Solved: Your Christmas Gift Problems for 1925

The gift that carries the spirit of Christmas; the gift made for the people who are tired of the extravagance of meaningless Christmas presents; the gift that increases in value as the years go by; the gift that strengthens friendships and is always appreciated; the one and only gift that will not leave your bank account a total wreck after you have remembered all your friends.

Your Photograph

As more people each year are giving photographs it is absolutely necessary that a large share of the pictures be taken early in Nov., and as an inducement to do so will give from Nov. 2 to 16 an 11x14 enlargement with every \$6 order or over. Positively no large picture will be given after that date. Outside of a small deposit at the time of sitting, pictures need not be called for till Christmas.
