

WE THANK YOU!

Many old subscribers and 54 new ones have taken advantage of our liberal reduction to \$1.00 for the Tribune during 1925, and others "orter." We have extended the time to Jan. 31, when the special rate ends. We are beginning to mark the papers this week, and if you see it under your name, the paper will stop with the last issue of this month unless renewed. We don't want to lose a reader, nor do we want to force the paper on you and the only way to know you want it is when you pay for it. If you want the Tribune, pay a year in advance and you save

75 CENTS

And this is how to get it: Old subscribers will pay up to date and \$1.00 will get the Tribune for the next 52 weeks--that's giving you 75c. New subscribers just pay the \$1.00 and get the paper for 52 weeks. Now's the chance to get the Tribune for \$1.00, and this offer is good only until 7 p. m. Jan. 31.

GRAB IT UP

About Our Job Printing

On the usual needs of an ordinary character, the Tribune can do your Job Printing as cheap as any shop, and often much lower. If so, why have your sale bills, letter heads, envelopes, folders, cards, etc. printed elsewhere? We know we would get your work if we have the opportunity to prove it. The absent printer doesn't pay taxes here, nor in any manner spend any money in the community--he takes it out, while the Tribune brings money in and spends it here and also pays taxes here. We leave it to you who should receive your next printing order. ¶ We want to figure with anybody anywhere: on envelopes, from 1000 to 20,000, but get busy for envelopes are advancing in price--can't duplicate for 1/3 more.

We're Appreciative

The Tribune appreciates its hundreds of loyal readers, and wishes them more and more of the riches of earth and abundant good health. We live in the best part of the Willamette Valley. There is room and plenty for twice as many people, and the way to get the people to come to our community is to use team work, you pulling with the Tribune, and the Tribune pulling with all the outside agencies. To do this, we need more subscribers and more advertising and job work; then we can manufacture a better paper, which takes money. If you believe with us, use the coupon below. Kindly give us the information we ask, whether you bring or mail it in; it will aid us wonderfully.

¶ Phone, bring or mail us any news

Use this coupon--It's the 75c

Publishers Scio Tribune:

Herewith find the sum of \$..... which will pay me to Feb. 1, 1926. Unless otherwise arranged for before expiration date, I want the paper stopped at that time.
