GIVE WESTERN OREGON A SQUARE DEAL

Editor Baker of Tillamook Head-
light Says it Will Develop all
the Coast Counties.

To the Editor:

You are well aware that Western Oregon is one of the most productive yet undeveloped sections of the state. The people in the coast counties have never complained, but with true Western grit and determination they have had to contend with adverse circumstances on account of lack of roads and bad transportation; consequently it is not surprising that all the coast counties are united and greatly interested in the proposed Roosevelt military highway which will be the means of opening up to settlement a large amount of valuable land suitable for dairying and land that is similar to that of Tillamook county where the dairymen have made such a great success of cheese making. It may interest you to know that the dairy herds of Tillamook county produced 45,100,156 pounds of milk last year and this made 5,936,900 pounds of cheese valued at \$1,352,694. This will be duplicated many times if the Roosevelt highway is built; and the coast counties will produce more cheese than that produced in Wisconsin and some of the other cheese producing states of the East, for the reason that climatic conditions are ideal for cheese making in the coast counties.

What the coast counties want is an opportunity to develop Western Oregon. They now appeal to the generous and magnanimous spirit of the people of Oregon to help them do so, as Western Oregon has received but slight recognition by way of improvements, but has always cheerfully paid their taxes, some of

SANTIAM FARM TOPICS

Pie Eater is not dead—yet; nor has he rheumatics or sweeny; is still on foot cutting the mustaid as fine as bullet patching.

Farmers are jumping sideways getting in their corn and dream of good prices with banks full of coin.

Mrs. Jennie Lovejoy returned to her Dallas home Wednesday after a 10-day visit with her mother, Mrs. S. W. Gaines.

Seed corn is in demand and the old man is about sold out.

M. C. Gaines of Crabtree was up Sunday looking after a bunch of sheep on Santiam farm.

G. A. Griffin is in opposition to the Scio blacksmiths, having bought tools. He will soon advertise.

Lee Gaines and son Roscoe called Friday. He runs his lights and machinery at Larwood by electricity.

There was a spectacle man around bunking the people; he's onto his job.

Pie Eater has 5 tons of hay to sell at \$25 per ton.

Clarence Roxroad of Roseburg, a former son-in-law of Newt Crabtree, pulled in Sunday, being 9 hours on the way. He was en route to Salem.

M. C. Gaines is putting in a 40-acre piece to oats—after he gets it disced and clod mashed. Like a mule's tail he's always behind.

The old man and Ed Kalina are going to try the condensery as the creameries are about to make the hair slip on prices.

Amazing grace, how sweet the sound; three boys been lost and one been found. Amen.

Take Dinner at Hotel.

Scio wants and needs a good hotel. It is a necessary asset to the town. To assist the new proprietors, Mr. and Mrs. Smith, in maintaining such an establishment one of our business men has suggested to The Tribune that all of the business men and others eat their dinners or lunches at the hotel each Wednesday.

The proposition is a good one, for not only will it be encouraging to the hotel people, but it can be a sort of get together function of the business men at which anything for the welfare and progress of Scio can be discussed briefly.

J. S. Warwick and family moved out of the hotel this week.

which have gone to help develop other parts of the state. All that Western Oregon wants is a square deal and I am sure if the people of the state knew of the undeveloped resources that are in the coast counties they would readily cast their votes in favor of the Roosevelt highway measure. It will be a market road, but at the same time it will be used for pleasure by more people living in Portland, Southern Oregon, Eastern Oregon and the Willamette Valley than by people living in the coast counties; and it will outclass the Columbia highway for scenic beauty and picturesqueness, as it passes through a most interesting part of Oregon.

Tied Our First Knot.

Late Saturday afternoon, May 17, 1919, Fred M. Davis and Winnifred Florence Darby, came to The Tribune office, presented a marriage license and requested that they be united in marriage; they were accompanied by Mr. and Mrs. B. F. Darby, parents of the bride to be. This being the first time this J. P. was requested to tie the nuptial knot it is only fair to say Scio had about as badly flustered justice of the peace as could be found in captivity. But he managed to say the words which made the twain one and sent them on their way rejoicing. Mr. and Mrs. Davis and her parents reside in Marion county and the marriage license was issued by the Marion county clerk.

Prof. Robe to Leave.

With the closing of the present school year Prof. H. L. Robe will sever relations with the Scio schools. He will remove to Brownsville for the summer, but has not decided where he will be located when next school year begins.

Prof. Robe has been principal of our schools for two years and as the schools have moved along without friction we are safe in saying his services have been satisfactory to the school board and patrons.

The Tribune regrets that he thinks his personal interests will carry him elsewhere, for he and family are fine people and an asset to any town.

Thimble Club Meets.

(Delayed from last week.)

The Thomas Thimble Club met Tuesday, 13th, at the home of Mrs. Robert Elwood in honor of her 73d birthday. It was a complete surprise to Mrs. Elwood. She received many nice presents, among them a bag containing 73 pennies. Nice refreshments were served and a Scotch program rendered as follows:

Song, "Bonnie Doon"; "My Heart Is in the Highlands," Marion Gilkey; "Annie Laurie," Sadie Dayball and Grace Peterson; "The Happy Mother," Edna Gilkey; "We Better Bide a Wee," Anna Holt; "Highland Mary," Sadie Flook; "Flow Gently, Sweet Afton," Effie Sommer and Edna Gilkey; "Auld Lang Sang."

Scio Hotel Is Leased.

As will be seen in his ad elsewhere E. J. Smith, of Vancouver, Wash., has leased the Scio hotel. The Smiths recently came from the East. They have two grown daughters and will be able to handle the business within their own family. Mr. Smith is a professional chef and will handle the kitchen end of the business, while Mrs. Smith will look after the front. They took charge of the hotel Monday and appear to be well qualified to give good service.

At The Peoples Theatre

On Saturday and Sunday evenings Mrs. John Wesely will present Charles Ray in "Law of the North," an Alaska story; Fatty Arbuckle in "Moonshine."

The picture tonight will be Priscilla Dean in "The Brazen Beauty."

JORDAN ITEMS

P. R. Bilyeu and Roy Crabtree were Albany visitors Friday.

Mrs. William Ivie went to Portland Thursday.

George Balsiger was called to Portland Thursday by the illness of his parents.

Mrs. Alice McDonald of Mill City is visiting at the Clyde Thomases.

Mrs. A. W. Arbuckle was a Jordan shopper Monday.

Oscar Applet died Saturday at his home near Lyons and interment took place in Fox Valley Monday.

Pie Eater, please speak up and disprove the grave allegations made against us by the editor in last week's issue of The Tribune.

(Note by the printer's devil: "It looks suspicious; they both reniged the same time and both showed up Tuesday at the same time!")

Parent-Teachers.

Tomorrow evening the Parent-Teacher Association will hold its last meeting during this school term. A good program has been prepared and a record attendance expected.

Lebanon will hold her strawberry fair, Brownsville the Pioneer picnic, Albany the big fourth of July celebration, Scio the Linn county fair, and Harrisburg the potato fair; thus all parts of the county will function in some sort of public gathering and all parts of the county should be well represented at each of them.

The Lebanon mohair pool was sold last Saturday at auction to M. Senders & Co., Albany, at 64 cents per pound. This is top price so far heard.

This is a tale of a dog Henry Bilyeu's puppy dog. Henry is taking great pains and much credit for what he has already taught the pup. Among other things, the pup has learned to carry. He put this knowledge to use the other day when he pulled the cloth from the dining table, resulting in a lot of broken china.

Dr. and Mrs. Prill are preparing for an outing at Malheur Lake in the near future. When he comes home the doctor can tell about the biggest ones that got away.

A bunch of 22 huskies from O. A. C. at Corvallis passed through here this morning. They were out on a 3-day stock judging tour and had their blankets with them.

W. B. Farmer of R. F. D. 1 out of Turner, wood purchasing agent for the state, has been interviewing Scio people for the purchase of wood. He thinks sellers are asking too much. He is limited to paying \$4 for big fir, f. o. b. car at West Scio, Shelburn or Munkers.

DON'T OVERLOOK.

The lamb market is holding steady at present, but a drop is due any day; so if you are intending selling your spring lambs before the drop you have got to hurry. I am shipping a load today and will make a shipment every week till the run is over. J. D. DENSMORE.

NAVAL SEAPLANE LANDS AT AZORES

One Plane Aights on Sea and
Is Picked Up, Third Is
Missing.

Washington.—The United States naval seaplane NC-4, one of the three American naval seaplanes which set out from Newfoundland in the first attempt at a flight across the Atlantic ocean, arrived safely at Horta, in the island of Fayal, Azores group, after a flight of approximately 1250 miles from Trepassey, N. F. The distance was covered in remarkably fast time.

The time for the flight was 13 hours and 18 minutes, and the average speed was approximately 50 miles an hour. The performance of the plane was all the more satisfactory to officials here because of the fact that she suffered a series of mishaps on her voyage from Rockaway Beach, L. I., to Trepassey Bay.

Hospital Notes

Mrs. Katherine Kester, matron at the hospital, went to Portland Monday to visit her brother who is in a hospital there.

Wilbur Hayes entered the hospital Monday and is being attended by Dr. Hobson.

The staff had their pictures "took" yesterday.

Dr. and Mrs. Prill went to Portland Monday, returning Tuesday.

Mr. and Mrs. N. I. Morrison, Mrs. Kester and daughter and Mrs. Ruby Rockefeller and daughter motored to Salem and McMinnville Sunday.

An alarm from the condensery Tuesday brought out the fire apparatus quickly, but the employes put out a small blaze on the roof before the fireboys arrived.

Newt Weddle spent a few days at the Odd Fellows' grand lodge in Salem this week.
