

SATURDAY TO BE RED-LETTER DAY

State Secretary M. J. Duryea to Fire the "Guns" for Community Club in Scio

INTERESTING PROGRAM

Organization to Include Men and Women and to Embrace All in the Forks of the Santiam

The General Committee is hereby called to meet at the K. of P. hall Friday night to meet M. J. Duryea, the speaker, and to transact whatever business may come before it. The hour is 7 o'clock, so those who want to may attend the graduation exercises at the high school.

I. V. McAdoo, Chairman
Milo Bartu, Secretary

The greatest event in the history of this community, and which it is believed will redound in untold good to every citizen, will take place next Saturday, May 20, in the Z. C. B. J. hall, beginning at 2 o'clock, when the preliminary "guns" for a huge community club will be fired in song and speech.

For some time now, in fact ever since February, the need of a united community has been discussed, and finally resulted in the naming of a community committee to arrange a monster meeting for the purpose of organizing a community club. This committee, composed of men from every section, met at the city hall in Scio on Saturday night, April 22, and formulated plans for organizing on Saturday, May 13, but this date had to be abandoned and the date of May 20th substituted because of the fact that the speaker, M. J. Duryea, of the State Chamber of Commerce, was billed for another city on that date.

But he's coming, and will arrive in Scio Friday evening. He will have a message for all of us. He knows community club work from all its various avenues. He wants every man and woman from ten miles around to hear him. He knows you are busy, that the season is late, but he feels that his message

WITH this issue of The Scio Tribune, we are giving our readers a pictorial review of the graduates of the 1922 class of the Scio High School. It is probable no class has ever been graduated from the local High School under more favorable circumstances than is the class of 1922, and though probably not as large as in some classes in the past, the students have made up the difference in "pep." The class program occurs tonight and commencement exercises tomorrow night, both taking place in the High School auditorium. The class has worked hard in all its duties, the teachers have been painstaking, the school activities have been held up to high standard, and, as a whole, the entire year has been one of remarkable achievements.

The Scio High School is a standard high school. Its graduates can enter any college or university without further examination, and for a small community, the Scio High School is second to none. The Student Body of this school is the business organization of the high school students, and has been very active this year, having staged many pleasant and profitable entertainments, in this way financing all expenses, and in other ways taking active interest in things that will make them better men and women and more fitted to cope with the trials and tribulations of life. The gymnasium bond drive was one of the big undertakings of the Student Body, and its success is proven by the building now in course of erection, and which will shortly be dedicated.

Too much praise cannot be given the teachers and students for the work of the past year, in the grades as well as the High School, and the progress thus made has been noted by parents who have children that will enter high school this fall, and many have definitely decided on Scio High. The cost of maintaining a student here is less than anywhere else in the valley, and those who have doubts as to where they should attend can make no mistake in coming to Scio. The following are the 1922 graduates:

MARY SHIMANEK "Mary"

MAURICE WHITE "Buck"

ETHEL ZYSSET "Et"

OUR POLITICAL RECOMMENDATION

Careful Investigation of Men and Platforms Cause This Paper to Comment

VOTERS ARE TO CHOOSE

Choice Founded Upon Records Made and Our Belief That They Are Sincere

Not going into detail concerning the fitness or unfitness of each candidate, even though advertisements for certain candidates have appeared in our columns, our conclusion is after a careful study of the characteristics and business acumen, in and out of office, of the men who are candidates for the several offices in the republican primaries, that the following more nearly represent the beliefs and desires of the electorate, and as the choice of this paper, recommend them as worthy of the support of our republican readers:

For National Committeeman, the present incumbent, Ralph E. Williams.

For Congress, A. W. Norblad, of Clatsop county.

For Governor, J. D. Lee, of Multnomah county.

For State Treasurer, O. P. Hoff, present incumbent.

For County Commissioner, short term, D. C. Thoms; long term, G. A. Gefeke.

For Justice of the Peace, Dist. 11, write in name of I. V. McAdoo.

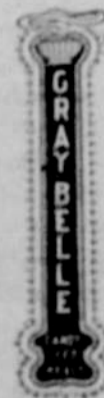

For Constable, Dist. 11, write in name of J. N. Weddle.

DEMOCRATIC TICKET

There are not many candidates on the democratic ticket, but all of the few are extra good men. The ones whom we believe will serve the people best are:

For National Committeeman, Will R. King, of Multnomah county.
