The next on the program is the "Country Fair" in Wesley hall on Tuesday evening, May 17. Conflict in dates is unavoidable because it is necessary to stage this event early in the week. School days will soon be over for this term.

Don't miss the minstrel show beginning promptly at 8. It will be well worth the moderate admission charged at the door, for high school talent will present new favorites of Al Jolson and Van and Shenk and a final selection of riproaring vocal jazz about a circus, interlocutor; Tambo and Bones will interrupt each other with crazy questions and insane answers, and other features.

After the minstrel show the fun will begin to commence to increase. Try three shots at the cullud babies; have your fortune told; attend Tom Thumb's wedding; see the winners at the baby show, and so forth, and so forth. Before you die come to this fun carnival. You have never attended anything just like it.

Remember "Midsummer Eve" at the schoolhouse May 20; baccalaureate May 29; class day June 1; commencement June 3.

6th, 7th and 8th grade pupils are preparing for examinations on May 12 and 13.

Farm machinery at less than cost price. Prices on all farm machinery have taken quite a drop. We have a large stock on hand of all kinds of farm machinery on which we are willing to take our loss, the same as you have had to take your loss on your products. The farmer isn't the only one who have to take a loss. We are all in the same boat and will have to stand the loss. We have the machinery to sell, the same as you have your crops.

A great surprise for the home knitters of Oregon, but still a fact. Bishop, son of C. P. Bishop, proprietor of the Woolen Mill Store of Salem. Oregon knitters try this yarn out. All colors. 45c per ball of 2 ozs. Samples sent on application. Address C. P.
