ATTENTION PLEASE!—The Meadow shade dairy wants you to know—

That the rest of the week 1 qt. of buttermilk goes with every pound of Meadow Shade butter.

That Meadow Shade is made from pure, sweet milk only.

That Meadow Shade is sold with a guarantee. If it turns stale or rancid bring it back.

That any one manufacturing a staple article like butter is subject to bad luck, as their cream may become too ripe or sour, and such will make butter turn rancid in a short time.

That from now on if I have any trouble with it, the butter will not go under the name of Meadow Shade but will be sold as cooking butter, at cost price.

That I want you to try Meadow Shade butter.

That your credit is good.

That I pay two cents more for eggs in trade.

Thank You,
Meadow Shade Dairy.
E. A. Wagner, Prop.

Garden

The average farmer is a little careless in the selection of his seed. Experience has taught that care in seed selection has more to do with the success of crop production than any other part. Before you buy, look over the stock we have just received, which we guarantee to be Western Grown and of the best quality. Our Potato line is the Burbank, Netted Gem and Early Sunrise.
