**TRUTHS TERSELY TOLD**

The Mountain States Power Co. is constructing a new dam on the Santiam at Lebanon. This is just more evidence that this company is progressive and helps the communities where it operates. Preparedness is their slogan.

The total amount of wholly tax-exempt securities in the hands of the public on July 1 was approximately 242 per cent greater than it was on Dec. 31, 1912, and 13.6 per cent greater than on Dec. 31, 1923, according to a compilation made by the National Industrial Conference Board. And yet we permit an increase in this tax-exempt amount at the rate of a billion or more dollars a year.

Last week four of our prominent citizens were compelled to rustle their ears, and rumor says they, singly and collectively, fared rather poorly, not being used to 'batching' it. For seven days these prominent men wore a face that drove their friends away, but, oh boy! what a difference in their expression this week, for Mrs. Riley Shelton, Mrs. Ed Myers, Mrs. J. S. Steha and Mrs. Fred Bilyeu are home from Newport.

Roe Phillips is about the happiest man in Linn county. He has sold his sheep, built his barn larger and was an untiring worker to get the road from Munkers to West Scio declared a market road, on which work has started, and to celebrate all this he has purchased a few gallons of red paint and is painting everything on his place in red. If you see a man coming into town with a feather in his cap and face painted red, don't shoot—that's Roe.

What a difference good roads produce in adjacent farm property! The farm doesn't produce any more grain or fruit, but the fact remains that a good road brings out the pride in the farm owner and he reflects it by improving his property. And people see this and tell others of the prosperous communities they pass through. Since the roads up to Niagara have been improved and travel has increased, great improvement in properties is noticeable.

The glad hurrahs in the Oregon penitentiary when they heard two guards had been killed, was just the echo of the "sob sisters," who have more sympathy for desperadoes than they do for peaceful, law-abiding citizens. Penitentiaries came into existence because of such men as "Oregon" Jones and Murray and to protect society against them, but the "tender" hearted men and wo-

men have reversed this. If a man is bad enough to be sent to the pen he is bad enough to be kept under subjection. Spread your love over the young generation now while they are susceptible to it, not after they have become hardened criminals and are in the penitentiary.

**Health and Home**

**FEEDING BABY DURING SUMMER**

Milk is recognized as the ideal food for young children. It should be carefully guarded during the warm summer months, to insure its freedom from germs or bacteria that might cause harm to the child. Because of its nature, it is, under certain conditions, a breeding and propagating ground for germs and may soon become unfit for use unless it is handled with the utmost care and vigilance. Perhaps the ideal way to obviate this risk is through the use of evaporated milk. This milk is only pure milk with sixty per cent of the water removed from it and is absolutely sterile. It is of double richness but may be modified by the addition of water, which will return it to its original volume with a greatly enhanced food value.

Evaporated milk is sterilized and has a high nutritive content. This causes it to be a very excellent food for the young child and the infant. In fact, many of the leading pediatricians of the country advocate its use after the child is deprived of its mother's milk. A formula, evolved by these pediatricians, through experimentation, is as follows:

**From Sixth Week to Third Month.**  
Milk, evaporated ..... 4 ounces  
Lime water ..... 2 ounces  
Milk sugar ..... 2 ounces  
Billed water ..... 26 ounces  
Seven feedings in twenty-four hours; 4 to 5 ounces at three-hour intervals during the day and four-hour intervals at night.

**From Third Month to Fifth Month.**  
Milk, evaporated ..... 7½ ounces  
Lime water ..... 3 ounces  
Milk sugar ..... 2 ounces  
Billed water ..... 29½ ounces  
Six feedings in twenty-four hours; 5 to 6 ounces at three-hour intervals during the day and a feeding at 10 p. m.

**From Fifth to Seventh Month.**  
Milk, evaporated ..... 10 ounces  
Lime water ..... 3 ounces  
Milk sugar ..... 2 ounces  
Billed water ..... 29 ounces  
Five feedings in twenty-four hours; 6 to 7 ounces at four-hour intervals, the last feeding to be given at 10 p. m.

**From Seventh to Ninth Month.**  
Milk, evaporated ..... 11 ounces  
Lime water ..... 3 ounces  
Milk sugar ..... 2 ounces  
Billed water ..... 35 ounces  
7 to 8 ounces at four-hour intervals during the day. Last feeding at ten at night.

**From Ninth to Twelfth Month.**  
Milk, evaporated ..... 12 ounces  
Lime water ..... 3 ounces  
Milk sugar ..... 2 ounces  
Barley water ..... 34 ounces  
8 to 9 ounces at four-hour intervals during day. Last feeding at ten at night.

**Seats Made to Sit On**

Southern Pacific expends over \$10,000 annually to plush line the public's foot rest, says Geo. McCormick, general superintendent of motive power of the railroad, in which he revealed that in 1924 the company spent over \$10,140 for plush cloth to reline car seats worn out as a foot rest. Over 1449 seats were foot-worn during that year and had to be repaired at a cost of \$1.33 per seat.

Railroad officials disclaim belief that the manners of the traveling public differ radically from their home manners. They maintain, however, that they are at a loss to explain the disregard of some passengers for the proper use of seats and their sanitary condition.

**Visit in Yamhill County**

D. M. McKnight and family spent Sunday and Monday with relatives in Yamhill County. At McMinnville they visited Mr. McKnight's sister, Mrs. Chester Coffey, and Mrs. McKnight's sister, Mrs. Ivan Pearson, Zona Ray, a bride of last week. At Carlton they visited Mr. and Mrs. Kenneth Miller, Essie Ray, and their new baby, Dorris Jean. Esther remained for a longer visit.

**LOW FARES TO PORTLAND AND RETURN**

Comfortable, economical service daily.  
Safe, dependable trains at convenient hours  
\$3.30 roundtrip week-end ticket; start Fri. Sat. or Sun. Return limit Tuesday following.
