

LET'S UNDERSTAND

¶ This page is purchased and used exclusively by the merchants of Scio in furthering the good fellowship that is now and has been existing between the people of the community. From time to time there will appear news of interest in this space to each resident of the Forks of the Santiam--such as news of picnics, meetings, the schools, the churches, the lodges, and any other information the public may be interested in. We ask the cooperation of the public in making this space invaluable to each resident. Use it for news but not for advertising purposes. There are 28 business institutions in Scio, and these 28 distribute to the welfare of the community over \$400,000 per year, and if they were not here there would be a noticeable shortage of a regular income to every one of us, and as the success of one means the success of all, it behooves us to render all possible support to every interest in the entire community.
