Good idea for motorists to have
non-skid tires, but a lot of them al-
so need non-skid brains.

The young men are interested in
education to the extent of investi-
gating which is the prettiest school
teacher.

The world has forgotten about
the fourteen points, but is anxiously
awaiting next spring when it brings
the nine innings.

There is a feeling among the child-
ren that the movies should be re-
formed so that it will be safe for
their parents to go and see them.

Not many people nowadays can
handle the hammer and saw, but
there are a lot of people who can
use a two-edged tongue in cutting
up the character of their neighbor.

Some men who are unable to
physically wield an axe in splitting
fire wood, have mighty good strength
in wielding sledge hammer plows to
their fellow men when the victim is
not around.

The United States army has ad-
vertised 106,500 currycombs for
sale. Some of the habitues of Scio
who have a penchant for combing
people without regard to truth
might get a few of them and comb
the scales from their own eyes.

The high school pupils are making
the attempt to make their word and
promise good toward paying off the
debt incurred in building the new
gymnasium. In their paper they
call attention to the big dedication
and dance for the 25th. A good
time for all is promised on that
occasion.

This seems to have been a demo-
cratic year, and it is what was
coming to the republicans for the
manner in which they have mani-
pulated economic affairs. New
York elects a democratic governor
and Indiana elects a democratic
senator, as well as have all states
done the same when the men on
the republican tickets were known
as stand patters. It is time for the
republican party to begin to turn
its face toward the sun—darkness
will never bring them out so they
can see the trend of events. Ore-
gon is in the democratic column
again and would have elected a
democratic congressman from the
first district had one been on the
ticket.

Now that politics is out of the

way, it is well for us to begin
to think about Thanksgiving.
President Harding, by proclamation,
has designated Thursday, Nov. 30,
as Thanksgiving Day, and called up-
on the people to stop from their
labors on that day and give thanks
to Almighty God for the many bless-
ings that have befallen us during
the past twelve months. For life
and health we should be thankful,
but for the blessings that have come
to most of us—well, what have they
been? Most of us are poorer than
we ever were before; hardships, false
accusations and less neighborliness
is the lot that has been meted out
to those who cannot see as a neigh-
bor the perplexing problems that
are agitating the minds of the people,
and hence the unhappiness of the
people is greater today than ever in
the history of the nation. But it is
day of prayer, it is a time when we
should communicate with the Su-
preme Being, and in doing so we
will forget the troubles that have
befallen us during the past twelve
months. It is the day when our
forefathers received manna as from
heaven and they met and rendered
unto God devote thanks for the
blessings.

To Get \$300

Disabled war veterans of this vi-
cinity and Pacific Northwest taking
agricultural training under the di-
rection of the government on their
own or leased land projects will here-
after be entitled to a maximum of
\$300 from the government for farm
equipment, according to information
given out by L. C. Jessup, of Seattle,
northwest district manager of the
United States Veterans' Bureau. It
is believed that this provision will
stimulate training along agricul-
tural lines on the part of veterans
in line for rehabilitation under the
direction of the Veterans' Bureau,
he stated. Less money will be needed
by the veteran to establish himself
on a farm.

There are 230 disabled war vet-
erans in the Pacific Northwest train-
ing to become capable farmers on
their own or leased land at the pres-
ent time, Mr. Jessup said. These
men receive \$80 a month or more
from the government until they are
able to handle their land projects
without outside aid. A total of
approximately 500 other vocational
trainees of this district are learning
agricultural work of various kinds.

Veterans' organizations every-
where are pushing the congressional
measure known as the Knutson bill
which will, if passed, administer
loans on farm mortgage security to
disabled war veterans not to exceed
75 percent of the total value of the
farm real estate nor \$2000 to a man.
Not more than \$1,000 shall be ad-
vanced at one time.

British House of Lords.
John Wilson Croker, in a letter writ-
ten shortly before his death in 1857
mentions that going over to the lords
from the commons one evening he
noticed, as a fact, "not unimportant to
constitutional history," that every one
of the 30 peers then present had sat
with him in the house of commons.
"It shows," he says, "how completely
the house of commons has been the
nursery of the house of lords." There
are usually in the house of lords about
200 peers who have sat in the house
of commons.

Liquid Air Explosive.
When liquid air, containing from 40
to 50 per cent of oxygen, is mixed with
powdered charcoal it forms an explo-
sive which is said to be comparable in
power to dynamite, and can be ex-
ploded by means of a detonator. This
explosive has been tested in coal
mines. The liquid air evaporates so
rapidly that the explosive cannot be
stored, but must be used within a few
minutes after it is prepared.

Sure of Finding Fire.
When Alphonse Dindon, French mur-
derer, was on his way to the guillotine
with an unlit cigarette in his lips, one
of the attendants asked him if he
would like a match. "No, thank you!"
was the bland answer. "I'll light it
when I get there!"

Oregon Made Home Knitting Yarns

A great surprise for the home knitters
of Oregon, but still a fact. Further-
more, this yarn is absolutely virgin
wool yarn; the wool was grown in Linn
county, sold by Mr. Sanders to the Ore-
gon Worsted Company (mills located at
Sellwood), made into worsted yarn by
Roy T. Bishop, son of C. P. Bishop,
proprietor of the Woolen Mill Store of
Salem. Oregon knitters try this yarn
out. All colors. 45c per ball of 2 ozs.
Samples sent on application. Address
C. P. Bishop, Box 75, Salem, Oregon.
