SANTIAM FARM NEWS

May 15

Our Sunday school and church and the big basket dinner was a grand success, as everything was in harmonious accord.

Ed Kalina and wife spent Sunday with the family of their brother-in-law, Ed Stepanek, near Larwood.

Geo. Griffin is sure a ladies' man, as he took a full load of Rebekahs to Mill City Saturday to attend the Rebekah blowout. All had the time of their lives, with two big suppers in one night.

Mr. Weaver's wife and one child is down with pneumonia.

Mrs. Coral Lucas when rushing to get started to the big basket dinner Sunday and in attempting to crank her car it back-fired and broke her arm near the wrist. She has the sympathy of all her neighbors and friends who are sorry to learn of her mishap.

Riley Shelton of Scio called in Saturday p. m. for a short chat. I assure you it was a treat to the old boy. E. H. Hobson feared Riley might get lost or bewildered out here in the brush, so called in and escorted him safe to Scio.

Our cool, cloudy weather is fine for a world of aphids, and they are already quite numerous and sure to damage the crops; fine weather for rust.

Wire Fencing Colorado Special

A few simple truths that tell the superiority of Colorado Wire Fencing:

First: Made from a springy wire, sufficiently hard and yet pliable enough to be easily spliced by the fence builder.

Second: The life of the wire fencing is in the galvanizing. Every wire in Colorado Fencing is smoothly and evenly coated with the best quality of spelter zinc that money can buy.

Third: The lock joint, the ingenious construction of the knot that joins the bars together; no chance for slipping or sliding.

Fourth: The tension curve, which is placed in the line wires at regular intervals, has a perfect triple curve and not simply a crimp.

It's "Usco" Time Again United States Tires are Good Tires

THE 30x3 1/2 "Usco" is still the fabric money's worth of America. If your dealer tries to sell you something else he won't be surprised if you tell him "No."

"Usco's" are built by the same people who make Royal Cords.

This fact counts.
