MICKIE, THE PRINTER'S DEVIL

Well Covered

Far From It
His Wife—I suppose you think you've married a mere butterfly.
Her Husband—Not on your life. A butterfly makes one costume last her a lifetime and it costs nothing at all to feed her.

Take Him Away
"Who is that man?"
"That is a man with one eye named Everitt."
"What's the name of the other eye?"
—Texas Ranger.

Round Handkerchiefs
"Your handkerchiefs are round, professor. Why is that?"
"I used to tie knots in the corners to remember things, but this is my wife's plan to cure me of the habit."
—Der Brummer, Berlin.

Oyez, Oyez
"I just saw our next-door neighbor descending a ladder from her second-story window."
"Depend on't, there must been a man at the bottom of it."

Lower Case C—I'm terribly ill.
Capital F—Ah, yes, a "little C" sick!

Pitcher—I hear you got caught in the rainstorm last night.
Bell—Yes, and I got ringing wet.

Heartless
"Come across now. Where did you put them diamonds?"
"I shoved 'em back, sir."
"Back where?"
"Back with the rest of the deck."
—Pitt Panther.

The Wind-Up
"How's the business going?"
"Like clockwork."
"Why, I heard you had failed."
"So I have. They've just wound up the business."

Local Pride
Kansas Men—Yes, I went to Boston.
Friend—They're proud of their public library, I hear.
K. M.—They are as proud of that library as if it was a winning baseball team.

Changing Times
Blink—Times have changed.
Jinks—I'll say. It used to be when a man was run down he took a to-to, now he takes an ambulance.

"They haven't missed a single day at school!"

"They're well all the time. The doctor says they are the healthiest children he knows."

"He told me constipation is what makes so many growing children sickly. Poisons from the waste matter spread through the little bodies, and lower their resistance to disease. So I'm very careful to guard against constipation. I simply give them a little Nujol every night."

"Nujol isn't a laxative at all, you know, but it keeps them just as regular as clockwork. They like it, and the doctor says it's just the thing for them."

Nujol helps Nature in Nature's own way

Mothers are the best friends of Nujol. When their children's health is at stake they seek the remedy that medical authorities approve because it is so safe, so gentle, so natural in its action.

Constipation is dangerous for anybody. Nujol is safe for everybody. It does not affect the stomach and is not absorbed by the body. Nujol simply makes up for

a deficiency—temporary or chronic—in the supply of natural lubricant in the intestines. It softens the waste

matter and thus permits thorough and regular elimination, without overtaxing the intestinal muscles.

Nujol can be taken for any length of time without ill effects. To insure internal cleanliness, it should be taken regularly in accordance with the directions on each bottle. Unlike laxatives, it does not form a habit and can be discontinued at any time.

Ask your druggist for Nujol today and let your children enjoy the perfect health that is possible only when their elimination is normal and regular.
