

## MEADOW SHADE DAIRY

Newest Business in Scio Fills Niche that Helps Keep City in Forefront

One of the new enterprises for Scio, and one which promises to fill that long felt want, is the Meadow Shade Dairy, started by Mr. E. A. Wagner about five weeks ago, and which is giving satisfaction to a large and constantly increasing number of patrons whose commendation of this new business is so universal and hearty as to be a guarantee of its future success.

One of the principle products of this Dairy is the celebrated Meadow Shade Butter, manufactured by Mr. Wagner, who is an expert butter maker, having spent many years in the business until he succeeded in perfecting himself in the art of producing butter that has no superior in quality. The demand for Meadow Shade Butter has increased to such an extent in the short time it has been on the market that Mr. Wagner finds it necessary to put in new machinery of increased capacity, and a new churn has been ordered and will be installed in a short time. The new churn will have a 50-lb. capacity, and with the improved machinery it will be possible to increase the daily output several times over. In addition to this, Mr. Wagner will keep on hands a full line of dairy products, such as table cream, whipping cream, cottage cheese, buttermilk, strictly fresh eggs and a variety of vegetables.

This concern is one of which Scio may be justly proud, and we are glad to recommend such a worthy institution to the public. We will add that the farmers find a ready cash market for fresh eggs at Mr. Wagner's establishment, which is also the agency for the Mutual Creamery Co., of Portland, and pays highest market price for butterfat.

## THE ARMY STORE

Opposite the Albany Hotel, on Lyon St., Albany, Oregon, Allen & Hillpot, Props.

This store which located in Albany a few months since has built up a trade that is indeed marvelous until one learns the why and wherefores thereof.

An interview with the courteous manager, Mr. Hillpot, revealed the fact that the goods he is offering for sale were made for the government under special contract for the army and are of special uniform quality and excellence, having been inspected, bought and paid for by the government. When the war closed vast quantities of these supplies were stored in government warehouses and these have been thrown on the market at a great reduction in price. The management of this store was fortunate enough to secure a large consignment of these superior goods at a figure which enables them to offer them far below their actual value, and buyers of these goods are reaping a harvest.

It will pay anyone needing shoes, clothing, blankets, underwear, socks, raincoats, sweaters, leggings, gloves, and in fact a host of things too numerous to mention in this limited space, to give them a call. A comparison of prices will readily convince one of the advantages in price to be gained by trading at this store.

In addition to the character of goods mentioned, this store also carries a large line of canned meats, etc., of fine quality and at prices that are attractive. Call without delay while every department is complete and secure your share of the real bargains at the Army Store.

### Facts Worth Knowing and Telling

Scio is the trading center of the north forks of the Santiam.  
Scio has population of about 500.  
Scio is in the heart of the best dairying section of Linn county.  
Scio farms grow most anything that can be grown from soil.  
Scio owns its water and electric light plants—plenty of power at a cheap rate for any number of enterprises.  
Scio has a milk condensery, and no better milk is canned any where.  
Scio has a flouring mill, and its product finds a ready market at all times.  
Scio is close to billions of feet of standing timber, and soon big mills will be busy making it ready for market.  
Scio has a hospital second to none.  
Scio—if you want to know more about Scio and the surrounding country, write to the bank, the mayor or to the editor of this paper.

If you are needing printing of any kind you can do no better than by coming to The Tribune.

## HOLFLICH ELECTRIC SHOP

Distributor for Famous Delco-Light Products—118 W. Second St., Albany

There is probably no other invention among those recently perfected that has meant so much to the progressive and modern farmer of today as has this wonderful Delco-Lighting system. To install a plant of this kind is the desire and aim of every up-to-date farmer, for he knows that not only is it a time and labor saver, but that it is clean, safe and sure, and that in the future no farm will be considered modern without such a plant to get let light and power from.

Not only does this plant make it possible for plenty of bright, clean light, but it pumps the water, grinds the feed, turns the cream separator—but to enumerate here all the many tasks it does to make the chores lighter, would consume endless time and space. Its usefulness does not stop on the outside nor in helping the men; it makes possible all the light conveniences that take the drudgery out of housework.

Many people have the idea that a Delco-Light plant is a complicated and intricate piece of machinery and that it requires a great deal of care to keep it in operation. In this respect they are mistaken, although it embodies several great scientific features—it is sturdily built and requires practically no care and expense and is self-operating. There are so many good and beneficial features to the Delco-Light that it is impossible to enumerate them all, and we suggest that you call at the Hollich Electric Shop, 118 West Second street, Albany, and let them give you figures and a practical demonstration.

It may be interesting to the readers to know that at the present time there are more than 165,000 homes where Delco-Light systems are in operation.

### GILKEY STATION

March 20

The Shedd Garage, owned by Dwight Peterson (who lived here many years) and Scott Frindell, burned to the ground Sunday morning about 3:30 o'clock. The entire equipment, which was new and up-to-date, was a total loss, together with eight cars, three of which belonged to the garage. The origin of the fire is not known.

Ralph McDonald, Thomas Peterson and Floyd Cantrall were visiting at Shedd Sunday and viewed the ruins of the Sunday morning fire.

Ivan Funk, of McMinnville, was visiting his parents, J. S. Funk's, last week. He has been ill for several months and is still unable to work.

The Farmers' Union, local 113, had a very pleasant evening Saturday. The president, S. B. Holt, presided at the business meeting, after which the ladies took charge and entertained the men royally with a St. Patrick programme and supper. The programme, presided over by Mrs. John Shepherd,

## Scio Logging & Lbr. Co.

SCIO, OREGON

Gaines' band of sheep Wednesday night killing four fine ewes, one lamb and chewing up some 15 more. Four of these have since died, still more will die. Lester Bilyeu got one of the dogs while at work. Coral Lucas and Tom Small's victims got away.

Ed Kalina and wife took dinner in Scio Sunday with Ed's mother, Mrs. Nimic.

James Milligan, wife and children made a trip Saturday to Crabtree to visit Mrs. Phoebe Turner, Mrs. Milligan's mother, and to do some trading.

Our sheep killing dogs have made a good haul on Cola Gaines' band, killing 10 old ones and 12 fine lambs.

I have received word that the dogs made a raid on Willis Phillippi's sheep on the Paine place, Sunday night, killing several and chewing up quite a few.

I see the sheep men are getting interested, as several have come out from Scio with their hounds to see if they could track the dogs that have been

making the raids. Almost nightly some one's flock is raided.

I learned Mr. Lock had to go to the cheese factory Monday for his cans, as the hauler did not return them at once.

Merle Paine pulled out Tuesday for Montana, taking two teams, his wife and five children. He says Oregon is no place for a poor man.

Our fine day Monday was a foreteller of rain Tuesday, which is quite a disappointment to the people in general.

M. C. Gaines, of Crabtree, informs me his wife is having a time with rheumatism.

The old man is having a time with bronchitis, his stomach, kidneys and old legs, which are trying to fail on him, as he is only a boy.

Something wrong with our mail, as we often fail to get our papers. It is getting to be very common. Some one needs waking up so as to get the mail distributed in time to meet the carriers as they sure would bring the mail if delivered to Scio in time.

PIE EATER.

### SANTIAM FARM NEWS

March 21

Johnny Wesely, of Scio, was out last Saturday soliciting milk for the condensery. There seems to be quite a stir on both sides of the cheese factory, as they only haul every other day and do not return cans until the day of collection, so people with cans for one day's supply cannot send.

Eli Rainer, of Crabtree, was up Saturday after 4500 pounds of hay at the Santiam farm.

The dogs made another raid on M. C.
