and put him ashore in Brazil.

Well, what about dividing counties into districts and each district elect its own commissioner? It is the only equitable way.

You can't down Ed Peery. Knock him down and he will come around to bat if there is only one kick left in him. He deserves the good will of everybody. He is an optimist. He can see the silver lining in a cloud when others see nothing but failure. Others would have let that condensery go.

Miss Dayse Geddes, who has been working for Sears, Roebuck & Co., is now a stenographer in the engineers' office of the machine gun department, Washington, D. C. Like James Whitcomb Riley she is "seein' things." She writes home some very interesting letters. Among things seen are the two chairs in which Grant and Lee sat when they ended the "faut." The house in which Lincoln died still stands as it did that morning. She heard President Wilson speak at Mount Vernon on the fourth. She says he is "an intellectual giant," a "leader of men and not a follower." She says one does not comprehend the full strength of the man unless you see him and hear him. By the way Miss Dayse learned stenography with Mrs. E. C. Peery.

Mr. and Mrs. W. T. Lee and family desire to tender their neighbors and friends their most sincere thanks for the many donations made them after the loss of their home by fire. Such people are friends indeed and have hearts which would and do alleviate loss or sorrow which is within their power.

What an improvement to Scio a graded and macadamized Mill street would be. Surely the property owners should get busy.

Headache is one of the greatest annoyances to civilized mankind.

Fifty per cent of all headaches are the result of a refractive error.

When you take medicine for these headaches you injure your general health.

Remove the cause with proper glasses and you remove the effect, permanently.
