The average per pupil for the other schools is as follows: Albany, \$47.06; Shedd, \$56.63; Halsey, \$43.92; Harrisburg, \$47.45; Brownsville, \$49.78; Tangent, \$82.62. Scio's average is but \$5.00 per pupil less than Albany's average distributed among 1381 pupils. Three schools in the county have a higher average per pupil, the average for one of these schools being \$20.00 per pupil higher than Scio's and the other \$30.00 per pupil higher than Lebanon. The school paying the lowest salaries had a special tax last year of 19.6 mills compared to 19.1 for Scio.

The salaries in Scio compared with the average in the county are as follows: Head of School (not including Albany and Lebanon where the salaries are \$2000 and \$3000) Average \$178.49, Scio, \$166.66; High School Teachers, average \$147.84, Scio, \$131.66; Grade Teachers, average \$107.05 Scio, \$115; Average of salary per pupil for county, \$47.79, Scio \$52.78.

A voter in a third class district must be, first of all a citizen of the U. S. (If formerly an alien he must have taken out his second papers and have received his citizenship before a naturalization court); he must be 21 years of age and be a bona-fide resident of the district 30 days immediately preceding the election; he must either be a taxpayer in the district as shown by the last county assessment or the head of a family having children of school age. If husband and wife have the deed to property made jointly and both names appear on the assessment roll they may both vote, but should only the husband's name appear on the assessment roll only he can vote.

If the property is in the wife's name, the husband may vote as head of the family and the wife as a taxpayer (other qualifications being all right.)

One who has acquired property since the last tax roll can not vote because of this ownership, for his name has not yet been placed on the assessment roll. One who has sold property since the last assessment roll is a legal voter if he was the owner of this property when the last assessment roll was made.

It is the ownership of the property at the time the assessment roll is made that counts.

Cruel Fooling.

A Connecticut woman played an April fool trick on her husband by telling him she was going to sue for divorce, when she had no intention of doing it. Some women don't know the difference between a joke and a disappointment.

High School Notes

A speaker was supposed to entertain the school on Friday afternoon but failed to come so a program was given by the High School and eighth grade students. The program was the following: Songs, "Old Black Joe," "My Old Kentucky Home," by the High School students, two songs by Freshmen not wearing green, two songs by the faculty, a song by four boys and a speech by Dellarer Sutherland.

The Christmas vacation will begin on Thursday Dec. 21st, and end on Tuesday Jan. 2nd.

The Junior English class which has been studying "Roberts Rules of Order" tried to put in practice what they had learned by entering into "The Committee of the whole." The discussion was on amendments to the Constitution by the High School.

The boy's and girl's basket ball teams are practicing for the big double header with Stayton here Dec. 22nd.

The Algebra class was informed that a test will be given Wednesday. This will cause some hard studying because the work is so difficult that one of the members of the class calls the problems "Brutes"

Ray McKnight was tardy Monday morning for the first time in three years. We are wondering if the clock stopped.

Permission has been received from the Board of Control, and contracts have been signed for a basket ball game with the State School for the Deaf, to be played in Scio, Jan. 10. This ought to be an interesting game so come out and boost your home school and team.

A student body meeting was held Monday for the purpose of adopting several new amendments to the constitution.

Don't forget the double header Friday night.

SANTIAM FARM NEWS

Dec. 19

Our expected snow storm has arrived and is three inches deep and the temperature hanging around 16 to 26, not bad weather for a snow storm—could be worse, still it is bad enough.

Ed Kalina and S. W. Gaines made a short run to Crabtree Saturday, finding Mrs. M. C. Gaines in very poor health being confined to her couch most of the time.

G. A. Griffin made a trade with some one at Crabtree, trading two small pigs for 40 bushel of fine potatoes, having them delivered.

Ed Kalina has lost some 15 sacks of fine potatoes from the freeze, as he had them in sacks for Uncle Tom Small.

The old man received word from his son, Theodore, that he is billed to be home for Christmas, as he is laid up with a fearful cold and rising in his ear.

We see since the snow sleighs and sleds are flying by like a bird on the wing, wasting no gas or oil; bearily hitting the high places. Autos are layed out as they can travel now as cheap as Bull beef, at a dollar a pound.

The Scio Bummer's hotel is preparing for a big Christmas Dinner for her son, Ira and wife, and Mrs. Holmes, of Dallas, and sends special invitation out to the Santiam Farm to call in for a square meal, as she only charges half price for Bummer's.

Mr. S. B. Cooper, of Lebanon, was around peddling Wade's medicine. The insurance says, "no cure no pay," so the old man secured two bottles of kidney medicine and one of cough syrup, which cured my

cough and Bronchitis.

One of the Albany butchers was around this section the past week hunting for beef, he found it very scarce. He called in at the farm for a square meal and horse feed, all for 50c. Says he will call again.

The Rohley man notified the farm he would be around in a few days with a full load.

Our Sunday school was only fairly attended owing to the snow and cold weather. Our day school is progressing nicely under the management of Miss Moore, of Albany.

Billy Kalina and wife called on his brother Ed, Sunday afternoon for a short visit.

Ed and the old man made a run Monday for Scio, finding the town very quiet. All seemed highly elated to see the snow slowly moving. Ed was down for fixtures as he is doing some work in the kitchen putting

sinks and remodeling his wife's pantry with new staining and painting.

The Pie Eater wishes all the readers of these items a happy Christmas and a good time New Years, so as to start out like a bucking mule with a briar under his tail.

Tuesday morning no excitement around the Santiam Farm. All well and enjoying life.

PIE EATER.

Marshmallow Fudge.

If your marshmallows get a little stale before using up, try making marshmallow fudge. Put two cups granulated sugar and one cup milk in a saucepan and let the mixture come to a boil. Add one square and a half chocolate, grated, and two tablespoonfuls butter. Cook about ten minutes, then remove from the fire and beat until the fudge gets rather stiff, but not so stiff that it will not pour easily. Break marshmallows into several pieces, place in the bottom of a dish and pour the fudge over them.

Bazaar Proved Entertaining

The joint Ladies Aid of both churches gave a bazaar last Friday at the K. of P. hall, and sold many articles of worth for the Christmas season, and in the evening rendered a splendid short program. These taking part were: Masters Harry Wesley and Marley Sims recited, little Edris Thaver sang, Mrs. Edwin Holland played an instrumental piece and Elases Leta Couey and Pauline Sims sang a duet. A fair crowd was present and all enjoyed a good time.

Exceptions.

"Sometimes, John," said Brashkin's wife, "I do get a little discouraged, and think you are hard to please." "You don't say so," was the astonishing rejoinder. "Yes, but I must admit there is one thing you never found fault with—the way I look when I wear my last year's clothes."—Detroit Free Press.
