

## The Health of the Throat

By D. O. L. SCOTT, C.

The health of the throat is a great comfort to all of us but to the singer it is a thing of first importance. Throat colds are nuisance to any one, but to singers they are a bug-bear. Quite often those who are chronic sufferers are told they will always suffer until the tonsils are removed. It is rare indeed that an operation is necessary. In nineteen cases out of every twenty where an operation is advised the chiropractor finds it unnecessary.

The throat condition is as dependent on spinal nerves as any other part of the body. When there is a chronic condition of throat trouble the cause is invariably found to be in the pinching of spinal nerves, and this condition is readily corrected by chiropractic spinal adjustments.

### Concert Singer Finds Remedy

"There is no profession where perfect health is so essential as that of the singer. To be in the pink of condition every singer knows that it is necessary to be rid of that bug-bear of all singers, 'colds.' Any trouble, whether in the larynx, pharynx or head is so easily remedied by the skilled doctor of

chiropractic that if all singers could have experienced the rapid relief which I have, the chiropractors would have more than they could do. My advice to singers is to put yourself in the hands of a competent chiropractor and forget your troubles."—Katherine Noack Figue, in "The Chiropractic News," which calls attention to the well known ability of Mme Figue as a concert singer.

## Local News Notes

G. L. Sutherland attended the Riverside Community meeting Saturday night, southwest of Albany, and reports a splendid meeting and a large attendance.

A new born baby was found floating down the Willamette river near the inter-county bridge Thursday. Some poor girl was fooled and foolish. The police are investigating.

Mrs. J. W. Compton, who has been quite sick, shows some signs of improving, despite her years, being 86. Her many friends are hoping for her continued improvement.

Tony Faulstus, Mylo Bartu, Bohemial Shiller and others from Portland are leaving for Riddle, where they will hunt deer for about two weeks. Don't tell the deer—they want a few.

Otis Compton came over from Stayton Saturday night to spend Sunday with his mother. He was accompanied by a friend. Mrs. Compton says she gave him the best dinner she could.

Where do you sell your cream? Have you tried the Mutual Creamery Station at the Meadow Shade Dairy? Best prices, and prompt payment, and full weight. Sell us your next can of cream.

Mrs. G. H. Bilyeu, of Lebanon, who with her husband has been sojourning at Tekoa, Wash., and who was called here by the accidental death of her brother, O. M. Shelton, was a pleasant caller at the Tribune office last Friday.

Russell Hecker, who was convicted of the murder of Frank Bowker, a Portland musician, on July 10, and sentenced to hang on Sept. 22, has been granted a stay of execution pending an appeal to the Supreme Court. The attorneys have been granted until Sept. 5 to file briefs.

Harvey McLain, son of Mr. and Mrs. W. H. McLain, who live on route 2, left yesterday for Iowa City, Iowa, where he will teach chemistry in the college there the coming school year. Harvey is a graduate of the Willamette University. His many friends here wish him success in his new undertaking.

J. D. Isom, of Albany, candidate for the long term county commissioner on the democratic ticket, was in Scio Monday making new acquaintances and incidentally telling the people of his candidacy. Mr. Isom called at the Tribune office and we found him a man of broad vision and with good ideas of road construction.

### Baptist Church Services

Sunday school each Sunday at 10 a. m.

Preaching and public worship the second and fourth Sunday at 11 a. m. and 8 p. m.

Everybody welcome at all these services. J. R. Parker, pastor.

### Raisin Creams.

Chop seeded raisins very fine and work into them a scant third of their weight in granulated sugar, using a few drops of strained honey to hold together. Mould into any desired shape and dip into melted unsweetened chocolate. Lay well apart on waxed paper until quite cold and firm.

## PEOPLE'S COLUMN

[Editor's Note—We are glad to give space to the people of our community on topics of the day, but ask them not to become personal or abusive. Each contributor must sign name, not for publication, but for our protection.]

Scio, Ore. Aug. 14, 1922.

Editor Scio Tribune: The failure of Hon. Walter M. Pierce to fulfill his promise to debate the single tax with J. R. Herman at Scio Aug. 12, which was a decided disappointment to his many friends and admirers in this locality, now therefore, Mr. F. E. Coulter, of Portland, has kindly consented to debate the income tax. (Mr. Pierce's pet remedy for the tax situation) at Scio or any other convenient place in Linn County. Mr. Pierce to set the date and place, when and where he will debate the income tax—It is assumed that Mr. Pierce is no better than Abraham Lincoln, who was willing to prove to the people his fitness for public office in open debate. The people want relief from this ever increasing tax burden, and we believe Mr. Pierce will now have the courage of his conviction to come and discuss openly this theme to which he has given much study and which the people would like to hear.

We are writing Mr. Pierce asking him if he will not come and discuss this measure upon which we are to vote, for or against, in the November election. We are sure his many admirers in this vicinity would be glad to hear this discussion as an educational feature.

G. L. Sutherland

Calpella, Cal., Aug. 9, 1922.  
I. V. McAddo, Scio, Ore.

Dear Sir: Yours of 8, 5, 1922, received and contents noted. I am desirous of all the information I can get in regard to your community, as I am planning to locate in or near your location in the near future. According to the map I have, Scio is located 12 miles from Albany. Is that correct? What kind of a road is there from Scio to Albany? What kind and how much of a crop is raised with your average season's rainfall, also under irrigation? Have you an irrigation project for gardening and crops in general? At what season of the year do you have coldest, or north winds (I ask this in regard to poultry raising) and how long do they last?

The Scio Tribune sent me a few days ago, has no ads. in regard to mills, machine or blacksmith shops, etc. I would like the names of the blacksmiths who are in business in Scio. Are there any mills of any kind, or packing houses for produce that helps to support your population? What is the percent of taxation for \$2,000 assessed valuation at present?

I have 30 acres to dispose of here and will have \$3,000 to invest. Must go north for family's health.

Thanking you I remain,

C. E. Hunt, Calpella, Cal. P. S. What kind of game is there close and how is fishing?

### Circus Coming To Salem

Made even more tremendous than in 1921 by the recent addition of many more trained animal displays and the purchase of Europe's biggest horse show, Ringling Brothers and Barnum and Bailey combined will exhibit at Salem, August 26, 1922.

All who glance over the cable news or who read the magazines must have noted the many contracts entered into by the Ringling Brothers for foreign talent last winter. A special ship was chartered this spring to bring the hundreds of

human performers, trained animal acts and equine displays to America. More than a million persons saw the mammoth new circus of 1922 during the weeks that it exhibited in Madison Square Garden, New York. Now this marvelous exhibition is touring the country aboard five great railroad trains. It is a third bigger than Ringling Brothers and Barnum & Bailey show of last season. It is ten times larger than any other circus now on tour.

Big as is this wonder circus of 1922—with its more than twenty trained wild animal displays in steel arenas, fully 150 schooled trick horses, 700 men and women performers, 100 clowns, and scores of features—the price of admission is no more than before. And though the trained animal numbers and the immense horse show were circuses in themselves while touring Europe, they are not offered as separate attractions by the Ringling Brothers and Barnum and Bailey combined shows. Instead all are on one gigantic program. Everything is in one mammoth main tent. One ticket admits to all and includes admission to the tremendous double menagerie. There is more than a thousand animals in the zoo of this circus and these include a tiny baby hippopotamus only recently born, and accompanied by its three-ton mother. Another remarkable zoological feature is an armored rhinoceros, the only one known to exist and for which the

Ringlings recently refused an offer of \$30,000.

### A Verbal Salad.

The following telegram, writes an Irish reader, was sent by a constable from an outlying district to his sergeant: "Motor just passed at furious rate in direction of town. Killed huffer, containing four gentlemen and two greyhounds, one of which was a clergyman."—London Morning Post.
