THE SCIO SPHINX

Number 11

Again the same question comes up "What is school spirit?" A few students in the High School as yet have not learned to answer this question correctly. It was noted by the students that student body dues amounting to a very small sum were to be paid each semester. The first semester, after weeks of reminding and coaxing, the dues were paid. Again this semester the reminding and coaxing has to be done over again, and as yet not half of the students have paid their dues. Considerable money must be in the treasury before the annual can be printed and each student's dues will help that much toward making our annual a success. Most of the material for the annual is in and the pictures have been sent away to have the cuts made, but the annual cannot be printed until the money is raised by the students in some way. It is hoped that the students will be around and all will be ready to help in anything that the school undertakes to make money. Will you help?

## NEW STATE LAW PASSED

Due to recent legislation in the state, all students who come to high school next year by trains, auto, stages or other means of transportation, will have their fare paid by the high school. At the close of the year the county will pay to the high school the total sum expended.

This will be a great help to the many students attending Oregon City High School, who will live out of town.

It is also expected that one or more school buses will be started to carry those whose homes are near any transportation line.

Because of this arrangement, no doubt, many will be able to attend high school and further their education, who would not be able to otherwise.

There are scores of boys and girls around Oregon City who never get started to high school.

We ought to get hold of these persons and perhaps with a little encouragement they would attend our high school, thus bettering themselves as well as the high school. From The Elevator (published semi-monthly by the students of the Oregon City High School).

This article of news from O.C.H.S. is of a very great interest to all Scio High School students, and to the people of the community. That community is undertaking the step of paying transportation of students, why shouldn't Scio? At the special meeting of the district, a measure was passed authorizing the board to pay transportation of students if they deemed it wise. The same arguments or facts that Oregon City presents are true to our community. Many students who would otherwise be unable to attend school would be able to attend if transportation were paid. There are a number of boys and girls who are attending school outside of our county—taking money appropriated for Linn County High Schools into Marion County—because Aumsville pays transportation, Scio does not.

Let's not be "backwoods" all of our lives, but boost our community and build up our school by bringing more students in here. An old argument is always presented to us when we attempt a new undertaking in this school. It is: "Your grandfathers did without this; you can, too." Perhaps they did, but if they were living today they very probably would not. Civilization is advancing. We must advance also.

Let us take advantage of this new state law and bring more students to Scio Hi next year. Students, get busy today—make our school, a better Scio Hi this year, for a bigger Scio Hi next year.

## STAFF

Some time ago at a meeting of the Student Body, it was voted to publish an Annual. The following staff were selected:

Editor..... Grace Long  
Asso. Editor..... Bertha Thayer  
Manager..... Arnold Zysset  
Seniors..... Walter Chromy  
Juniors..... Buel Miller  
Sophomores..... Bertha Calavan  
Freshmen..... Wilbur Johnston  
Joke Editor..... Mary Harris  
Girls' Athletics..... Wilma Miller  
Boys' Athletics..... Lyle T. Shelton  
Circulation Manager..... Bertha Thayer  
School Calendar &  
Social Events..... Mildred Couey

These students have been working very hard to put out the biggest and best Annual in the history of the school, but need the cooperation and loyal support of the Student Body as well as that of the people of the community.

When you are asked to write anything for the Annual, don't answer, "I can't." If you want an Annual get busy and help put out one worth while.

Anyone possessing snapshots, of yourself, your sister or brother, or of anyone else's sister or brother that you wish placed in the Annual, please give them to Bertha Thayer before April 15.

If you know any "good jokes" (the kind that may be printed, not looked at), submit them to Mary Harris as soon as possible. It will be greatly appreciated if any students who have time will offer their assistance in this work without the staff having to urge them for an hour.

## BOOST THE ANNUAL!

## "ALL A MISTAKE"

The average American citizen makes many mistakes in life, and those who missed the Student Body play "All a Mistake" have indeed made a big mistake. This play was presented to a large crowd at the People's Theatre, Friday eve., Mar. 20. A succession of serious mistakes added to the interest of the plot. Bonita Sutherland lost all chances of future matrimonial bliss, by fulfilling so well the part of Aunt Cornelia, whose "main lean on life" was thoughts of "Romeo, my Romeo!" Walter Chromy, in the part of the retired sea captain "brought down the house." Other members of the cast

who did creditable work were Mae Calavan, Mildred Couey, Lona Zysset, Johnnie Wesely, Arnold Zysset and Lionel McKnight.

Much credit is due Miss Pentney for her patience and work in directing this play and for its success. Ida Shimanek and Mildred Couey deserve special credit for arranging the program between acts.

About 45 dollars was cleared on the performance.

The cast, students and faculty wish to thank the people of the community who attended the play, for their loyal support and for articles loaned to us for the stage, and wish to say to others that mistakes often result in serious consequences. Therefore watch for all Student Body performances in the future and do not make the mistake of missing them.

"A word to the wise is sufficient."

## NINE PIES "PRESENT"

The pie social, certainly to be counted a failure as far as money or other things go, was held after the final basketball game of the season, March 13. The crowd was small, only nine pies were "present", and from the way the pies sold, absolutely no pie faces were there. Only about nine dollars were taken in for the pies, and it has been decided, without argument, that the people of Scio don't appreciate pie—so we'll have either a pickle or lemon social next. It would really fit in much better.

## DO YOU KNOW?

That "All a Mistake" was a success?

That basketball season is over?

That baseball season has begun?

That there must be more funds before the Annual can be printed?

That Swede has regained his property?

That two members of the Sophomore class are taking anti-fat?

That Mary Harris seems to be very attentive to one of the graduates of '24.

## EXCHANGES

Many Scio Hi students take special interest in "The Elevator" from Oregon City Hi, because of the fact that Mr. Ramsey, one of the teachers there, was the principal of Scio Hi last year.

The Rogue News, Ashland High School, is very well liked because of the interesting way in which all of its articles are written.

## SENIOR CLASS NOTES

Basketball season is over and letters will be awarded in the near future. Those in the Senior class who will receive letters or stripes are Bertha Thayer, Ella Tueek and Midge Couey for the girls, and Arnold Zysset for the boys.

With baseball season here both Senior boys are out for a place on the team.

A representative from the Clint Lee Company with samples of announcements is expected some time in April.

A class meeting was held last Thursday for the purpose of selecting invitations, class colors, motto and other details for graduation. A play was also selected. Watch for it.

## SOPHOMORE NOTES

A certain lighthaired member of our class is showing a marked fondness for a certain form of sausage—bologna (?)

Then there is a dark haired girl whose interest is centered in either a Frosh or a Senior, but we heard she was especially fond of ice cream.

We received our report cards, and although there were a few disappointments, most of us realized we got as much and more than we deserved.

A certain Soph girl seems to have suffered a great bereavement. She is sometimes heard to mutter "ring". Maybe she wants us to wring someone's neck.

Basketball letters and stripes will be awarded to the following members of our class soon: Bertha Calavan, Bonita Sutherland, Wilma Miller, Mary Harris, Lona Zysset on the girls' team, and Harold Thurston, Ernest Zink, Lyle W. Shelton on the boys' team. Rhonold Summers is back again after a few days illness.

The school has been afforded considerable amusement by some "private" notes written by two dark-haired members of our class.

## FRESHMAN NOTES

We are all working hard trying to raise our grades for the second six weeks.

Six Freshman boys are out for baseball, each hoping to make the team.

Juanita Flanagan was the only girl from our class to receive a basketball letter this year. Lyle T. Shelton was the only boy to receive a letter, although Wilbur Johnston and Walter Ross were subs for almost every game.
