

## THE WESTERN TIRE SHOP SCIO'S LEADING GROCER

Albany has One of the Most Efficient Tire and Vulcanizing Shops in State

This is one of the institutions in Albany where the motorist has learned real tire economy can be had, as it is under the direction of expert tire men and is headquarters for a full line of nationally famous tires which are offered at very reasonable prices. Here you will find a tire business that has succeeded because of technical knowledge, experience and good business judgment. Their business has steadily increased because they do business on the principle of treating all customers honorable and alike.

These tires have been selected with a view of offering the best on the market and are high grade. The accessory department is complete and they carry many things that add to the comfort and convenience of the autoist. Thoroughly abreast of the times they have secured for the trade a vast array of the very best tires on the market today. Whatever your needs in the way of tires, they have it, and they are always ready to give your requirements their personal attention.

In their vulcanizing department they have all the latest devices installed that will insure the best of service and long life to their work. There are several ways to do vulcanizing, but only one way that gives satisfaction, and that is the right way, and unless a workman thoroughly understands the business the motorist is apt to pay for something that does not give in return value received.

We are pleased to refer our readers to this firm as one where they will find expert and efficient tire men, competent and ready to serve them. Their prices are right and all work guaranteed. They are located at 221 Second street, Albany.

## IRVIN'S GARAGE IS BUSY

Agent for the Willy's-Knight, Overland 4 Cars and the Exide Battery

The Willy's-Knight car is one that includes all the decided and basic changes that have been made in the motor car industry and is famous for its marvelous sleeve valve motor. It is a car where the whole design has been simplified and all the non-essentials eliminated. The result has been in accordance with the general tendency of motor car builders, that of producing as simple a car as was practical. This car is the leader of the medium priced car. It is the car that has the quiet motor, and only begins to get limbered up at 10,000 miles. A manufacturer, of Buffalo, writes the company: "I have driven my Willy's-Knight 75,000 miles and body and engine are in perfect condition." A garage mechanic from Walnut Grove, Ill., writes: "I have driven my Willy's-Knight over 100,000 miles and it is certainly giving satisfaction."

Their Overland 4 has many admirers and staunch supporters. This is the car that has caused no little sensation in the way it performs. Take advantage of your first opportunity to talk with the owner of one of these cars. Ask him if the car is economical on gas and oil. Ask him if the car has plenty of power. You will find him just as enthusiastic over the performance of his car as he was the day he bought it.

The new prices going into effect on March 6 are: Overland touring \$695; Willy's Knight \$1595.

This garage is agent for the Exide Battery and their battery station is in charge of competent men, who are courteous in their treatment of customers and render first class service.

The Irvin Garage is located at 324 Broadalbin street, Albany, Oregon.

### Two Could Play That Game.

A hundred years ago a wealthy bachelor, named Paige, who lived near Albany, R. L. gave a party; one of the young ladies left a glove. Mr. Paige returned it with the following note: "If from your glove you take the letter G, that glove is love and that I have for thee." The young lady replied: "If from your name you take the letter P, that Paige is age and that won't do for me." The story is vouched for by a friend of the Outlook, whose grandmother had it at first hand.—The Outlook.

If you are needing printing of any kind you can do no better than by coming to The Tribune.

J. F. Wesely Enjoys Large Trade and Carries Nice Line of Furnishings & Notions

The above mentioned store is one of the business concerns of Scio that is certainly worthy of being classed among the most popular and progressive establishments of this city.

J. F. Wesely, proprietor of this well known store, possesses the happy faculty of recognizing the needs of the public and promptly catering to the demand. The merchandise handled by this store, whether in popular brands of groceries, staple articles in the notion line, or gent's furnishings, are always such as to give the highest satisfaction to the many patrons of this store, who have learned by past experience that in quality of goods, excellence of attention and reasonableness of price this store is unexcelled.

It is also a well known fact that a child sent to this store for goods receives the most careful attention, and can buy articles at the same price as an adult, which fact is only one of many excellent reasons why this store is so popular and enjoys such a large patronage, which is not by any means confined to the city, as the fame and good name of this establishment extends far out into adjacent territory.

It is such institutions as this store that makes a town's reputation in the surrounding country, and we may confidently congratulate Scio on having such a popular concern within the city limits. To add to this popularity, Mr. Wesely has recently added a nice line of gent's furnishings, which met with instant approval of the men.

## NEW AND OLD FEATURED

Albany Furniture Exchange Is Building Up Big Trade on Square Dealing to All

This establishment is one of the firms that is not satisfied with a stock of a few chairs, tables and bedroom sets. When they started business they determined to keep in stock just about everything in the furniture line. Anyone who has ever purchased from them, or ever been in their store, will have to acknowledge that they were successful in their determination. We venture the assertion that but few stores in the larger cities can be found with a more complete stock of furniture. And when we say furniture, we do not mean merely tables, chairs and a few beds—we mean library tables, dining tables, buffets, china closets, davenport, full suites for every room, as well as individual pieces and scores of other articles to numerous to be listed in the space at our command.

They handle the celebrated Red Star Vapor Stove, that looks and cooks like a gasolene stove but uses kerosene for fuel. In the matter of ranges they handle the Universal and Lang and also handle the Colonial Pipeless Furnace.

Whether you want furniture of moderate price or the most expensive kind on the market, you will find that this firm will give you value received for your money. This store is one of the most important business concerns in Albany, and serves the public at all times in the most efficient and capable manner, and give their customers valuable merchandise coupons. They carry a full line of dishes and cooking utensils, and in fact "everything to furnish the home with." They maintain an exchange department for used furniture.

The management of this store is in the hands of thoroughly competent men whose dealing has won for them a large patronage.

### Bids Wanted

The School Board of District No. 95 will receive bids for wood, as follows:

30 cords, 4 ft. second growth fir, 5 cords, 16 in. big fir, to be delivered and stacked at the school house not later than July 15, 1922.

The bids must be in the hands of the District clerk not later than April 20th, 1922.

The School Board reserves the right to reject any or all bids.

J. S. STICHA, Chairman.  
ANNIE D. BARTU, Dist. Clerk.

Let the Tribune do your printing.

Uncle Ben says: "I went to a swap social the other night. Everybody was supposed to bring something they didn't need. Most of the women brought their husbands."

## It's Different Here

There isn't a thing in our immense stock but what each one needs—we need—and we will "swap" with you, and the price is right. You will do better here month in and month out, than you can do elsewhere.

## Kodak Time Is Here

You take pictures on your trips, don't you? Can you do your own developing and printing? If not, we suggest that you bring your exposures to us. Our work is first class and we do high grade
