The hand that used to rock the cradle now seems to be hitting the typewriter.

The use of cosmetics is going to far, with all these folks putting on coats of tar and feathers.

Question is what will the anti-short skirt howlers say, if in the near future the women don't wear any skirts at all.

Tramps and hoboes are making for the south now, for if they stayed up north they might get put to work shoveling snow.

The howls with which the people receive their increases in taxes is only equalled by the loud shouts with which they vote for costly public improvements.

Don't forget the men on the ticket from this community. They are men well known, of high character and good business. They are O. E. Eichinger, for sheriff; D. C. Thoms for commissioner; S. H. Goin for representative. When we urge the election of these men, we are not unmindful of the fact that good men are on the ballot from other communities, but these are home men, and deserve support.

There is nothing good in the income tax bill now on the ballot, and it should be defeated. It was not honestly conceived, and works a hardship on the men and women least able to meet its exactions. Whether you believe it or not, the ultimate consumer pays all the bills—taxes and everything—as taxes and the like are figured in the overhead. Three measures should be defeated—single tax, income tax and the compulsory school bill.

Linn county has a measure on the ballot to allow her to assess herself in excess of the 6% tax limit, in order that the outstanding warrants may be paid. There is no way to beat these debts except through bankruptcy, and Linn county is not bankrupt. The debts have been incurred, whether justly or not matters little. The fact is we have about \$600,000 in outstanding warrants, they have been earned, and are drawing big interest. This interest is eating up taxes without reducing the debt to a noticeable degree. By bunching them into one big bond issue, the interest will be lightened, and the debt reduced according to the sale of the bonds. This bill should be carried.

On another page of this paper will be found an advertisement for the 1927 World's Fair, which it is planned to be held in Portland during that year. The city of Portland asks that it be allowed to tax itself for this purpose, and it looks like this will be granted, and in our judgment it should be. It is said that in a few years after the Lewis & Clark exposition, Oregon nearly doubled her population, and if this

can be accomplished with the 1927 fair, Portland will have done wonders for Oregon. To be sure, if the measure passes, there will be money needed for buildings, etc., to properly put Oregon's resources before the people who will come to see the fair, and this would be done, no matter where the fair should be held within the confines of the United States. Let's give Portland her wish—we will never regret it.

TUESDAY'S ELECTION

There is much to be said for and against any candidate now before the people for choice. It is a shame and disgrace for so many being in the field in Linn county for Sheriff, but it is a problem that cannot be solved by any candidate at the present time. Rumors have it that some have been brought into the field in the interest of some one candidate, but of this we do not know.

If this situation really exists, and some one has been brought into the limelight because of the dislike of some who had been announced and are in the race, the shame is not on the candidate, but upon the parties guilty of muddling affairs politically. There is no doubt but that all are worthy men upon the republican ticket, and also the one on the democratic ticket, but there should be but one in the field from the former party. It seems to this paper that a good plan to bring peace in the ranks would be to hold an elimination meeting with the candidates, and they to select their representatives in their behalf, say two in number, and all these men get together and select the man most fitted for the office. This paper makes this suggestion in all fairness to all candidates, and let the one selected to make the race re-imburse the ones eliminated for the expense he has been at. Why not try this, as we understand one or more of the candidates are willing to such a move being made and will abide by the decision of the meeting and have representatives at the meeting.

SANTIAM FARM NEWS

Oct. 31

The old man returned Friday from his trip to Clackamas county, where he was visiting the family of his daughter, Mrs. Ida Graham, who lives on Elliott Prairie. He had a fine time and saw lots of good hard surfaced roads, which makes it easy to get around. Potatoes up there are selling at 50c a sack, are of small size, and many patches are not yet harvested, the rains keeping the vines green.

Eldon Griffin came down from Hamilton Creek Sunday. He is spending the winter with Oscar Fillpot as a farm hand.

The Pie Eater amused himself Sundry filling up the ruts on the new gravelled road, which would soon be impassable because of the soft dirt underneath and the gravel being pushed out to one side.

Our school pie and basket social will be held Friday night, Nov. 3, in place of Hallowe'en, at the school house. Bring your pies and baskets and have a good time. Don't forget the money, either.

Joe Kalina is here from Portland in his brand new car, and is visiting his brother, Ed. He surely must be ready for his new cook.

The Pie Eater and good wife called at the Bummer's hotel Saturday and was sorry to learn that we would soon be out of a place to eat when we come to Scio. Rumor has it, and rumor only, that a very nice old gentleman from Shelburn is trying to pay her visits—we mean the lady of the inn—that he has called a time or two, and that she was away,

but now she is planning to stay at home so—it is home now for us, no place to go for our eats, no matter how nice he is, it is best we do not meet.

Our road boss, W. A. Gilkey, came out Monday with a grader and tractor to fix our new road. He got 100 yards on it, mired down, had to back out and go a mile around to back on the road.

Oregon Made Home Knitting Yarns
A great surprise for the home knitters of Oregon, but still a fact. Furthermore, this yarn is absolutely virgin wool yarn; the wool was grown in Linn county, sold by Mr. Sanders to the Oregon Worsted Company (mills located at Sellwood), made into worsted yarn by Roy T. Bishop, son of C. P. Bishop, proprietor of the Woolen Mill Store of Salem. Oregon knitters try this yarn out. All colors, 45c per ball of 2 ozs. Samples sent on application. Address C. P. Bishop, Box 75, Salem, Oregon.
