No. 10

Dairy Cow Testing and Feeding Demonstration

SEGIS PIETERTJE PROSPECT—221946

World's Record Cow for Milk Production—37,321.4 Pounds in One Year. Born April 10, 1913, Died March 10, 1925. Owned and Developed by Carnation Milk Farms, Seattle, Washington.

One of the features of the Dairy Section at the Pacific International Livestock Exposition, Portland, October 31st to Nov. 7th, will be a demonstration of testing for butterfat and cost accounting of feed of two groups of dairy cattle, using five average Oregon cows in one group. These cows will give about 4000 pounds of milk per year, which is about Oregon's standard and the standard of the United States, too.

In another group will be five purebred cows, featuring each of the five well-known breeds whose production will be from 8,000 to 13,000 pounds of milk per year. Purebred cattle have productions of more than this amount but it is thought to impress the public of the desirability of owning a string of well bred cows which shall give at least twice as much as the average Oregon cow—the cost of these cows being not greatly in excess of good grade cows and with a possibility, during times when calves are in demand, of making for their owners,

on top of their milk and cream check, some added money from their off-springs.

Prof. P. M. Brandt of Oregon Agriculture College has been requested to take charge of this exhibit which will also feature daily tests for butterfat by accredited testers of the state so that lay people may get a close-up of what testing really means. A chart for each animal will show exactly the amount of milk they produce at each milking and the exact amount of butterfat in their milk for that day. The amount of feed given to each of these animals in the various groups will also be tabulated, which will clearly show that, although an animal giving a good flow of milk takes more feed than a scrub animal, that the differences in this amount of feed do not correspond to the difference in production.

This exhibit will be housed prominently in the dairy barn and is expected to attract a great deal of attention.

School Books Come High

A subscriber, in fact a number of them, have complained to us about the high cost of school books. This subscriber said the books required for two small children amounted to nearly \$8.00, and no doubt the higher the grade higher the cost. Surely something is wrong when the state textbook commission selects such high priced books, or allows the producers to stick on such prices as they see fit. If the costs soars to a higher cost next year, it is probable the people will demand that the state print them. Portland had to take up a collection to furnish her poor families with school books. We refrain from saying what we would like to about the school book trust because of decency.

Enjoy Venison Dinner

Mr. and Mrs. R. M. Shelton were hosts to several members of their families at their home Sunday. A venison dinner was served at noon. Those present were: Mr. and Mrs. W. S. Carpenter, Mr. and Mrs. E. C. Shelton, Mr. and Mrs. Fred Roadarmel, Mr. and Mrs. E. J. Holland, Mary and Raymond Harris, and the hosts and their daughter, Ardith Shelton.

Trade Property

Mr. and Mrs. Joe Kalina have traded their 128-acre farm southwest of town to Jack Hoida for a property in West Albany. Mr. and Mrs. Kalina are moving to their new home this week and Mr. Hoida is already located on the farm.

Notice!

We have quit handling meat for the winter, but will begin again next spring.

We thank you for your trade in the past and will see you in the spring.

Sterl Goin in Accident

According to the Jefferson Review, Sterl Goin met with a painful though not serious accident while on his way October 3rd to attend the G. M. Marlatt funeral at Beuna Vista. Mr. Goin was driving, and with him were a cousin and his wife. The Review says Mr. Goin cut the corner at Church and Second street too close and struck an incoming car with such force that his head was thrust thru the windshield and badly cut, while the occupants with him were unhurt. Fortunately both cars were traveling slow and the damage to each was slight.

Must Have the Tribune

We are in receipt of the following letter from Mrs. J. H. Wortman, who has recently gone from route 1 to Idaho.

Dover, Idaho, Oct. 13, 1925,
Editor McAdoo,
Dear Sir:
Please send the Tribune to me. I am away up here almost amongst the clouds again and must have the home happenings. I find everything flourishing and prosperous, but rather dry weather.

As Ever,
Mrs. J. H. Wortman,

Dislocated Elbow

Tuesday afternoon while working in the Jungwirth Bros. sawmill, near Jordan, Peter Schwindt, 21, had the misfortune to dislocate his right elbow. Just how the accident occurred we did not learn. He was brought to Scio, and Dr. Prill set the injury, who also took an x ray to determine if any bones were broken.

Baptist Church Notes

Sunday school at 10 o'clock every Sunday morning. Everybody is invited to attend.
Christian Endeavor every Sunday evening at 6:30.
Prayer meeting every Thursday night at 7:30.

Long-Mumper

Marvin Long and Miss Aileen Mumper were married at the Baptist parsonage in Albany at 3 o'clock Saturday afternoon, the immediate families being the only guests. In the absence of the Baptist minister Rev. W. H. Lee of Albany College performed the ceremony, using the ring ceremony. The bride wore a beautiful gown of brown canton crepe.

Mr. and Mrs. Long left in the later hours of the afternoon in their car for California, where they will spend the winter and perhaps locate permanently if Mr. Long's health is benefited by the southern climate.

Marvin is the second son of Mr. and Mrs. M. P. Long of Scio. He has spent all his life in this community. Mrs. Long is the oldest daughter of Mr. and Mrs. Fred Mumper, who came here two years ago from Cottage Grove.

Both Mr. and Mrs. Long are popular in the community and were favorites with the young people of the Baptist church, who with the Tribune, extend congratulations and wish them many happy years of married life.

Road Work About Finished

Road work in this section is about finished for this year, but more is to be done next year. The West Scio-Munkers road is nearing completion, the delay being occasioned because the crusher could not furnish the gravel fast enough for the trucks. A longer bridge takes the place of the two near the Tom Quigley place. Riley Shelton is about through with Leffler hill and Mel Arnold is about through with the new road at Shelburn.

Married 50 Years

Nearly 100 relatives gathered recently at the McElmurry home—stead near Independence to help celebrate the golden wedding anniversary of Mr. and Mrs. S. H. McElmurry, who were married at Scio, Sept. 27, 1875. Mrs. McElmurry was America Crabtree, is a niece of Mrs. S. W. Gaines, Mrs. Rebecca Morris, Mrs. Phoebe Turner and Newton Crabtree.

Dedication Program

Beginning Friday night, Oct. 16, at 7:30 o'clock, the new 500 watt broadcasting station at O A C will broadcast its dedication program, consisting of musical numbers, features, talks by Gov. Pierce, J. K. Weatherford, Dr. W. Weniger, Paul Petri, B. F. Irvine, George A. Palmer and Paul V. Maris, with W. A. Kadderly announcing. This will be a splendid program and radio fans should listen in.

Members of the board of regents will participate.

Free Motion Pictures Friday Night at the Gymnasium

The State Game Commission pictures will be shown to the people of this section on Friday night, Oct. 16, in the gymnasium. These are moving pictures of the wild life of the state of Oregon, and are highly educational, and should be seen by all who are interested in conserving our resources in that line.

The Game Commission has its own portable projector, and this with four reels of pictures will be shown on the screen that night by F. C. Stellmacher, representative of the Commission. Two reels of intensely interesting pictures entitled "Oregon Recreation," covering scenes taken at Diamond Lake in southern Oregon, where the State Game Commission takes from 16,000,000 to 20,000,000 rainbow trout eggs annually. Just a few years ago there were no fish in this lake, and after being stocked by the game authorities, has become the greatest egg taking station in the state, if not in the nation. It is open to fishing and some wonderful catches have been made there this year. Scenes of planting fish, showing manner of doing so, and also in a measure illustrating the labor and difficulties encountered in doing so. Scenes of fish and fishing are also shown, and the ardent devotee of rod and line will be certain to get a thrill.

The trapping of predatory animals, showing methods used and results obtained from this work is certainly worth while. The final reel shows the winter feeding of game as carried on during the winter months. This is highly interesting and in detail shows what is necessary to preserve the game and wild life during the extremes of winter weather.

The school children are especially invited to be present to see these pictures. They are educational and entertaining and of such a character as to leave a lasting impression on their minds of the wonderful resources the state possesses in its game, and teaches the value of these things to them and the need of conserving and protecting it.

The show is to be at the gymnasium, is free and everyone is invited to come and enjoy the evening. It begins at 8 o'clock.
Yes, it's free; no collection.

Thanks Toledo Lodge

The I O O F and Rebekah lodges, through their joint committees, want to publicly extend their sincerest thanks to the Toledo lodges for the many kindnesses and brotherly love extended to our late brother and member, Malcolm Miller, in his last sickness which caused his death. Every dark cloud has its silver lining, and at this time it was your exemplification of the teachings of our noble orders.

Wm. Young,

Con Donohue,

Arch Ray,

For the I O O F.

Mrs. Riley Shelton,

Mrs. B. A. Holteen,

Mrs. Frank Sommer,

For the Rebekahs.

W. A. Neal Undergoes Knife

For a good many years W. A. Neal has been a silent sufferer from bladder trouble, and last Friday he was taken to Salem, where he was operated on Saturday. He withstood the ordeal in fine shape, and if nothing unforeseen happens he will undergo another operation early next week. Last reports from his bedside said he was doing fine.

With Mr. and Mrs. Lardon

Mr. and Mrs. Paul Lardon gave a six o'clock dinner at their home Wednesday evening having as their guests Mrs. Colene Walters and son of Seattle, Mrs. A. W. Hagey, Mrs. Ella Munkers, Mr. and Mrs. C. W. Bragg, Thomas Large and Con Donohue.

The dinner was followed by an evening at cards.

Next Tuesday Night

Next Tuesday night will be a red letter night for the Knights of Pythias lodge, for the Silverton lodge is going to pay a fraternal visit to the Scio lodge. It is hoped by the officers that every member will be present. Refreshments will round out a fine evening.

E. E. Brodie Visits

Mr. and Mrs. E. E. Brodie of Oregon City were in Scio Thursday. Mr. Brodie was formerly minister to Siam, and is editor of the Oregon City Enterprise. He tells some interesting things about the people of Siam and their ways.

Many of Mr. Brodie's friends are urging him to run for United States senator to succeed Senator Stanfield, as they believe he is the outstanding man in Oregon at the present time capable of wearing the toga.

Exhibit at International

Millard and Donald Shelton are grooming their prize winning sheep for the Pacific International Live Stock Show, which opens at Portland on Oct. 31 and runs through Nov. 7. The boys have been very successful in all their entries, and we hope they will be in this.

These two boys are proving that farm life holds its reward, and that the bright lights of success shine on those who work for it.
