Entered at the postoffice at Scio, Oregon, as second class matter.

No. 31

Succumbs to Operation

Mrs. Leona Frances Goin, 42, wife of Linn county representative S. H. Goin, and a native of Linn county, died in the deaconess hospital in Salem at four o'clock last Friday morning, following an operation for appendicitis, ten days previous. Mrs. Goin was born at Halsey, June 9, 1881, and had spent all of her life in this county.

After completing the public school course, she attended the Albany college, from which she was graduated, and for several years she taught school in this county. In 1907 she was united in marriage to Mr. Goin, living near Jefferson, where they have since made their home on a farm.

Mrs. Goin was a member of the Methodist church for many years; was Past Noble Grand and past District Deputy president of Beulah Rebekah lodge of Albany and charter member of Mt. Jefferson lodge No. 78, of Jefferson; was past president of the Women's club of Jefferson, and was a public spirited woman.

Beside her husband she is survived by two daughters, Frances 13 years old, and Margaret, 10, and by her mother, Mrs. W. W. Francis of Albany, one sister, Mrs. B. E. Brooks, of Portland, and a brother, Bert Francis, of Turner, Wash. Her father, W. W. Francis, former county treasurer for many years, died two years ago.

Funeral services were held at the M. E. church at Jefferson at 2:00 o'clock Sunday afternoon, conducted by Rev. Parks and Rev. Eason and interment was beside her father at Masonic cemetery at Albany. Services at the grave were conducted by the Rebekahs. The pall bearers were: Roland Hackleman, Robert Torbett, James Johnston, Paul Smith, Harry Roland, and Edward Smith. This was the largest funeral ever held in Jefferson. There were people present from all over the valley and several from Portland. The floral offerings were many and very beautiful, which proved the high esteem of the deceased in the community.

The sympathy of the entire county goes out to the bereaved husband and daughters in this their sad hour.

Card of Thanks

In this hour of deepest grief, we want to thank our many friends for their kindnesses during the sickness and death of our loved wife and mother, and for the many beautiful floral offerings. While all of us must pass through such trying ordeals, we want our friends to know that their sadness is our sadness, and thus our appreciation of their expressions of sympathy.

Cast Hat in Ring

Our fellow townsman, D. C. Thoms, who at present is serving as one of the county commissioners, has cast his hat in the ring for the office of county judge on the Republican ticket. Mr. Thoms has served three terms in the state legislature, two of them from Marion county and one from Linn, and he feels that his experience in the legislative branch of government amply qualifies him for the judgeship of Linn county.

Mr. Thoms has made a splendid record as commissioner, serving his constituents in this community in a most satisfactory manner, and at the same time rendering justice to the whole county. The many friends of Mr. Thoms all over the county will be glad to know his decision to serve them, if possible, in a greater degree than he has been able to do since taking office as commissioner, and they will work for his nomination and election.

Went to Riverside

Last Saturday night Leonard Gilkey and wife, S. P. Crenshaw, Leo Zeller and I. V. McAdoo went to Riverside to attend the regular meeting of the community club there. The large hall was well filled with the good people from that section, and several were there from Albany and other points. An excellent program had been prepared which included speeches by Mr. Gilkey and Mr. McAdoo. At the close of the program, an excellent feed, consisting of sandwiches, cake and coffee, was served. The riverside folks, like other communities, are firm believers in community work, and their large and well arranged hall proves their interest.

Another Big Egg

Mrs. Thos. H. Small sent a Rhode Island egg to the Tribune the last of the week which is also another big one. It is the same size as the egg sent in by Rex Shelton, but along with it also came about as small an egg as was ever laid by his breed of chickens—it weighs less than 3-16ths of an ounce, and is quite a curiosity along with the others that have been brought in.

Local Man to Speak

On Sunday evening, March 30, at seven-thirty o'clock, at the local Christian church, J. H. Gambill, who teaches at the Sam Gaines school, will deliver one of his noted lectures, the subject of which is "God's Promise to the Jews." Mr. Gambill is one of the best speakers in Linn county and knows his subject. This lecture is free and everybody is invited.

B. Jenkleson of Portland was in Scio on business Tuesday night.

LAND SETTLEMENT RECEIVES IMPETUS

Representative Men From All Over County Meet at Albany and Back Plan

Last Wednesday night in the Albany hotel, there was held a meeting of representative men of the county that will mean much to Linn county, and the state of Oregon. It was a meeting called to hear representatives from the Portland Chamber of Commerce and the State Chamber of Commerce, as follows: W. L. Boise, W. G. Ide, C. W. Slinger and I. W. Pickard.

The gentlemen above named told of the efforts of the two organizations, collaborating with the railroads, to bring settlers into Oregon, and that already some 60 families have been located upon Oregon farms and in businesses, one or two having come into Linn county. In working out the plan of bringing settlers into Oregon, it is desired to list all properties for sale, either in whole or in part, and in dividing up large holdings so that which is not now being tilled may be made producing and make happy homes—the one thought has been not to "sell" the settler with high priced land, but at a price he can make good on. In the past, one of the speakers said, there has been the one idea of getting the settler into Oregon and then selling him at a price that he was not made and could not become an Oregonian. This is being eliminated and those who have come under this plan of today are sold to Oregon and are real Oregon boosters.

Each county in the state is to be organized into units, and will handle their own problems after the state chamber of commerce and the railroads have done their part. If a county cannot hold the prospective settler, he or they are to be passed on to another county, with the main idea of settling them in Oregon and at a price that will make them contented and happy citizens of the state. In Linn county a committee composed of W. E. Wadsworth of Harrisburg, E. D. Shanks of Lebanon and Leonard Gilkey of Scio, has been named to nominate a permanent committee of the county who will list the properties for sale and to be sub-divided, and to locate unsettled lands, and this listing is to be furnished to the state chamber of commerce, so that the prospective settler may have as large a list throughout the state to select from as possible.

This meeting was the best of its kind ever held in the county and the revelations imparted there will no doubt grow until the whole county is permeated with the idea, and which will then make Linn county one of the most progressive, largest (Continued on page 4)

City Council Meets

Last Thursday night the city council met in regular session and transacted routine business, and all members were present.

The acceptance of the Crackerneck electric line as a part of the Scio system was made a matter of record, and soon the West Scio line will receive the same treatment. These two lines have added much to the business relations of the people along the two routes and established a most friendly feeling. The users of the electric juice from the Scio plant say they would not be without the service for considerably more than the original cost.

The city charter is being revised to meet up with the several changes in the state laws governing elections, etc. Also the streets and public property committee was empowered to get new ordinances so as to be able to do some constructive street and sidewalk building in the city limits, as Scio is a road district of its own, and at this time has no provision to construct streets and has no ordinance that compels property owners to keep their sidewalks in first class condition.

To cooperate with other communities in road building throughout the county, and particularly to get some real roads leading to Scio as well as to meet with the county court and the governor on the paving of the road to Green's bridge, a motion was made and carried that a committee be appointed out of the council for that purpose. The mayor appointed J. D. Densmore, J. S. Steha, I. V. McAdoo, R. M. Cain and N. I. Morrison as such committee, and they are to meet the county court sometime in the near future.

The spillway at the light plant went out on Wednesday morning of last week, and the light and water committee reported that a temporary provision to care for the same had been made. Some more work must be done on the spillway in order to prevent a recurrence.

The usual number of monthly bills were allowed.

A letter from the State Game Commission demanding that a fishway be built at the dam in Jordan had been received, and the recorder was instructed to report that this would be taken care of as soon as water conditions would permit.

Special Notice

The Rebekah lodge will hold a special meeting on Friday night, March 14, at Knights of Pythias hall to entertain their president, Edythe Kelly.

A. H. Muller Dies

Last Sunday, at the Salem Hospital, A. H. Muller, a brother-in-law of Mrs. John Weselv, passed away after a lingering illness of more than seven years from diabetes. The deceased was born in Germany 60 years ago and came to America with his parents when but two years of age. In 1892 he was united in marriage with Miss Kate Ohlemier at St. Louis, Mo., and shortly thereafter moved to Tacoma Wash., living there for the past 28 years. About six months ago he came to Oregon, where he had hoped to receive some treatment that would cure him of his malady, but to no avail. Besides his wife he is also survived by two children, Mrs. Vivian Moore and Henry Muller. Funeral services will be at 9 o'clock this morning in Salem, conducted by the Maccabees, and burial will take place at Cornelius, in Washington county, beside the remains of a brother. Services at the graveside were conducted by a Lutheran minister, of which denomination he has been a lifelong member. All of the deceased's relatives live in Kansas.

Undergoes Operation

Miss Augusta Muck, one of the war orphans which were brought to this community last October from Germany, through the efforts of Mr. Bussard of Albany, who secured funds through loans from individuals, is very ill in a hospital in Salem where she underwent an operation for appendicitis last Sunday night.

The money secured by Mr. Bussard for the girls' passage to America was to be repaid by them when they secured work. Since their arrival last October the sisters, besides buying their winter clothing, had saved \$100 to apply on the loan. This is being held by Mr. Bussard to apply on hospital and doctor bills for Miss Augusta.
