in attempting to stem the tide of dissatisfaction against their candidate now in the Senate, is laid bare in this last supreme attempt of Mr. West to bolster up a forlorn hope.

The question is, do the people and the Republicans want this sort of bossism in Oregon? Or, do they want 100% Americans and 100% Republicans, such as Mr. Stanfield, a successful, energetic, patriotic self-made man, whose every act has added to the progress and growth of Oregon; a man who gets results, accomplishes something; who has worked and knows how to work, and who will work?

Stanfield is 100% American and 100% Republican, and he would support the President in winning this war.

Which do you want: A man who can stand on his own feet, or one who cannot?

Paid Adv. by Stanfield Senatorial League, 203 Northwestern Bank Bldg. Portland, Oregon.

FOODS TASTE BETTER COOKED
—TOBACCO TASTES BETTER
TOASTED

Since the day of the caveman, who liked his meat raw, civilization has learned a lot about the scientific treatment of the things we eat.

Naturally none of us would now prefer to have our meat raw, our potatoes as they come from the ground, our coffee unroasted.

And naturally follows the great discovery recently made by The American Tobacco Co.—that tobacco tastes better TOASTED!

This wonderful new idea—simple like all great inventions—was first used in producing the famous LUCY STRIKE Cigarette—made of toasted Burley tobacco.

Burley has a mellow flavor, entirely different from the tobacco usually used for cigarettes. It is a pipe tobacco and LUCKY STRIKE Cigarettes taste like a pipe.
