We are sorry the paper is late this week, but on account of a lot of extra work besides the eight page paper, we (the Editor) was sick and laid up part of the time. We hope the readers will appreciate our humble efforts in attempting to give them a good paper boosting the Forks of the Santiam, and will remember those who so kindly placed their advertising with us.

Big Show Coming

When John Wesely announced that he was to show the great picture, "When Knighthood Was in Flower," in Scio, it was hard to believe, for the reason it is so high class and so great in demand that he should be granted the right to show it in so small a town, but the announcement is now a fact and it will appear at the Peoples next Saturday and Sunday. There will be no comedy and no newsletter, because there is over two and a half miles of reels for this picture, and it will take three hours of continuous running to produce the evening's entertainment. It is one of the real big pictures of the year, and Mr. Wesely is to be congratulated on being able to secure it for his patrons. The price is 25c for children and 50c for adults, and worth every cent of it. A packed house both evenings should be his reward for this great expense in bringing this great picture to Scio.

Serious Runaway

Yesterday at noon a team belonging to Antone Holub become frightened while at the Scio Mill & Elevator Co.'s office and started to run away, and when crossing the walk at the hitching park maintained by the Mill, they headed straight for a tree, and in attempting to dodge it they straddled and one horse became so badly injured that Mr. Holub took the humane side and ended its misery. The horse was valued at probably \$100. No one seems to know what scared the team.

County Paragraphs

Edited from our exchanges by Mrs. I. V. McAdoo

The contract has been signed for a new high school building to be built at Mill City this summer.
