Teachers Give Program

In the absence of President Cain, Mrs. John Sims acted as chairman at the Parent-Teacher meeting last Thursday evening.

After the regular routine business, at which the secretary reported a surplus of \$6.40 and all bills paid, the following officers for next year were elected: President, R.M. Cain; vice-president, Mrs. Cora Calavan; secretary-treasurer, Miss Edith Pentney; chaplain, Mrs. John Sims.

At this time the meeting was turned over to the program committee and here again Mrs. Sims presided. The entire program was furnished by the teachers, who rendered some excellent numbers.

Miss Zysset was the first on the list and she gave a humorous reading and had to respond to an encore.

Misses Thayer and Pentney rendered a beautiful piano duet, and received a hearty encore.

The audience received a healthy laugh when the teachers read a "read-around," which sounded like babel had broken loose. It was a roar when Prof. Watenpaugh finished up alone "Men may come and men may go, but I go on forever."

"I'm in Love" was the reading by Prof. Watenpaugh, and to the encore gave a take-off on married life.

Miss Thayer executed a beautiful piano solo, and responded to an encore "Johnnie's Visit to a Dime Museum" was a clever dialogue by Miss Pentney as Johnnie and Miss Sherfy as his mother. A typical boy and his unanswerable questions kept the audience in an uproar.

The teachers sang a parody on "Why Did I Kiss That Girl," which was written by Miss Pentney, and it was a scream.

This closed the program, except the eats, which consisted of doughnuts, cookies and coffee. The P.-T. A. has been discussing local school problems during the year, and each meeting has been well attended and interest keen.

This was the last meeting until next fall.

To Britenbush

Oliver Powell left Monday in company with his brother, Ben Powell, for a two week's stay at Britenbush Springs. Ben contracted tuberculosis while in the service during the World War, and had been in a government hospital at Tacoma since his return to the states, until last fall when he was discharged. He has been unable to work since having the flu a few months ago, and decided to spend a short season at the springs in the hopes of regaining his health.

Oliver is suffering with his arm, and hopes are entertained that he may also be benefited.

The Tribune, \$1.75 the year.
