There is no question but what W. R. Bilyeu would make a good county judge. Being one of our leading lawyers and identified all of his mature life with Linn county.

Elsewhere in this issue will be found a communication from the Linn County Farmers Union endorsing candidates for the legislature and county court. The Tribune doubts the wisdom of endorsements of this nature for the reason that it creates a harmony of opposition of endorsed candidates by those who are not so endorsed. It is but fair to state that the endorsement was made without the knowledge of the candidates endorsed, who would have advised against the move had they been consulted. Sometimes one's friends can injure by too great zeal.

VOTERS

OF OREGON

Justice F. A. Moore of the Supreme Court died last month, too late for the name of any candidate to succeed him to be placed on the Ballot. This condition makes it necessary to write in the name of your candidate. This is the most important position in the judicial system of the State. It is essential to choose a man of extensive legal training, of high character, and of broad vision. We commend for your consideration and vote
