

# THE SCIO TRIBUNE

Vol. 28

\$1.75 the Year

SCIO, OREGON, THURSDAY, MAY 21, 1925

Entered at the postoffice at Scio, Oregon, as second class matter.

No. 41

## SCIO WINS FIRST GAME OF SEASON

Victory Came Easy With Ross Ray and John Densmore in the Box--Score 9-2

That Scio has a strong ball team this year was evidenced Sunday afternoon when the locals crossed bats with the strong Springfield team and defeated them in a fast game by a 9-2 score.

In the first inning, the visitors scored a tally on a balk by Ray and a two-bagger. Scio also scored two runs. After that Ray shut the visitors out, allowing them another score in the third, but goose eggs the rest of the game. Scio annexed six runs in the fourth and one in the seventh.

The game was clean throughout, no ragging of any kind, and made the game much more pleasant. The battery for the visitors received poor support, while the locals performed in perfect team work.

The feature of the game was the running catch by the Springfield catcher, when he caught a foul in the bleachers which turned him a complete somersault, but he held to the ball and put his man out.

A foul ball twisted into the left bleachers and hit Clark Mumper on the right cheek below the eye and laid him out for a few minutes. It made his eyelid swell and burst, and is causing him lots of pain. It was an accident of course, and to prevent another one like it or worse the management should keep people further away from the danger line.

## Washougal Comes Sunday

It is confidently expected the ball game next Sunday, when the Washougal, Wash., team journeys here to meet the locals, that one of the best games of the season will be seen. Glenn Holland is backstop for the visitors, and it is said he is playing extra good ball this season. And so is our Johnnie. Game starts at 2:30 sharp.

## To Take Up Club Work

Franklin Gilkey, who graduated from the Scio high school in June, 1919, is now a candidate for the degree of bachelor of science in agriculture at O. A. C. He is a son of Mr. and Mrs. W. A. Gilkey of Scio. Mr. Gilkey is majoring in farm management. He intends to take up boys' and girls' club work. He is a member of the Agricultural club, Oregon Countryman staff, and Psi Chi fraternity.

The junior and sophomore classes of the high school gave a picnic last Friday in honor of the senior class.

## Jersey Show Saturday

Plans are completed, except for last minute details, for the Jersey Jubilee and picnic, in which the Linn and Benton County Jersey Cattle clubs are joining at the Linn county fair grounds next Saturday.

This show and picnic are a part of a general jubilee plan which has been executed for six years and this year it is to constitute a series of county picnics starting with the Columbia County show on Monday; the Clackamas County show at the fair grounds yesterday; the Marion County show at the fair grounds in Salem today; Polk County show at Independence Friday; and closing the series with the Lane County show at Eugene on May 28.

This idea of spring shows and picnics is adapted from the Isle of the Jersey, off the coast of France. From this little island four miles wide and nine miles long have come all the Jerseys in the world. This idea was started about 50 years ago in the various parishes on the island, and the plan has perpetuated. This jubilee has attracted national attention, and has been imitated by growers of other breeds.

The public has been invited to join in the day's picnic and witness the judging and see the cattle. A basket dinner will be served at noon. Coffee and ice cream are provided for in the budget. The refreshment committee asks all those who attend to bring cups in their basket lunches. Governor Walter M. Pierce has been invited to be present and deliver an address. This work is particularly of interest to him, and last year he made the jubilee one of his chief engagements.

Following is the program for Saturday:

9:00 a. m. Judging of cattle by the best Judge in Canada.

12:00 Lunch. Music, Albany High School Band, by courtesy of Albany Kiwanis Club.

1:30 Program. Ed School, President Linn County Jersey Cattle Club, presiding.

Address of Welcome by Mayor Robnett.

Response by D. O. Woodworth, President Oregon Jersey Cattle Club.

Vocal solo, Ted Gilbert.

Address by A. K. McMahan, representing Albany Kiwanis Club.

Music, Over-sea male quartet.

Address, Gov. Walter M. Pierce.

Music, Slide Trombone solo, Victor Nygren.

Cow Demonstration, by Prof. P. M. Brandt, O. A. C.

## All Day Service Roll Call

An all day service is to be held at the Baptist church next Sunday, beginning with Sunday School at 10 o'clock. At 11 o'clock Rev. Fred Waelthe will preach. Basket dinner will be served on the church lawn at noon.

In the afternoon the annual roll call will be held. Christian Endeavor at 7:00 p. m., and evening service at 8:00.

## Go Fishing

Joe Krosman, Albert Young and J. F. Wesely and son, Max, were fishing near Albany Sunday. They report a splendid catch. Mr. Wesely brought home one bass which weighed three and one-half pounds.

The picnic planned by Mrs. Rodgers and her pupils for yesterday had to be postponed on account of rain. It will be held later.

## Do You Remember

When Scio had two school districts and two school houses. One was on the south side of Thomas Creek and was on the Mary Holub place, the present I O O F building the house where young minds were taught to shoot, and incidentally trousers became too warm to sit comfortably in.

The other school house and district was on the north side of the creek and the building stood on the property now owned and occupied by Dr. Prill. It was there, we believe, where Prof. Geddes "tanned" Henry Shelton real good for trying to be the "toughest" boy in school. Henry says he deserved it, and is trying his best to make a model janitor at the high school.

In 1855 the two districts decided to consolidate, and in 1895 the present school building was erected. It is 30 years old; it has many interesting tales to tell, but as it cannot talk, some teacher or graduate will have to talk for it. Who will?

## 80 Years Old Sunday

Sunday, May 17, 1925, Aunt Ellen Quigley was 80 years old, and to celebrate the event in a proper manner, her daughter, Mrs. Dan McLachlan, who, with her husband, lives on the old farm home near West Scio, invited the relatives to come and enjoy a basket dinner with mother once more.

The table was placed in the sitting room, and was loaded down with the best eats the season affords. Eighty lighted candles adorned the table, emblematic of the mile posts Aunt Ellen has passed.

The relatives enjoying the happy occasion were: Aunt Ellen Quigley, Dan McLachlan and wife, Thomas Quigley, wife and son Lester, J. L. Arnold and wife, Riley Shelton and wife, E. D. Myers, wife and daughter Helen, S. P. Neal and wife, Allen I. Arnold and wife, John I. Shelton, wife and sons Vannie and Lyle, and daughter Andean; Clair McLain and wife and two small sons; Carl Smith and wife; Roe Shelton, wife and sons, Millard and Donald; Clarence Leffler, wife and daughter Virginia; Mrs. Emma Earl, Roe Phillips and wife, Mrs. Della Pettit and son Billie, Lewis Conser, sr., Mrs. Chas. Rhoda, all of Scio; S. G. Miller and wife, W. W. Miller and wife, W. J. Miller, wife and two children, and two Wyfield children, all of Alsea, Oregon.

## Clean Up Saturday

All persons interested in the Providence Cemetery are requested to bring tools and to help clean up the premises. Saturday, May 23, is the date.

## No Trace of Auto

Monday night, some time after 11 and before 7 a. m. Tuesday, the Ford coupe belonging to Swift & Co. and driven by A. A. Disque, the field man, was stolen from the Bartu Garage, where it was parked for the night. The coupe bore license No. 110370 and the engine number is 11078184.

Mr. Disque had come to Scio on business for his company and in order to finish up his work remained over night. There is no positive clue as to who took the car, but the authorities are working on the theory that it was the work of local talent. The party under suspicion, it is said, left town the same night and at or about the same time.

Up to six o'clock last night no trace of the car had been found. It is said, 11 cars were stolen the same night between Salem and Eugene.

## The New Dance Law

Considerable agitation over the new dance law, passed at the 1925 session of the legislature, has been going on, and as we have been asked so many times what we knew about it, we are herewith giving the outstanding facts:

Any hall, building, room, pavilion or other place where it is operated for money, and outside of an incorporated city, where dancing is to be indulged in, application for a dance license at such place must be made to the county court, and if the court sees fit a license may be issued; provided the applicant furnishes bond in the sum of \$500 signed by two freeholders in the school district and that twelve freeholders make affidavit he is a clean, moral character, that he will permit no liquor in or about the building, that order will be maintained and no dancing allowed between midnight and six a. m.; if these provisions are violated the bond is forfeited and further license refused.

Quite severe, but law is law and must be obeyed.

## Killed By Lightning

J. W. Hussey, who came with his family to Linn county from North Dakota last December and settled near Halsey, was killed by lightning Monday evening while cultivating a field. His horses were stunned, but soon recovered.

He came here, it is said to escape the thunder and lightning dangers of North Dakota. He leaves a wife, four married children and four children at home.

It is our profound opinion that more and more occurrences of this nature will happen as we remove the standing timber, and heat and storms will naturally come. This is borne out by the fact that climatic changes are regularly occurring—the winters are colder and summers are warmer, and we are having the four seasons.

## NOTICE!

As my place of business has been burned out, and I need all the ready cash I can get, I respectfully ask all who know they owe me to call and settle as soon as possible. There is also about \$100 due me for work done the last two weeks that I had not transferred to the ledger, and as the fire destroyed these I have no record of them, but man's honesty to man will surely bring these small sums in. Respectfully,

40c C. E. KENDLE

## KILLS SILVER FOX AFTER 4-HOUR CHASE

Orin Hassler and Hickory Craft Kill First of Its Kind in Oregon, Is Belief

Last Sunday morning Orin Hassler, who lives nine miles south-east of Scio on Crabtree creek, went out to drive up his cow when he espied something across the creek from him trying to catch some of his kid goats, and having never seen an animal like it, he was at a loss to know what it was. So he phoned Hickory Craft, his neighbor, to bring his hounds to put in with his three and they would have a chase and determine if possible what the strange marauder was. Craft arrived in a few minutes with his hounds, and the combined pack of six hounds was put on the track which they took up immediately, and after four hours of an exciting chase finally brought the animal around within a few yards of Hassler when he bowled it over with his 22 rifle.

Imagine his surprise on picking it up to find it was a large Silver fox. Just how it came there, or where it came from, is still a mystery, as it is the only one so far as is known of being killed in the wilds of the state.

## Mumper Buys out Dormer

A deal was consummated last Friday between D. W. Dormer and Fred Mumper whereby Mumper takes over the Mutual Cream buying station which Mr. Dormer has been operating during the past month. Mr. Dormer came here from Eugene and purchased the interest of Leonard Jordan and moved the equipment from the Donovan building to the Densmore building. It has now been moved to the Bruce building in which Mr. Mumper operates a flour and feed store, and where he will continue to buy cream.

Mr. Dormer has not divulged his plans for the future.

## Water Users, Attention!

The new water rates go into effect June 1st, and will be due July 1st. If you have been using water for irrigation purposes during May, please report same. Hours for irrigation are 6 a. m. to 9 a. m. and 6 p. m. to 9 p. m. Please observe and save trouble.

OLLIE MACDONALD,  
City Recorder.
