AUTO TUBE
"TON TESTED"

THESE husky, generously oversized tires, in addition to the remarkable service they give, are built for safety.

The tread of four rows of sturdy vacuum cups is guaranteed not to skid on wet, slippery pavements.

Vacuum Cup Cord Tires are in keeping with all our accessories—the best at any price.

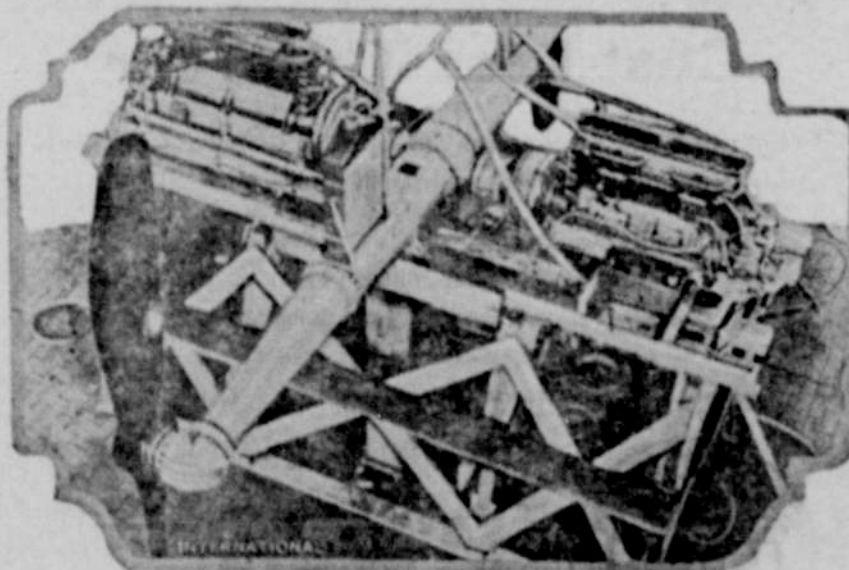

ISN'T a tube that lifted a touring car, expanded to sixty inches in circumference, and then resumed its normal shape without the least harmful effect, worthy of your good casings?

The guaranteed tensile strength of the "Ton Tested" Tube is 1 1/2 tons per square inch. Yet it is priced on a parity with just ordinary tubes.

Motors of New American Dirigible

A view of the giant motors and the propellers of the new dirigible that is being built by a rubber company and is expected to take the place of the ill-fated "Roma," which exploded while on flight at Hampton Roads. The new dirigible is 170 feet long, of the non-rigid type, and has a capacity of 180,000 cubic feet in the compartments of the bag.

Distinguished Visitors Here

Saturday night Dr. A. G. Prill and wife were agreeably surprised when the families of two old college chums drove into Scio and called at their home. These chums were Drs. Will and Marjory Potter and Dr. McPhearson, wife, son and daughter, of San Diego, Cal. Drs. Potter will be remembered by our citizens as having lived here with the Prills in 1917, and soon after the U. S. entered the war Dr. Will Potter entered the service from Scio and served for 20 months overseas. Returning from "over there," the three doctors located in San Diego, and have continued their practice there. Dr. Marjory Potter and Dr. McPhearson are brother and sister. They remained until the 4th, and their visit was greatly enjoyed.

Breaks Frame on Truck

While pulling a heavy load of crushed rock from the crusher last Friday afternoon, the frame on one of the large Mack trucks being operated by the Day Motor Co., of Albany, in hauling to the cemetery road, in some manner snapped in two near the driver's seat. It was brought to the blacksmith shop of C. E. Kendle, who with his acetylene welding machine, soon had it repaired.

The crusher is working to full capacity now under J. T. Brock, and it will not be long until the cemetery road is in good shape. This road has been held up for a long time and it is needed for easy ingress to Scio.

Tom Prosal is the owner of a new Overland purchased from Bartu Motor Co. It was delivered Sunday.

Lynn Bailey has returned to his home in Medford, after a week's visit with his mother, Grandma Bailey.

Johnny Densmore, who is taking instructions in Radio at Portland, came up Saturday night and remained over the 4th.

E. C. Shelton and wife spent the week-end up Thomas creek fishing and camping. Ench didn't say how many fish they caught.

Harry Johnston came down from LeBam, Wash., Monday to spend a few days with his family. He says sawmills are busy up there.

Roy Shelton whizzed into town on the tail-end of a motorcycle Monday evening to spend the 4th. He likes his work in Salem and says it keeps him busy.

T. G. Holt has purchased his fifth Ford car from Fred Bilyeu, and with a new Fordson tractor, it makes six all told. A pretty good record for one man.

Two correspondence arrived too late to be put in type, for which we are sorry, but being alone, we have too much for one man to do. We hope to have help next week.

Mrs. A. H. Cousins, of Seattle, accompanied by her daughter, Ruth, arrived last night for a two week's visit with her sister, Mrs. A. W. Hagey. This is her first visit here in about six years.

The following postal card explains itself: "Appreciate your articles, 'Man Asks, God Answers,' so much. The world needs to know what saith the Scriptures. F. E. Randell, Kansas City, Kan." We appreciate this kind word from a friend we do not know.

Mr. and Mrs. Eugene Hornback arrived home Saturday afternoon from the far-famed island off the coast of Mexico. Their postoffice address was Escuinapa, Sinaloa. They report the island no place for them and have returned to make Oregon their Home.—Albany Democrat.

Miss "Dolly" Bailey came up from Portland Saturday and remained over the 4th for a visit with her mother, Grandma Bailey.

Word has just leaked out, according to the Albany Herald, of the marriage on June 3 of Fred N. Williamson, county club leader, to Miss Katherine Waugh, of Toledo. We congratulate.

W. W. Harter and wife came up from Portland Saturday to spend the week-end with J. D. Densmore and family. Mr. Harter and Mr. Densmore are partners in a ranch which they visited Sunday.

Vandare Bilyeu, of Kalama, Wn., came up Monday for a visit over the 4th with friends. He has been working on the ferry there, but he doesn't like Kalama and wishes he was back in Scio. He expects to go to Yakima and work through the fruit harvest.

Fred Bilyeu went to Portland last Friday on business. He wanted to catch the early train at Jefferson, but missed it by three minutes, so Mrs. Bilyeu took him to Salem, where he had five minutes to spare. They left Scio at 6 o'clock and Mrs. Bilyeu was back home by 8:10.

Fred Bilyeu has made arrangements for the big Ford Caravan to come to Scio on its trip through Willamette valley. This caravan is attracting a lot of attention wherever it stops, and no doubt the entire community will be here when the date is known. Watch for the announcement.

Mrs. Katherine Kester returned Sunday from a visit with friends in and near Portland. While away she visited the family of Walter Bilyeu and found them doing well in their new home at Kalama, Wash. She says there is a great scramble for the Tribune when it arrives.

A lady, a complete stranger in Scio, stopped at a business house yesterday morning and asked if there was a newspaper published here, and the business man replied "there is a thing published around the corner." We had hoped that the Tribune was boosting enough for every business in Scio that at least each business man could speak kindly of it. This lady had lost a suit case between Jefferson and Scio and wanted to advertise it. She said Scio needs boosters.

Joe Warwick has received word from Dr. S. C. Browne, to have his hay cut and put in the barn, and that he would be back shortly. Inference is naturally drawn that the

all is not good down there in Palmitto, Del Verde, and that the salesman who disposed of this island to Oregon buyers was wise when he did not sell to poor people. This paper has commented on neither side of the virtue of the island nor has it any way influenced any one in buying there, and had hoped that our local people would find a way to get their money back.
