

LOCAL NEWS BREVITIES

Mrs. H. B. Iler is on the sick list. Mr. and Mrs. Carl Smith motored to Albany Friday.

John Wesley has had the painters busy in his theater during the week.

Miss Nita Bilyeu of Albany visited Sunday with Mrs. John Kelly.

Lotus Osborn, George and Gene Stoddart motored to Albany Sunday.

Miss May Stoddart spent the week end at Brownsville with her chum, Miss Viola Miller.

Mrs. D. C. Thoms went to Brownsville Friday, returning Sunday by way of Jefferson.

Mr. Palmer of the Christian church of Stayton, conducted the funeral service of the late Willie Shores at the federated church Monday.

Mr. and Mrs. E. D. Myers, Miss Esther Humphrey and Miss Ruth Muller motored to Portland Saturday, returning Sunday.

W. J. Beran finished delivering potatoes Monday. This year he sold his spuds at 60 cents a bushel; last year he received 5 cents a pound.

Mrs. Anton Rosprafka, who underwent a serious operation at the Albany hospital, is reported as getting along as well as could be expected.

Farmers are worrying about getting in their crops. Most of the plowing has been done, but seeding is yet to do.

It is said the road out Franklin Butte way to the cemetery is in a horrible condition. People should postpone dying until good weather is at hand.

Father Boniface writes us that there will be services at the Scio Catholic church next Sunday, May 8, at 11 o'clock.

Mr. and Mrs. Walter Jennings and Ed Rahn of Oregon City were week end visitors at the home of her mother, Mrs. Marie Rahn, Scio.

The office at Hotel Scio has been furnished and brightened by the aid of fresh paint under the direction of Manager Warner.

Charley Brant and Messrs Graff and Elliott, all printers on the Salem Statesman, came to Scio Saturday evening for a day's fishing. Course it had to rain and they returned home without being able to tell of the big one that got away.

Tax Revision.

The government has become accustomed to extravagance in the war. It must be brought up sharp. The way to retrench is to retrench. The country will expect congress to cut expense wherever cutting is possible.

Of equal importance is a revision in the system of taxation. The higher brackets of the income tax and the excess profits taxes have had a contrary effect to what was intended. It was supposed these super-taxes would be borne by the rich. Instead they have been shifted, with heavy additions, to the public. All taxes on business in the long run are added to prices.

The trouble with the existing taxes is that their amount cannot be estimated by any business concern, so it adds a liberal allowance to its charges in order to take care of taxes whatever they may be.

The need is for some form of taxation that is perfectly definite and that will not unnecessarily swell the cost of living.

Pasture for Rent—Mrs. J. W. Gil-mour, Jefferson R. R. 2; phone 26 F 2

Elsie Limbeck is confined to her home with the measles.

It is impossible to impress upon anyone that there is dignity in residing upon a farm with impoverished soil, dilapidated buildings and in an environment of ignorance.

I. Hoagland and sons Hobart and Roy left Tuesday evening by auto for California where they were called by the illness of Mr. Hoagland's daughter, Miss Dolly. Their destination is near San Francisco which they intended to reach in 24 hours.

It is estimated 20,000 new laws were enacted by state legislatures. What the public wants is not more laws, but observance and enforcement of the ones already on the statute books.

Apple blooms were not generally far enough advanced to suffer seriously from the recent low temperatures in the Rogue River valley. Pear blooms were thinned considerably, it is said.

Advertise in The Scio Tribune and get results.

Albany Creamery Burned.

Albany's co-operative creamery was destroyed by fire Sunday morning. This creamery has been a success from the start, being owned and managed by farmers, while the grange store, fruit drier and warehouse venture failed with loss to the farmers who backed them.

The creamery business will continue in a new building soon to be erected.

Mr. and Mrs. E. D. Myers, Mrs. R. Shelton and A. Montgomery motored to Albany Monday.

When our first state bond measure was before the people it will be remembered by some of our readers that this editor opposed the issue because the money was to be used to build a scenic highway along the Columbia and Pacific highway.

Commercially these highways could have waited until the so-called market roads were built. But these highways are now about completed. Note the result. The Columbia highway will simply always be a joy riding road, while the Pacific commercially used, will be at the expense of the railroads and to the destruction of our roads by freight hauling trucks, and the taking off of local car service by the railroads.

Thus the people are paying double taxation and what have they gained? A decline in property and the privilege of maintaining paved roads for private freight hauling trucks and joy riding autos to destroy.

Oregon Made Home Knitting Yarns.

A great surprise for the home knitters of Oregon, but still a fact. Furthermore, this yarn is absolutely virgin wool yarn; the wool was grown in Linn county, sold by Mr. Sanders to the Oregon Worsted Company (mills located at Sellwood), made into worsted yarn by Roy T. Bishop, son of C. P. Bishop, proprietor of the Woolen Mill Store of Salem. Oregon knitters try this yarn out. All colors. 45c per ball of 2 ozs. Samples sent on application. Address C. P. Bishop, Box 75, Salem, Oregon.

Some FACTS About

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921, and how many have been sold to retail customers in the United States.

	Produced	Delivered to Retail Customers
JANUARY	29,883	57,208
FEBRUARY	35,305	63,603
MARCH	61,886	87,221
Total production	127,074	Retail sales 208,032

showing that the actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.
