

*When you order by Phone~
say PEARL OIL*

Be sure your dealer gets the order right, because Pearl Oil isn't just kerosene. It is a Standard Oil product, refined and re-refined by a special process which turns out the best and most economical fuel obtainable for oil heaters, lamps and cookstoves.

A good oil heater is clean and easy to operate—if you burn Pearl Oil. The touch of a match brings a cheery warmth when and where it is wanted and at very little cost.

At dealers everywhere. Order by name—Pearl Oil.

Scio Business Men

(Continued from page 3.)
tracted a legitimate debt and we must make provision to pay it as it becomes due. A. W. Hagey said he was in hearty accord with all remarks made. This completed the speaking part of the program, except I. V. McAdoo, who strongly urged a business men's organization, and those present unanimously agreed with the speaker. The chair-

man then asked what name should be given the organization. Three names suggested, Scio Business Men's Association, Chamber of Commerce and Scio Commercial Club, and a vote favored the former name by 6 to 1. Dr. Prill was chosen temporary president and I. V. McAdoo temporary secretary.

On motion the president named a committee of five to name permanent officers and draft a set of by-laws and report at the next meeting, which will

PUBLIC SCHOOL

Vote 314 x Yes

The purpose of the compulsory public school attendance bill is to insure the instruction of all Oregon children of grammar school age in a common language, a common history and common ideals, to the end that American unity shall be promoted, American ideals safeguarded and American institutions perpetuated.

This bill is proposed because its supporters believe that only by universal education of our children on standard and uniform lines can these things be achieved.

This bill proposes no religious restrictions. It contemplates no limitation of the right of the parent to teach religion to his child in his own way and according to his own belief. It raises no issue of religious difference.

This bill is purely a measure to insure that all children by attending the public schools shall be taught alike during their grammar school years, so that their outlook may grow to be a unified outlook for the common weal and for their country and its institutions.

To make an all-American nation we must have all-American instruction of our children along recognized standard lines. Ignorance of American ideals and institutions and language is the greatest menace to them, because those who do not understand them properly do not support them.

be Monday night, Oct. 30, at the same time and place. The committee is E. D. Myers, H. E. Tobie, Mylo Bartu, O. E. Eichinger and N. I. Morrison. To make arrangements for the eats at next meeting the president named J. F. Wesely, D. C. Thoms and F. I. Bilyeu, and they no doubt will have something good.

The next business to come before the meeting was the city election, and filling of the several offices to become vacant. After considerable discussion, a motion was made and unanimously carried that the present city dads again take office. They are: Mayor, A. G. Prill; city recorder, Mylo Bartu; treasurer, E. D. Myers; marshal, N. I. Morrison, to take place of Henry Shelton; councilmen, R. M. Cain, W. J. Chromy, Frank Bartu, F. T. Thayer, J. L. Kelly, I. V. McAdoo and A. E. Wagner, who is to fill the vacancy that has existed for several months.

It was a good meeting and will reflect credit upon the business men in the benefit the community will receive.

The following were present: Fred T. Bilyeu, N. I. Morrison, J. B. Couey, Dr. C. Fieg, A. W. Hagey, J. D. Denmore, B. W. Siller, A. E. Wagner, Mylo Bartu, W. F. Gill, O. E. Eichinger, H. E. Tobie, D. C. Thoms, I. V. McAdoo, J. L. Kelly, Dr. Browne, Dr. Prill, J. S. Sticha, E. D. Myers, Sam Stoller, Frank Bartu, Thos. Large, F. Kruml, R. M. Cain, Walter Holechek, Jerry Holechek, J. F. Wesely, H. L. Shelton, J. N. Weddle, Dean Morris, H. L. Ballin, R. L. Hixson, Art Chandler, James McKinlay, John Crawford.

Local Brevities

The city council meets tonight to appoint a budget committee and also appoint clerks and judges of the city election, which occurs at the same time and place as the state election.

Sheriff Dunlap was in town yesterday on his way to Kingston to arrest Mrs. Bertha Shepherd for disturbing the peace of Mr. and Mrs. Sandner. It was reported one day last week that Mrs. Shepherd had been arrested, but this was untrue.

Mrs. Fred Bilyeu returned home Friday from Portland where she has been for four days as representative at Grand Lodge Pythian Sisters for her local Temple. She reports one of the busiest sessions in years. Mrs. Wm. Hogan of Albany was elected to succeed Mrs. Wortman, of Medford, as Grand Chief of Oregon for the coming year.

I. G. Hoagland has returned from the grand lodge of the K. of P., which was held in Portland last week. He reports a good time and considerable business attended to. He says it is quite probable that at the next meeting of the supreme lodge the matter of allowing all past grand officers a seat in the grand lodge will be prohibited.

The first accident of the pheasant season was reported Sunday when Walton Newton, a 15 year old boy, was accidentally shot in the left leg below the knee, while hunting near Thomas. The boy was rushed to the Scio General Hospital for medical treatment. He was quite serious yesterday, but is showing improvement to-day. Dr. B. R. Wallace, of Albany, was called for consultation.

The Busy Bee Club of the Christian church, who gave an entertainment in the lower part of the I.O.O.F. hall Friday night, to raise funds to help the repairing of their church, was attended by a very small crowd but every one that was there reports one of the most enjoyable evenings spent for some time. It is a shame that there was not a larger attendance to help the younger folks in their undertaking in this kind of work.

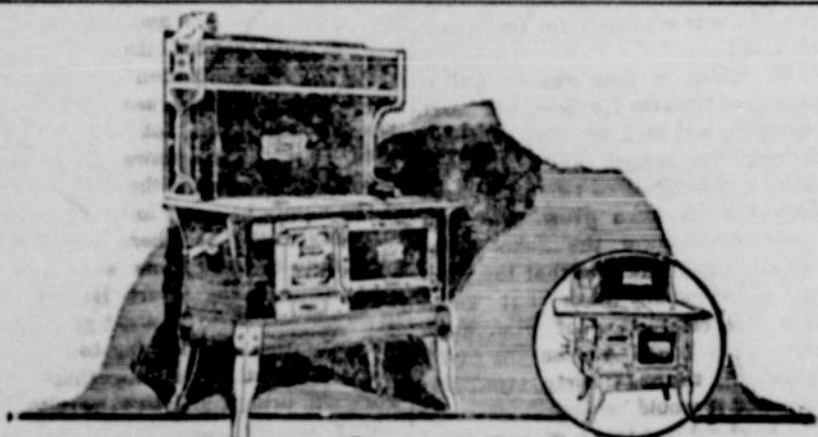

F. J. Craig, of the McKenzie fish hatchery, and game warden Hawker were in Scio Saturday with 60,000 Rainbow trout, ranging from 3 to 5 inches. 30,000 fish were liberated in Bilyeu Creek and 30,000 in Thomas Creek. On opening the cans in which they were shipped in, it was found that there were only four

dead fish in the lot which had been brought here by truck from the McKenzie hatchery about forty miles above Eugene.

The work on the highway through Jefferson is progressing nicely, and if nothing happens will be connected with the bridge by the end of the week. It is also reported that the same contractor will immediately begin the construction of hardsurfacing the road between Jefferson and Green's bridge. If true, this

will mean much to the citizens of Scio. Why not begin agitation for completing the hardsurfacing of the road from Green's bridge to Scio. Would it be asking too much? We think not. What say you?

Many people were disappointed last Thursday when they could not get into the bank, but were satisfied when they learned it was Columbus day. Oregon is one of the few states recognizing this day by law. It is not a national holiday.

*Holds fire longer—
thanks to the hot air draft—*

THE HOT AIR DRAFT and the HOT BLAST PRINCIPLE are exclusive patented features of every LANG range manufactured. Forcing the flames entirely around the oven, thoroughly and uniformly heating every inch of cooking surface, this principle of stove construction has proved itself the most economical, convenient and generally satisfactory heating method ever invented. The Alaska range pictured above is ideal for the smaller kitchen, possessing all the features of our larger models. Every heat unit is utilized, enabling LANG stoves to operate at less fuel expense than any other range manufactured. A visit to our store will convince you that your next stove will be a
