SCIO OREGON

Oregon Made Home Knitting Yarns.

A great surprise for the home knitters of Oregon, but still a fact. Furthermore, this yarn is absolutely virgin wool yarn; the wool was grown in Linn county, sold by Mr. Senders to the Oregon Worsted Company (mills located at Sellwood), made into worsted yarn by Roy T. Bishop, son of C. P. Bishop, proprietor of the Woolen Mill Store of Salem. Oregon knitters try this yarn out. All colors. 45c per ball of 2 ozs. Samples sent on application. Address C. P. Bishop, Box 75, Salem, Oregon.

SANTIAM FARM TOPICS

October 10

Our good neighbor, William Lee, met with a painful accident at the Albany fair last Wednesday by getting run over with a truck. The front wheels passed over both knees but in falling he grabbed hold of the radiator, which saved him from being run over by the hind wheels and probably killed. Fortunately no bones were broken, and except for the bruises he was unhurt, and will soon be out and around.

Elmer and Clifford Griffin took in the county fair Thursday and Friday.

Eldon Griffin, of Salem, came up Friday for a few days' visit with his grandmother, Mrs. S. W. Gaines.

As the old man has his fall work rounded up, corn all in, woodshed running over with the best of wood, wheat all sown, squash and potatoes all housed, is ready for a week's visit with his daughter at Monitor.

W. L. Cobb, of Scio, has finished up his wood job for Mrs. Morris, of Scio. The Pie Eater made her a present of five cords of wood, as she is a widow and a sister-in-law.

The Scio condensery has raised the price of milk to \$2.10 a hundred, which is mighty good these hard times.

The Weaver-Cleveland sawmill will start up Monday after being idle for the past two months. They have an order for 2000 ties and a few smaller orders.

Road graveling is the order of the day now, as the grade is complete and in perfect order for a finishing coat of crushed rock. When finished we will have a road we have long wished for.

A very peculiar circumstance has come to light in grading the cemetery hill road. In the 8-foot cut a spring or vein of water was uncovered. There was no sign of water there before, and this is considered a phenomenon.

The old one-eyed Pie Eater, having no apples, went to John Davenport's Tuesday, where he found over 200 boxes of the finest varieties, and the price was only \$1.25 per box, so the old man laid in his winter's supply.

PIE EATER.

JORDAN ITEMS

October 11

Mrs. N. Endres returned from Eugene Sunday.

Miss Margaret Pauli, of Mt. Angel, came down Sunday to take charge of school in Dist. 124. Her many friends welcome her return, as this is her second term here.

Mrs. Ed Daugherty, of Oregon City, who has been visiting her daughter, Mrs. M. M. Fink, returned to her home Saturday.

E. M. Kimball and son Lloyd, of Portland, paid Jordan a short visit Saturday—came down to see the big dam and look over former haunts, presumably.

Pete Jungweh and Antone Silber-nagle motored to Eugene Wednesday to visit the former's sister, who is a patient there and who is convalescing as speedily as can be expected.

It is reported that the Frank Flatman's, who formerly resided here, are soon to occupy the McDonald place, which is being vacated by Clyde Thomas, who is shortly moving to Laomb.

E. Phillips, our genial merchant, has taken time by the forelock and is having new roofs put on his store and residence—a wise thing to do in Oregon.

OREGON MIST.

Surely!
It is easy enough to find a needle in a haystack—if you sit on it.

High School Notes

The second meeting of the High School Student Body was called last Thursday, October 6, for the purpose of selecting a committee to draw a constitution for the Student Body. The new president, Elsie Limbeck, took charge of the meeting for the first time. John Densmore, Delares Sutherland and Cole Zysset were appointed as the committee to draw up the constitution.

Albany High got its football dates mixed. The Albany papers reported that Scio was to play Albany last Friday at the fair grounds.

The Scio school has received several excellent books from Mr. Dugger, ex-editor of the Tribune. These are a very welcome addition to our library.

All schools in Linn county were excused to attend the fair Friday, which was children's day. All school students received free tickets.

Scio school is again on the map as a result of the work of the stock judging team. Arnold Zysset, John Scott and Millard Shelton, won the silver trophy cup at the county fair last Friday. The cup was awarded by the First National and First State Banks of Albany.

Leslie Thayer, High School editor, who plays right tackle on the football team, received a black eye during the game with Silverton last Friday. He was again unfortunate Monday evening when he sprained his ankle in the course of the daily practice. Owing to his injuries, he was unable to perform his editorial work this week and a substitute had to be appointed.

The football players have found a way to secure and pay for their suits, as the school board has offered a sufficient loan to purchase head-gear. Now the Scio team will be able to crack heads with the best of them.

Eldred Long has returned to school after several days' absence.

Maurice White received third prize in the horseshoe pitching contest at the fair Wednesday.

The local football team will play at Brownsville next Friday. There is also a possible game with Stayton on the home field on the 21st.

Game at Silverton

The Scio boys journeyed to Silverton Friday, the 7th, and were defeated by a score of 44 to 6. During the first half, Silverton scored three touchdowns. Scio made one touchdown, but got no credit due to the referee's carelessness. Silverton attempted a short forward pass, which was fumbled. Holland picked up the ball and carried it across the goal line for the first touchdown. The referee blew his whistle before this time, giving the excuse that he did not want the Scio boys to pile up on the Silverton players, whom he thought to still have possession of the ball.

Scio's second touchdown was the climax of a short period of excellent playing during the fourth quarter. The visitors held their opponents on the goal line and won the cheers of the spectators. Encouraged by this success, the Scioans worked the ball down the field, found the weak point in Silverton's forward pass defense, and scored on a pass to Holland. The strategy of Scio's star at this time was good, and the Scio team as a whole was outplaying the victors for a few minutes.

REPORTER.

Graphite.
Down to 1850 graphite was obtained chiefly from the Borrowdale mine in Cumberland, England. Since then a supply has been drawn from eastern Siberia, from Ticonderoga, New York state; Puckingham, Quebec; and Bohemia. Graphite is also produced in Ceylon, and Madagascar. Artificial graphite is also being manufactured.

Help Your Moulters Moult

THINK of the amount of hen energy, vitality and red blood required to grow a thousand feathers—the average plumage! A moulting hen needs good health—good appetite—good digestion.

Dr. Hess Poultry Pan-a-ce-a

helps poultry through the moult and starts pullets and moulted hens to laying. It contains tonics for the appetite, tonics to aid digestion. It tones up the dormant egg organs. It contains iron that gives a moulting hen rich, red blood and a red comb. No disease where Pan-a-ce-a is fed. By all means feed your moulting hens Dr. Hess Poultry Pan-a-ce-a.

We handle the Dr. Hess Line. Call on us.
