A strong pull is being made upon the county court to provide for a county agent in the tax budget. The voice of the people at the last election was against such employment, and as two members of the court were elected at that time they can hardly disregard the instructions of the people then given.
Scio Lodge No. 39, A. F. & A. M., had work on the second degree Saturday night. Officers were elected for the ensuing year as follows: C. W. Bragg, W. M.; John L. Kelly, S. W.; Z. J. Clark, J.; E. D. Myers, treasurer; P. H. MacDonald, secretary. Installation will take place on St. John's Day, December 27.

Feed the birds—they help save your crops.
As telephone lines are down, and without mails, Scio is as completely isolated as in pioneer days during high water.
If you want to see the great sun spot billed to appear December 17, have your smoked glass ready. Prof. Albert Porta, of the University of Michigan, says the planets Mercury, Mars, Venus, Jupiter, Saturn and Neptune will be in conjunction; that is to say on the same side of the sun, and that storms, earthquakes and extreme cold will result on the earth. The disturbance will continue until December 20. This conjunction, it is said, will be the greatest which has occurred in the annals of astronomy.

WILL HAVE TO RAISE PRICES.

Owing to the increasing cost of all kinds of paper, especially news stock, The Tribune will be compelled to increase its subscription price from \$1.50 to \$1.75 per year. This increase simply covers the price sufficient to pay the additional cost of paper over what it was when the price was fixed at \$1.50. The increase will not go into effect until January 1, 1920. Until that time overdue accounts and new subscriptions will be received at the present price. Advertising rates will also be advanced 20 per cent; job work 25 per cent. We are compelled to do this or close up shop. We know that the big papers are furnished at the same old price, but subscriptions form but a small portion of their receipts. All of them have increased their advertising rates full 25 per cent or more. Subscriptions constitute nearly one-half of the receipts of the small country paper. When labor and paper costs return to what they were in pre war days, then The Tribune will reduce its prices accordingly.
