SCIO OREGON

Oregon Made Home Knitting Yarns.

A great surprise for the home knitters of Oregon, but still a fact. Furthermore, this yarn is absolutely virgin wool yarn; the wool was grown in Linn county, sold by Mr. Senders to the Oregon Worsted Company (mills located at Sellwood), made into worsted yarn by Roy T. Bishop, son of C. P. Bishop, proprietor of the Woolen Mill Store of Salem. Oregon knitters try this yarn out. All colors. 45c per ball of 2 ozs. Samples sent on application. Address C. P. Bishop, Box 75, Salem, Oregon.

SANTIAM FARM TOPICS

October 17

Our heavy rain has delayed the gravelling of the cemetery hill, which is now impassable, and it is doubtful if it is finished this fall.

Johnny Crabtree came out Saturday for a hunt. Failed to get any birds, as they are scarce.

The old man returned home last Thursday from a week's visit with his daughter, Mrs. Ida Graham, at Monitor. Found all well and happy, had a nice time looking over my old stamping grounds, saw fine crops and people prospering. On my return home I brought 43 fine S. C. White Leghorn hens to recruit up my stock. I also visited my grandson's poultry farm of 2000 chickens, and he now has orders for 28,000 baby chicks. He has 20 incubators.

Elmer Griffin came near getting married Sunday, as a young widow passed his bachelor hall in an auto and he winked at her as she passed.

Mrs. Lulu Milligan is having the pleasure of a new visitor—a baby girl for company. Both are getting along nicely.

Johnny Griffin returned Sunday evening from Northern Washington, where he has a job as attendant in an asylum. He made the journey of 300 miles in two days.

Sunday was hunter's day, as guns were popping all day. The Santiam Farm forbids any one hunting on it, as there are 14 hunter's notices up. Should you be caught hunting on this farm you will surely experience the virtue of the law, as I have been annoyed long enough.

George Griffin called in on the old man, bringing a hindquarter of a fine mutton. Sure it was appreciated, as the old man has a full set of teeth for winter, as Harris Munsel says, sheep meat.

Help Your Moulters Moul

THINK of the amount of hen energy, vitality and red blood required to grow a thousand feathers—the average plumage! A moulting hen needs good health—good appetite—good digestion.

Dr. Hess Poultry Pan-a-ce-a

helps poultry through the moult and starts pullets and moulting hens to laying. It contains tonics for the appetite, tonics to aid digestion. It tones up the dormant egg organs. It contains iron that gives a moulting hen rich, red blood and a red comb. No disease where Pan-a-ce-a is fed. By all means feed your moulting hens Dr. Hess Poultry Pan-a-ce-a.
