Oregon Made Home Knitting Yarns

A great surprise for the home knitters of Oregon, but still a fact. Furthermore, this yarn is absolutely virgin wool yarn; the wool was grown in Linn county, sold by Mr. Senders to the Oregon Worsted Company (mills located at Sellwood), made into worsted yarn by Roy T. Bishop, son of C. P. Bishop, proprietor of the Woolen Mill Store of Salem. Oregon knitters try this yarn out. All colors. 45c per ball of 2 ozs. Samples sent on application. Address C. P. Bishop, Box 75, Salem, Oregon.

THURSDAY, Feb. 28, 1924

We should feel good here, because we have had no winter to speak of, while the middle west and even the eastern part of the United States suffered. It is hard to beat Oregon for good climate, good soil, and happy people.

Linn county politics is seemingly on the toboggan, as no one is anxious to let the people know of his or her desire to be of some good to the county. Probably there is no oil as yet found in Linn county to make the race for office a profitable one.

If the county court has done anything toward that paved road from Green's bridge to Scio, the local committee has not heard of it. Probably waiting for the rains to cease so they can journey to the meeting of the highway commission when it meets some time in 1924. A little earnestness on the part of the county court would go a long way toward getting this stretch of road paved. Besides, why not Linn county start the constructive work of getting feeders to the highway for the farmers? It would be an everlasting monument to it if such would happen.

Quite a number from here went to Albany during the three days that "The Covered Wagon" showed there, and all have nothing but good words for the performance. It was a picture that all should see, because it dealt with history, and was one of the best advertising stunts we have seen for Oregon.

Prof. L. Ramsey and wife spent the weekend in Portland, where they attended the opera, "Blossom Time," which is one of the best on the road.

Recruiting Again

Word has been received from Washington by Lieutenant Commander D. E. Barbey of the Portland Navy Recruiting Station, that enlistments in the Navy would be again resumed for a short period.

All recruiting was stopped on January tenth as the navy was at that time in excess of its complement. It is expected that recruiting will be again discontinued in about three weeks. Only young men who can furnish exceptionally good character recommendations and who can pass a rigid physical examination are being accepted.
