Why No More Picture Shows.

Many of the show going people and public spirited citizens are asking us why we have no shows.

This is the answer: We were forced to quit showing on account of the present city council imposing a license of \$450 a year on the show, which is more than we have made in any one year in 10 years' showing.

This very unjust license has been imposed on the show either through jealousy or ignorance, as any fair-minded citizen knows that there is not a business in Scio that could afford to pay such exorbitant license and exist. Albany, a city ten times the size of Scio, is not paying any city license; neither Stayton nor Jefferson; why should Scio?

One of the councilmen has been telling the public that this show has never paid any city license. For his information he can find on the city recorder's recorder's books (if he can read) that this show has paid over \$1500 to the city in lights and licenses since 1909.

The city records will show that this show has always paid from 50c to \$3 a night license ever since its existence. We are willing to pay a reasonable license, same as we always have, but we don't feel that any legitimate business should be run out of town thru petty jealousy or kill everything in-town that does not appeal to a few.

If anyone thinks that this show house has been a gold mine, we are willing to lease it for \$25 per month for any term of years they choose, or refer them to Mr. Nutting of Albany, who occasionally audits our receipts, for the government.

Thanking you all for past patronage and as soon as the law of a free country proves to some that legitimate business cannot be licensed out of existence, we will again open the doors with better pictures than ever.

PEOPLE'S THEATRE.

If you would have perfect eyes and perfect eyesight now and later in life, you must heed the warning that tells of eye strain—Nature's only means of expression.
