Hall's Catarrh Medicine

Those who are in a "run-down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a combined treatment, both local and internal, and has been successful in the treatment of Catarrh for over forty years. Sold by all druggists. F. J. Two U. S. Senators Die

Two of the really big United States senators have passed away in the last week. R. M. LaFollette and E. F. Ladd. These men stood practically alone for the people and for their efforts along that line were voted out of the party early in 1925. They were big men in the affairs of the nation, and their views were probably more often sought than of any others. They are dead. They received brickbats from nearly every prominent man that is now flooding the bereaved wife and relatives with condolences, they were unpatriotic in life out are now eulogized among those who stood four square for the country and its people. They were patriotic, they were for the people as against special privilege, and for their pains were read out of the party they had supported for many years. They and their works will live, and the deeds they done will reflect greater on them as time goes on. The hypocritical way the American people have of throwing brickbats in life and bouquets in death is diabolical—if we cannot be tolerant in life, we should be the same way after death.
