

THE NEW YEAR

HAPPY NEW YEAR TO YOU. Christmas has passed away, and with it has gone another year. Father Time moves along with regularity and stops for nothing. He has brought joys and sorrows, prosperity and reverses. Let us remember our joys, speak of our prosperity and smile with our friends throughout the New Year.

We want to express our sincerest wishes for your good health, prosperity, friendship. Your joys and sorrows are ours. We exult in your prosperity. We want every day in every way during 1925 to be the best and happiest day of your life. Believe us, your friends,
