Would a cannery pay here? Why not? Tell us what you think.

With snow and cold in the east, the Willamette valley is basking in springtime with flowers still in full bloom. No place like the good old Willamette valley.

With the West Scio road being scarified and dragged it should be more comfortable for our friends to come into town. Good roads make friends closer, while bad roads make us cuss a blue streak—especially if we break an axle or get mired.

Who said old dobbie had gone and would never come back? He was in Portland 1000 strong during the stock show and he was the center of attraction. Yes, he's still with us and always will be. And in more ways than running, trotting and jumping.

There seems to be a good roads impetus in this community, as nearly all districts that have held meetings have voted the desired tax. At Jordan \$4500 was voted. Good roads makes a poor farm worth a lot more, while bad roads cheapen a good farm, hence the road building.

There are more people "at the switch" these days and nights than ever before. They are "tuning" in on some program and Jimmie and Jennie are interested. "The home" is thus becoming more like home should be with a happy, contented family sitting around the old fireplace. The radio is a wonder and is working wonders.

Now that the Scio Condensery is installing machinery to make powdered milk, butter and cheese, this community will be more prosperous than ever before, as a market is thus opened to handle all the milk that can be produced here. No doubt other lines will be added as support and demand require. This concern is worth a lot to this community and should be encouraged.
