

WASHINGTON'S BIRTHDAY

Tomorrow

Student Body Makes Announcement

Now that warmer weather is here, the high school students are going to start giving dances in the gymnasium again. The first dance will be given March 1. We are fortunate in obtaining "Polly and Her Pals" to furnish the music for this dance. We trust the people of this community will support these dances, as we are anxious to decrease our gym debt materially this year.

The new gymnasium committee is putting forth every effort to make these dances a success. Come and enjoy good music, a good floor, good eats and a good time at our Gym Dance, March 1. Thanks, business men of Scio, for your generosity in donating this space to us to tell of our ambition

And there will be special program rendered at the high school, to which the public is invited, the program starting at 1:30 p. m. Parents should go and after the program, or before, inspect the building from cellar to garret and something might be learned. Then after going home again pick up this paper and read the ads--there is also great interest in them. But remember
