according to J. A. Churchill, state
superintendent of public instruction,
who returned to Salem after three
weeks spent in the east and middle
west.

Albany school teachers will receive
a material increase in salaries for the
next school year. Because of lack of
funds the school board has been un-
able to meet requests for a big raise
this year, but a budget \$11,500 greater
is available for next year's work and
the board has decided to use all of
this increase for the payment of larger
salaries.

Officials of the Grants Pass Irriga-
tion district have filed with the state

Hop buyers in the Salem district
have made several contracts recently
whereby they agree to take the grow-

pound. As a result of these contracts
and the optimistic feeling over the
future prospects of the hop industry
in Marion county the acreage will be
materially increased this season.

It is estimated there will be approx-

INTERCHURCH MOVEMENT PLANS MEDICAL AID FOR CHINA

In no part of China is there a med-
ical force at all adequate to the needs
of the situation. In one province there
is but one doctor to five millions of
people, and missionaries living in lone-
ly stations must travel many days to
procure medical help in case of need.

The program of the Interchurch
World Movement, based on a careful
survey, will include the strengthening
of present institutions and the opening
of a large number of hospitals in new
areas where they are most needed.

According to the monthly report of
the weather bureau, January was the
driest month in the history of south-
ern Oregon, less than half an inch of
rain falling. The average for the
month was 4.29 inches. As the pre-
cipitation has been deficient since the
beginning of the rainy season, farm-
ers and fruit raisers are becoming
worried and an added impetus has
been applied to the campaign for ir-
rigation.

Approximately a million feet of tim-
ber in the Siuslaw national forest, in
the vicinity of Yachats and Cape
creek, on the coast, was destroyed by

investigation was made by one of the
rangers who found that the ravages of
the insects, the nature of which he
was unable to determine, covered a
strip about a quarter of a mile wide
and 50 acres in extent, near the coast.

St. Benedict's Abbey, with headquar-
ters at Mount Angel, has filed suit in
the United States court in Portland to
test the validity of the law passed at
the recent special session of the state
legislature making it unlawful to print,
publish, circulate, display, or sell or
offer for sale any newspaper or period-
ical in any language other than Eng-
lish unless the same contain a literal
translation in the English language of
the same type and as conspicuously
displayed. The plaintiff corporation
prints, publishes, circulates and sells
a weekly newspaper called "St. Joseph's
Blatt," which has a weekly cir-
culation of approximately 24,700 copies
and is printed in the German language.

The machinery for the first unit
of the Astoria Flouring Mills company's
new plant at the port terminals at
Astoria has been operated for a few
days as a test, and has been found
to work satisfactorily. It is expected
this unit, which will have a capacity
of 2000 barrels of flour a day, will
begin grinding immediately. The
second unit of the plant will be ready
for operation in about six weeks. The
new plant will be one of the largest
single mills of its kind in the country.
It will turn out 4000 barrels of high-
grade flour each 24 hours. With the
company's present mill also in opera-
tion the daily output will be increased
to 5200 barrels, sufficient to pro-
vide a full steamer cargo for export
each month.

The state highway commission, in
session in Portland last week, awarded
a contract for a bridge across Youngs
bay at the price of \$308,620.60; refused
to make any promises for paying until
result of May election is known; de-
cided not to push Mount Hood loop at
a sacrifice of highways in Lake, Klam-
ath and other counties; agreed to ex-
tend The Dalles-California highway 35
miles from Modoc Point to Sand creek,
suspended contract on Redmond-Prine-
ville road and will aid county on the
Crooked river road toward Paulina;
will neither pave nor consider road
from Woodburn to Newberg until state
map roads are disposed of and new
roads are taken up; accepted propos-
als of Union county, pending result of
May election, and ordered contracts
called; ordered survey to finish Enter-
prise-Flora road in Wallowa county.
No action to be taken on Crater lake

000 of which is in government, munici-
pal, school, county and road bonds.

By a vote of 217 to 39 the city of
Seaside has bonded itself for \$263,000
for the construction of a pier into the
Pacific ocean, a system of bulkheads
on the ocean front and a new hard-
surface driveway through the entire
city.

The recent threat of labor to petition
state officials to oust from their em-
ployment all married women whose
husbands are capable of providing for
their support, appears to have stimu-
lated rather than deterred marriages
of girls on the state payroll.

THE UNIVERSAL CAR

Buy Now While Deliveries Are Possible

Buy your Ford car now while deliveries are possible.
There is only a limited, specified number of Ford cars al-
lotted to this territory. You will be wise to buy one now while
we can get cars to deliver. A signed order with us is your
protection.

Even our small allotment of Ford cars is not shipped us
until we have bonafide orders for them. This is because the demand for Ford
cars all over the country is greater than the supply or production. So don't de-
pend on spring delivery. Only so many Ford cars will be shipped
in to this territory; only so many will be able to get Ford
cars. If you would be forehanded and plan ahead you will
have us deliver you a Ford car as soon as possible. Then
you will have it to use whenever you want it.

The Ford is an all year utility—in your home or business.
Its serviceability, ease of operation, low cost of maintenance
has made it such. It will serve you the year around. Spring
and summer, autumn and winter, it is your servant; always
ready to do your bidding.
